

DISCUSS FILM—Dr. Abner Clark, left, president of Educational Films for the Jackson County unit of the American Cancer Society, discusses the film, "The Other City" which will be showing Tuesday and Wednesday at the Holly theater, with Mrs. Warren Bayliss (center) and Mrs. Reese Alexander, who are helping on the project. There will be no admission charge for the film and baby sitting will be provided, Dr. Clark said. The color film is a vivid dramatization dealing with the danger signals of cancer, aimed at preventing 75,000 needless deaths from cancer each year.

Special Educational Film to Be Shown in Theaters This Week

A special educational film, "The Other City," will be shown in Medford and Ashland this week by the Jackson County unit of the American Cancer Society, Dr. Abner Clark, chairman of educational films, has announced.

The film depicts an imaginary example of a ghost town in Wisconsin resulting from the "75,000 needless deaths from cancer each year," which could have been prevented by personal responsibility, Dr. Clark said.

The film is designed to educate the public to the seven ways to live, and the need to act early when any one of the seven danger signals of cancer appears.

Times of Showings
Medford showings will be at the Holly theater at 8 p.m. Tuesday, March 22, and at 10 a.m. Wednesday, March 23, Dr. Clark said. It will be shown at the Varsity theater in Ashland Thursday, March 24, at 10 a.m.

There is no admission charge for the three scheduled showings, Dr. Clark said, and tickets are being distributed as a means to acquaint people with the time and place, but one is not necessary to view the film.

Dr. Clark said both men and women are urged to view the film. He also stressed the advantages of early detection of cancer in order to prevent another "ghost town" of 75,000 cancer deaths next year.

At both Medford showings, baby sitting service will be provided by Medford High school girls through the courtesy of Mrs. Grace Berg, dean of girls. Hostesses will be Mrs. John Day, Mrs. Brandt Bartels, Mrs. Ralph Thompson, Mrs. R. G. Barnes, Mrs. L. W. Bates, Mrs. Fred Lewis, Mrs. Ray Casterline and Mrs. L. Scott Ellis. Mrs. Warren Bayliss is chairman.

Hosts Tuesday night will be Drs. Clark, Paul Walker and Orval Eaton, with Floyd Eastwood, Darrell Miller, R. H. Renner, Bob Hart and Joe Moore assisting.

A panel of doctors will speak on all phases of cancer detection and treatment, and will invite questions from the audience following all three film showings, Dr. Clark said.

Dr. Thomas Tinsley is chairman and moderator of the Medford showings with Drs. Ralph Odell, H. L. Boehnke, Earl Lawson, Robert Reichers and John Watson assisting.

Hostesses at the Ashland showing will include Mrs. M. E. Robertson, chairman, and Mrs. Robert Boyce, Mrs. Henry Padarta, Mrs. John Delsman and Mrs. Carl Hillstead. Baby sitting will be provided in the basement of the public library by Mrs. Earl Schilling, Mrs. L. I. Martin and Mrs. Harvey Sorenson.

Moderating the Ashland panel will be Dr. John Reid. The panel will include Drs. Thomas Tinsley, C. P. Hald, Duane Gillum, John McLaughlin and William Miller.

Public Warned of Census Pretenders

A warning to the public against persons posing as census takers has been issued today by Don McNeil, manager of the Medford Chamber of Commerce.

Census enumerators April 1 will start ringing door bells in the task of counting the nation's population. "A scattering of opportunists invariably take advantage of this operation to pose as census takers in order to get into homes for sales purposes, he said.

McNeil cautioned the public to be on guard against such pretenders. "An individual who falsely represents himself as an enumerator in the 1960 census of population and housing is taking a chance which might result in a \$1,000 fine and three years prison," according to McNeil. They will be prosecuted under federal law.

The census bureau advises householders to request persons representing themselves to be census enumerators to show their credentials. The 1960 census takers will wear a red and blue badge bearing the official seal of the U.S. department of commerce, and carry a portfolio bearing the legend "1960 census of the United States."

Mental Hospital Is Subject of Film

The first in a three-part documentary report on Oregon's mental hospital will be shown over KBES-TV at 11:30 o'clock this morning.

The programs were filmed last summer and fall at the state mental institutions in Salem, Pendleton, The Dalles, and Wilsonville, where the F. H. Dammasch state hospital is under construction.

Today's film shows a patient from the time of her entrance to the mental hospital in Salem, through her examination, diagnosis and therapy program.

Area Men Guests Of MONY Head

The southern Oregon unit of the Mutual of New York underwriters were guests of the company's president, Roger Hall, New York, at a dinner in Portland recently.

The group was presented a citation for outstanding salesmanship, and setting sales records for the Portland agency.

Also attending the banquet were Stanton Hale, vice president of MONY sales, New York, and Wilbur K. Hood, manager of the Portland agency, which also includes the southern Oregon unit.

Tom Teutsch, Medford, is assistant manager of the southern Oregon area. Several members of the local group have made outstanding achievements on a national scale.

Woodland Owners Should Order Trees

Salem — Farm woodland owners and forest land managers who are planning reforestation projects this spring must have their tree orders in the office of the state forester, Salem, not later than April 1, according to Chief Farm Forester Charles H. Ladd.

In case planting cannot be undertaken for some reason until later in the month, the state maintains refrigeration facilities at the nursery and trees can be held in a dormant condition. However, they must be removed prior to May 1, Ladd added.

The forester indicated that trees available include Douglas fir, ponderosa pine, Scotch pine, Monterey pine, incense cedar and Chinese arbutus in the evergreens. Hardwoods include black locust, Russian olive, Russian mulberry, Chinese elm and casahuate.

He cautioned that the Douglas fir, Monterey pine and the casahuate are suitable only for western Oregon while the Chinese arbutus is strictly an eastern Oregon tree.

Order blanks may be secured at the county agents' offices or headquarters of the various state forestry officials, Ladd said.

About 3.5 per cent of all children in the United States have divorced parents.
