Police Continue Probe of Knifing

Ashland – Ashland city police are continuing their investigation into a knifing incident which occurred in Lithia park earlier this week involving a 15-year-old Ashland girl and a Medford woman.

No charges have yet been filed as a result of the incident, police said, although the girl is presently in protective custody at the county juvenile detention home.

Mrs. Ruby Martindale, 31, of 424 Western ave., Medford, sustained cuts on three fingers. She claims the girl attacked her with a knife, according to police.

However, the girl contends she knifed Mrs. Martindale only as an act of self-defense, after the woman had accosted her, police said.

Wheeler Residents To Get TB Tests

Portland (UPI) – State health authorities said today all 2,650 residents of Wheeler county would be given a tuberculin skin test.

They said the test was being given to seek persons who possibly were exposed to tuberculosis last year by a millworker who was then unaware he had the disease.

Health officials said that outside of the one case no TB had been detected in Wheeler county for the past five years.

They said tests would be given by a registered nurse now employed by the Wheeler county school system. It is the first mass test program of its type to be tried west of the Rocky mountains, board of health officials said.
