Race Field Totals 66

Indianapolis, Ind.—UPI—A field of 66, including 14 shiny new roadsters, will battle for the 33 starting positions in the 44th annual 500-mile speedway auto race and an estimated record purse of \$350,000.

The management announced receipt of 14 additional entries—all postmarked prior to the April 15 midnight deadline—making this the largest field since 1953 when a record 83 racers were nominated.

SIGN BOYCOTT CARDS

New York—UPI—AFL-CIO President George Meany, Vice President Walter P. Reuther and other top union officials Tuesday signed pledge cards saying they would boycott stores of the F. W. Woolworth Co. and other chains which refuse lunch counter service to Negroes in the South.

Detroit—About 46 per cent of all privately owned automobiles in the U.S. are parked outdoors on streets or in yards overnight.

Majority of Oregon Anglers Expected To Take Advantage Of Opening of Trout Season

Portland—UPI—The state game commission observed today that a vast majority of the more than 350,000 Oregon anglers would be out early and eager Saturday morning for the opening of the statewide general trout season.

Predicted the commission: "By the time the weekend is done, practically every lake and stream opening on that day will get a good working over."

The biggest roadblock to a successful opening day in open western Oregon streams may be the weather if rainy conditions do not let up before Friday.

The commission gave this report on the outlook for the season opening: Detroit reservoir is a good bet for trollers and bank anglers. The reservoir supports a fine population of rainbows, and the Commission plans to augment this by releasing some 100,000 rainbow yearlings this summer. Dexter, Cottage Grove reservoir and Dorena should be fair to excellent.

Streams of the McKenzie area should produce some excellent early season catches. Pre-season plants have been made in many of the streams.

The Clackamas river, open all the way to Timothy Meadows, will receive good plants for the opener.

Coast Streams Closed

Coast streams are closed until May 28, but anglers in northwest Oregon should do well at Lake Lytle, Coffinbury, Spring Lake and Sunson. On the central coast, Devils lake is heavily stocked.

Mercer, Munsel, Siltecos, Sutton, Tahkenitch and Waahnik should all produce well. Southwest Oregon anglers might give Floras and Tenmile lakes a try. Others recommended are Bradley, Empire, Garrison, Loon, Marie and Saunders.

Streams in the Rogue basin remain closed until May 28, but reservoirs and lakes will be open. Recommended are Fish Lake, Squaw lake and Willow Creek reservoir.

Streams in the Rogue basin also remain closed until May 28, but some reservoirs and lakes will be open. Fish lake is usually a good early producer, and good to excellent catches are generally made at Squaw lake and Willow Creek reservoir. Howard Prairie could be an opening sleeper, with trout stocked last year running 14 inches or more in length. Anglers are cautioned that only the reservoir will open, with streams and diversions of the Talent Irrigation project to remain closed until May 28.

In central Oregon, the Metolius and Deschutes should produce well. Both have been heavily stocked. Hood river should produce well, depending on water conditions.

All streams in the Umatilla district are a bit high for best angling but dropping slowly. Eagle Creek, Minam, Innaha, Wemaha, Grande Ronde and Wallowa rivers should be top producers.

Except for the smaller streams and creeks, anglers in southeast Oregon will probably do best in the lakes and reservoirs.

The Commission urged anglers to look over the angling synopsis for bag limits and waters which will open on April 23.

D. C. Mills Ranks 2nd In Javelin

University of Oregon, Eugene—Six of the top Northern division track and field marks were improved last week end as Oregon defeated Washington and Washington State won from Idaho, but the leaders remained unchanged as the teams head into the fourth week end of action next Saturday.

Oregon is at Hayward field against Stanford, Oregon State travels to meet the Cougars and Idaho at Pullman, while Washington goes to California.

The new men ranked among the top three in each event include Oregon's Doyl Burleson in the mile, Sig Ohlemann in the 800, D. C. Mills in the javelin, and George Larson in the two mile.
