## Voters Produce Some Surprises

By United Press International  
 Voters produced a few surprises in showing presidential nomination preferences at primaries in two eastern states Tuesday.

Sen. John F. Kennedy, a favorite son, had a 9-5 edge over Vice President Richard M. Nixon in balloting in the Massachusetts primary, where candidates' names must be written in by the voter. Kennedy had no opposition for the Democratic state of delegates to the Democratic National Convention, nor did Nixon have opposition in the Republican primary where delegates were chosen.

**Nixon's Vote Sizeable**  
 But in the Pennsylvania primary, Nixon rolled up a sizeable vote, 822,469 with 7,806 of the state's 9,013 precincts counted. The vice president's vote was compared with President Eisenhower's 951,832 in the 1956 presidential primary. Gov. Nelson Rockefeller of New York got 7,611 write-in votes and Kennedy got 2,137 in the Republican column, also as write-ins.

There were no presidential candidate's names on the Democratic ballot. With 7,949 precincts counted, voters gave Kennedy 133,364 write-in votes, Adlai E. Stevenson 19,538, Sen. Hubert Humphrey of Minnesota 9,569, Sen. Stuart Symington of Missouri 5,412, and Sen. Lyndon Johnson of Texas 1,687. Nixon had 6,748 votes in the Democratic primary.

**Turnout Disappoints**  
 Massachusetts' voter turnout was disappointing, with less than 5 per cent of the 2,640,000 registered voters showing. Top state Democrats had sought a big write-in vote for Kennedy, and Democratic Chairman Pat Lynch had predicted he would top the 270,000 write-in votes given Eisenhower in 1952.

Instead, with 1,600 of the state's 1,619 precincts reporting, Kennedy had 90,092 votes and Nixon 50,143.

## Attorney General Asked To Rule on Audit Findings

Salem—(UPI)—Secretary of State Howell Appling said today he has reason to believe the Oregon adjutant general may have been overpaid for many years.

Appling said his audits division has been looking into the matter and an opinion has been requested of the attorney general "as to the validity of our findings."

Brig. Gen. Alfred Hintz, adjutant general of Oregon, was not immediately available for comment. Members of his staff had no comment.

Appling said Oregon law provides an annual salary of \$6,000 plus 60 days active duty in-grade pay for the commanding general of the Oregon National Guard. In another statute, a salary of \$9,000 is designated for the adjutant general.

**Two Salaries Involved**  
 The adjutant general serves as commanding general of the Oregon national guard and Appling said "it appears that there are two positions and two statutory salaries involved, even though it might be possible for the same person to hold both jobs simultaneously."

Appling said the practice of the adjutant general having the added duties as commanding general "goes back years and years" and that the effect has been that the one man filling both posts has received the \$9,000 plus the 60 days of in-grade rate. The \$6,000 salary is not involved, Appling said.

## Market Rallies on Strong Support for Scattered Specials

New York—(UPI)—The stock market rallied in the early trading today on strong support for electronics, motors and scattered specials.

Favorable overnight news helped the market tone today. Auto sales in mid-April rose to their best level since record 1955 and signs of stabilization in steel demand were reported by the heads of two leading steel firms.

Youngstown Sheet reported record sales and earnings in the first quarter and rose more than 1. While U.S. Steel, despite higher earnings and sales, lost nearly a point in the early trading. Republic and Bethlehem firmed.

Du Pont was up a small fraction after opening with a gain of more than 1.

**DOW-JONES AVERAGES**  
 New York—(UPI)—Dow-Jones final stock averages: 30 industrials 810.92, off 0.21; 20 railroads 141.00, off 0.09; 15 utilities 89.19, up 0.14, and 65 stocks 202.72, unchanged. Sales Tuesday were about 2,940,000 shares compared with 2,980,000 shares Monday.

## Financing Medical Insurance Through Higher Taxes Opposed

Washington—(UPI)—President Eisenhower today expressed strong opposition to financing any form of medical insurance through more social security taxes.

The chief executive said the White House was having some difficulty combining dozens of health insurance plans into one workable unit which his administration would submit to Congress.

Pending a decision, however, he said he was utterly opposed to any form of compulsory insurance and this applied equally to financing any insurance plans by connecting it with payments by individuals or employers to the old age survivors program of the federal government.

Other domestic news conference highlights:  
 —Eisenhower has no intention of reappointing William R. Connors to the federal power commission because, as he put it, he thought he could get a better man. He did not elaborate.

—He quoted the Constitution and the Bill of Rights to demonstrate his belief that religion has no part in politics.

This was the President's first news conference since March 30.

Eisenhower has under preparation a special message to Congress urging prompt action on some of his legislative recommendations and urging caution in approving some of the Democratic spending bills.

In reply to questions, he said that one thing holding up this message was the difficulty in coordinating the various aspects of the medical insurance problem and coming up with a single, sensible plan.

In another field, Eisenhower rigidly opposed higher farm price supports, particularly for wheat. He said he knew the farmers were in a bad fix, but that an increase in price supports would just put more wheat in storage, depress prices and make the over all problem more acute.

## Corvallis Police Seize Pinballs

Corvallis—(UPI)—Corvallis police and Benton county sheriff's officers arrested four tavern operators and confiscated five pinball machines here Tuesday.

The operators were charged with making illegal payoffs on the machines. The operators each posted \$250 bail.

City police picked up three of the machines and arrested two operators in taverns in Corvallis. The sheriff's office raided a tavern south of the city and one in Philomath, five miles west of Corvallis.

Arrested were Elton E. Clark, George Doll and J. Lawrence Murphy, Corvallis, and Darrell E. Humbler, Philomath.

The raids were part of a series instigated by District Attorney John B. Fenner.

## SOCTFA Meeting Slated Friday

Candidates for public office from both political parties in Jackson county will be guests at the meeting of a Southern Oregon Conservation and Tree Farm association, Friday, April 29, at the Jackson hotel, Medford.

Each candidate will be allowed a few minutes to discuss his or her political platform, according to T. K. Oliver, Timber Products company, chairman of the legislative committee, who is in charge of program arrangements.

Glenn Duysen, Kogap Lumber Industries, president of SOCTFA, will preside at the meeting and introduce the candidates. A "whistle punk" will be assigned to give a blast on an air horn in case the candidates get carried away by their campaign oratory, Duysen said.

The program has been planned, Duysen stated, to give the candidates an opportunity to learn about the problems facing the lumber industry and to allow association members to become better acquainted with the candidates they will be voting for in the May 20 primary.

A social hour at 7 p.m. in the Pioneer room of the Jackson hotel will precede the dinner scheduled for 7:30 p.m. Only members and their guests and invited candidates will be allowed to attend due to the limited seating capacity, according to Dale Prentice, secretary-manager of the association.

## Necessity To Veto Bills May Cause Ike To Leave Paris Summit Meeting

Washington—(UPI)—President Eisenhower said today the need to veto bills passed by the Democratic Congress might require him to return home from next month's summit conference and turn Big Four negotiations over to Vice President Richard M. Nixon.

Eisenhower defended his plan to allow Nixon to fill in for him at the summit if necessary. The announcement that Nixon might substitute brought cries of "politics" from Democrats.

The summit conference gets under way in Paris May 16. The White House disclosed Tuesday that Eisenhower would have Nixon replace him if "domestic requirements" should compel his return to the United States after spending a week at the Paris meeting.

Eisenhower told his news conference today there are a number of important bills before Congress and some may be passed which should be vetoed.

Eisenhower said the Nixon announcement did not mean that he expects to leave the summit conference before it ends. It simply put the other nations on notice that he might have to do so.

## Korean May Seek Asylum in U.S.

Washington—(UPI)—A U.S. official said today that former Korean Vice President-elect Lee Ki-Poong probably would be admitted to the United States if he sought political asylum in this country.

However, the official said there had been no indication that Lee might come to the United States. In fact, he said, the State Department knew nothing about his present whereabouts.

Lee, President Syngman Rhee's hand-picked candidate who was elected in last month's allegedly rigged balloting, has been missing since rioters shouting assassination threats ransacked his home in Seoul.

## Hatfield Urges Investigator Budget Approval

Salem—(UPI)—Gov. Mark Hatfield called on the state emergency board Tuesday to "reconsider its action when tempers are cooled" and approve the \$41,958 that the state health department requested to implement the new medical investigator program.

Hatfield said he is solidly behind the board of health, health department and Finance Director Freeman Holmer in the matter. Holmer labeled the Emergency Board's action as "legislative irresponsibility," touching off heated remarks from several lawmakers.

**Budget Rejected**  
 The emergency board, composed of legislators, in a meeting here Friday rejected the proposed investigator budget and allowed \$10,000 instead, ordering the health department to absorb the rest of the cost within its current budget.

The health board today officially protested the emergency board's action.

The medical investigator program, which goes into effect next Jan. 1, replaces the county coroner system and provides, among other things, that the state shall perform autopsies.

Hatfield, returning here late Tuesday from Medford said "We are not going to take from the programs of the living to provide for programs of the dead."

Chapel Hill, Tenn.—(UPI)—Mrs. Henry H. Horton, 82, widow of a former governor of Tennessee, died here Tuesday.

## Meeting of Advisory Group Cancelled

A scheduled meeting of the Jackson County Planning Advisory Group tonight at 8 o'clock has been cancelled indefinitely, the county court has announced.

Lloyd Anderson, planning consultant for the bureau of municipal research, who acts as advisor to the group, was called to Eugene because of illness, the county court explained.
