### YMCA Youth Legislature in Joint Session

Salem - UPI - The 1960 YMCA youth legislature got under way today in its first joint session with the inauguration of 17-year-old Gov. Mike Walsh, Portland.

This year's mock legislature drew about 250 boys and girls from throughout the state.

Gov. Mark Hatfield addressed the group this morning.

President of the Senate is Jan Kelley, Coos Bay, David Slabaugh, La Grande, the speaker of the House. The session ends Saturday afternoon.

Senate and House committee meetings were scheduled to take up much of the time today in both the morning and afternoon. Debate of bills will begin Saturday morning.

**Would Abolish Primary** - Among the bills being worked upon by Senate committees were those providing for youth recreation halls, a governor's mansion, lowering of the voting age to 19 and a requirement that all cars in Oregon be equipped with both inside and outside mirrors.

Bills proposed in House committees were more radical. Three of them would abolish the Oregon presidential primary election, the board of control and capital punishment. Others would create at least four junior colleges in Oregon, enable voters to cross party lines in the primary, and raise standards of migrant worker housing.

Another bill endorses the Oregon Dunes National Seashore park.

### Local Man Pleads Guilty to Charge

Nathan Kern Mills, 2743 North Pacific highway, Medford, appeared in district court this week on a charge of engaging in and carrying on a business of installing electric wires for another without a license.

Mills pleaded guilty to the charge, and Judge E. Roy Bashaw suspended imposition of sentence for three years. He was placed under court probation and instructed to pay \$5 court costs.

Conditions of the suspended imposition are that Mills not engage in electrical work, electrical contracting, supervising electrical installations or do journeyman's work or any other activity requiring a license without permission of the district court.

The complaint against Mills was signed by Trubert V. Henderson, electrical inspector for the state bureau of labor. He was charged with installing electrical lines in Jackson county without filing an application for a license with the commissioner of the bureau of labor in Salem.

### Strike May Extend To TV Writers

Hollywood - UPI - Members of the Writers Guild of America Thursday night voted authorization for the union to extend its strike to writers of "live" shows on major television networks.

Guild contracts covering writers of news and other live shows expired Thursday night at NBC, CBS, and ABC. The contracts cover about 300 writers.

Negotiations were still underway, however, and no strike date was set, a guild spokesman said.

A strike, permitted under the same authorization, could also be widened to embrace some 50 independent TV film companies, the guild announced.

Columbia, S.C. - UPI - Dr. Julian Salley, irked by his wife's bragging about the hole-in-one she carded on the hole-in-one of the Forest Lake golf course last week, went out this week and shot a hole-in-one on the same green.

### Porter Attorney Argues for Trip To Red China

Washington - UPI - Rep. Charles O. Porter (D-Ore.) would be perfectly safe if allowed to go to Red China and should be permitted to do so by the State Department, his attorneys argued in the U.S. Court of Appeals Thursday.

Porter is asking the court to upset a federal ruling that the State Department has authority to forbid him to travel there.

**Safety Admitted** - His attorney, Joseph L. Rauh Jr., said the government has admitted Porter would be safe. He cited congressional testimony by Assistant Secretary of State John W. Hanes Jr. that "I am quite certain that the Communist Chinese would make very certain that nothing happened to him, because it would be to their propaganda advantage to see that nothing did."

**Right To Investigate** - Rauh said congressmen have the right and duty to investigate things for themselves, even if not under a specific legislative function authorized by Congress.

Rauh said the government claims allowing Porter to go to Red China would indicate a change in policy.

"I don't think congressmen are to be used as pawns that way," he said.

The court took the case under advisement.
