**Dairy Club**  
The Rogue River 4-H Dairy club met April 16 at the home of our club leaders, Mr. and Mrs. Ed Parsons. Eight members were present.  
Candy Gail gave a report on bloating. Marilyn Deckman gave a report on her trip to the Cow Palace. We judged a class of dairy animals. The older members helped the beginners with showmanship. Mr. Parsons taught us how to

make rope halters. Refreshments were served.  
Our next meeting will be May 14 at Strickland's home. Zane Strickland, Reporter.  
The regular meeting of the Kandy Kids 4-H Cooking club was held at the home of our leader, Mrs. Doreen Bradshaw, April 13. Plans were made for the Mothers day tea which is to be held at Carol Foote's home May 11.  
After the meeting a discussion on meats was held. Marlene Coffman was leader. The different cuts of meat were described and methods of cooking each were discussed. The next meeting has been

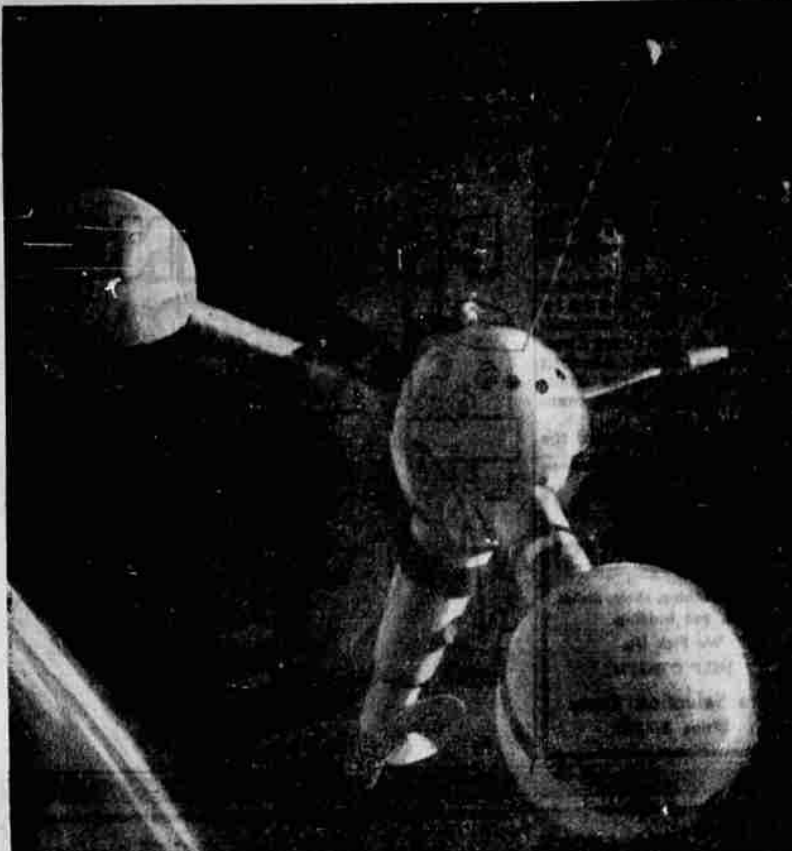

moved up one week, to May 4, because of the mothers tea. The meeting will be at our leader's home.  
Carolee Kuest, Reporter.

**SPACE STATION MAY ROTATE** - The manned space station of the future may rotate continuously like a merry-go-round, according to Fred Payne, North American Aviation, Inc., space engineer, who presented his concept of such a vehicle to the "Manned Space Stations Symposium" at Los Angeles. Finding men to operate them may be like finding lighthouse keepers, he said. (UPI) Telephoto

## The Family Council

Editor's Note: The Family Council consists of a Judge, a psychiatrist, three clergymen, a newspaper editor, a woman's editor and two writers. Each article is a summary of an actual case history. The Council reports on problems that have been dealt with by responsible agencies and counselors.  
**Tom D. - Dad won't help me with a loan.**  
Mr. E. D. - I want to see him get his comeuppance.  
Tom D. - I am 22 and single and my only problems are job problems. I have no trouble getting them, but I do have trouble holding them.  
The trouble is I'm the independent type. I guess my motto is "Don't fence me in." I won't be pushed around. I can't stand having some jerk who doesn't know anything about anything tell me what to do. I learn quickly and I don't want anyone standing over me.  
As a result, I've had about a hundred jobs. There's no future in that. The only thing for me is to go into business for myself. I want to open a diner, but I need help from my dad. I want him to get a loan for me as I haven't been able to swing it. Dad refuses.  
Mr. E. D. - I've always said the worst thing that ever happened to Tom was to be classified 4-F. He has a very slight disability, but the service wouldn't have him. I'd like to see him have to take orders from a tough top sergeant.  
Well, that's water down the drain, but I still think Tom has to learn that everyone has to knuckle under to something or someone. I can't just ride roughshod through life. Maybe I'm a mean, selfish father, but I'd like to see Tom get his comeuppance.  
His mother is on his side and she has been threatening to use some of her own money to help Tom. I've been talking myself hoarse to prevent her, but she has always spoiled him and I suspect she always will.

## Midget Automobile Has Drawback

Wantagh, N.Y. - Small automobiles which are easy to park and are light on gasoline consumption have drawbacks.  
Myron P. Ripton found six-year-old boys can get on top of his foreign model easily. He said their playful activity caused him to spend \$400 to get roof dents ironed out.

OUR guess is that if Tom got his own way and opened that diner he would make a mess of it. He thinks he would enjoy hogging others, but he would find himself completely unable to do it. At least, half the joy of disciplining others involves disciplining one's self, one's own emotions - and this Tom hasn't learned to do.  
Psychologists believe that those who can't get along with authority have a built-in childhood pattern for resent-
