

Lenten Period of Paramount Importance To Greek Orthodox

BY THE REV. MELETINOS TRIPODAKIS Archimandrite of the Greek Orthodox Church of the Annunciation San Francisco Written for UPI

The period of Lent preceding Easter is for us, the Greek Orthodox Christian, of paramount importance. It is holiest and salutary because it invites the faithful children of the Orthodox church all over the earth, first, for our

souls recomposure, for our spiritual renaissance and recreation and second; because it prepares the Christian Orthodox world of the universe to live once again the horrid passions and the death on the cross of the God-Man, Jesus, for the salvation of the people, one hand, and to celebrate the glorious resurrection of our Saviour on the other; for our spiritual resurrection and the soul's salvation.

Therefore what invites us to this period? First of all, to disavow deeds of sin, to disrupt all ties with wickedness. To liberate ourselves from passions of the body, and soul, to repent earnestly; to seek and give forgiveness; to confess; to have as our motto, prayer and faith; to abstain from food within our measure and to exercise temperance to sin in general. To attend church in order to receive Holy Communion, in God's fear, love and faith. To toil for good and kindness for the sake of everyone. To become the light in the world and the salt of the earth. (Math. 5:13-14.)

Outdoor Group To Conduct Regional Meet at Portland

Washington—Chairman Lawrence S. Rockefeller has announced that the Outdoor Recreation Resources Review Commission will hold the first in a series of regional meetings in Portland, Ore., on March 24. Representatives from Oregon, Washington, Montana and Idaho will attend.

The meeting will review progress of the commission in studying the needs of the nation for outdoor recreation. The states will be asked to brief the commission on state and regional problems. They will also be asked to review the commission's plans for its inventory of state recreation resources.

State contact officers, appointed by their respective governors, are Dan P. Allen, Oregon; J. W. Emmert, Idaho; Robert F. Cooney, Montana; and George Prescott, Washington. Other officials responsible for state outdoor recreation programs have been invited.

The recreation sub-committee of the Columbia Basin Inter-Agency committee, headed by Marshall Dana, will also attend the meeting. This sub-committee has long been concerned with the problems of outdoor recreation in the Northwest.

The Portland meeting is the first in a series of regional conferences which ORRRC will hold throughout the country. Later meetings will be held in Minneapolis, Salt Lake City, Oklahoma City, Atlanta and New York.

Prepink Sprays Recommended

The prepink spray should be applied for scab control as soon as the buds are separated in the cluster, Clifford B. Cordy, county horticultural agent recommended today to all fruit growers.

On Bartlett and Bosc use 8 gallons liquid lime sulfur or 12 pounds polysulphide per acre, Cordy recommended. For D'Anjou, Comice, Nellis and Seckel varieties use 7 pounds Ziram or Ferbam per acre. If mildew is a problem on D'Anjou use 24 pounds Kolofog per acre.

Add 6 pounds Parathion per acre to the above mixtures on all varieties, he suggested. However, do not allow lime sulfur and Parathion to stand after being mixed in the tank, he warned.

Persons not wishing to use Parathion may use Diazinon instead, both Cordy and L. G. Gentner, entomologist of the Southern Oregon Branch Experiment station, recommended. Both men do not recommend Malathion as a substitute for Parathion.

Salem — UPI — Members of the Legislative Interim Highway committee agreed Saturday that Oregon issues too many permits to commercial vehicles. Some of them appear to be unnecessary but required under present law, they said.

Woman Injured in Two Car Collision

Ashland — A 19-year-old Klamath Falls housewife was treated for possible neck injuries following a two-car collision at the intersection of Highway 99 and Grant st. here at 3 p.m. Saturday.

Mrs. Maxine Adams, wife of Raymond C. Adams, 22, driver of one of the cars, was taken to a private doctor. Driver of the other auto was Reid N. Johnson, 30, of 164 B st., Ashland.

Damage to both vehicles was moderate and no citations were issued.

Crow-Killer Helped By Hi-Fi Records

Idabel, Okla. — A battery operated hi-fi record player and some crow call records have put Herbert Derryberry in the crow killing business in a big way.

He can call crows from several miles away. Unless he kills 35 to 40 a day he does not consider it much of a hunt.

Portland — UPI — Juvenile Judge Philip B. Gilliam of Denver Friday night called for a return to self-discipline in a speech before the closing session of the annual Oregon Education association convention here.
