Public Meetings Set on Budget

Three more public meetings are scheduled this week in the Medford school district at which the proposed budget for next school year will be discussed.

The meetings, which started earlier this month, are being sponsored by Parent Teacher associations and Mothers' clubs, but officials of those organizations pointed out that the meetings are open to anyone interested in discussing the proposed budget.

One meeting is scheduled at 8 p.m. Tuesday, April 19, at Ruch school. Dr. Leonard B. Mayfield, superintendent, and Frank Bash and Keith Hockersmith, board members, plan to attend to answer questions.

Meetings are scheduled at 2:30 p.m. Thursday, April 21, at Washington and Oak Grove schools. Russ Acheson, assistant superintendent, and William (Bill) Barker, chairman of the school board, are scheduled to attend the Washington meeting, and Dr. Mayfield and Otto Ewaldsen, board member, are scheduled to attend the Oak Grove meeting.

An election on the proposed \$4,409,756.48 total budget for next fiscal year will be held in the district May 2.

Bids to Be Opened On Highway Jobs

Salem — Bids for resurfacing 4.53 miles of the Ashland-Neil Creek rd. section of the Green Springs highway will be received in Salem Tuesday, April 19, by the Oregon state highway commission.

Plans call for resurfacing the existing roadway with 1 1/2 inches of asphaltic concrete to a 22 foot width flanked with stone shoulders of varied width. The project is scheduled for completion by the middle of August, 1960.

An additional project calls for the construction of four reinforced concrete structures consisting of three under-crossings over the new Pacific highway at Seven Oaks interchange, Upton rd. crossing and Central Point interchange, and a bridge over Bear Creek to provide an improved stream crossing for Upton rd.

Site of the project is about 2 1/2 to 3 miles northwesterly of Medford. Since detours are provided under the structure sites, there will be little interference with traffic. The project is scheduled for completion by spring, 1961.
