

STUDENTS LEAD TURKISH RIOTERS

BIG BARBECUE — More than 900 prime steaks were cooked on these king-sized outdoor broilers yesterday evening to serve those attending the installation banquet of the 47th annual convention of the Oregon Congress of Parents and Teachers at Hedrick Junior High school. Caterer Henry Fong of Kim's restaurant, Medford, had to have three of the broilers built especially for the job. Nine chefs tended the steaks and serving was done by eight waitresses from Kim's and 40 girls of the Future Homemakers of America. Potatoes for the banquet were baked in the Beck's bakery ovens.

Officers Installed At OCPT Meeting; 900 at Banquet

Delegates and officers of the Oregon Congress of Parents and Teachers assembled at Hedrick Junior High school last night for the one "big party" of the 47th annual convention.

About 900 PTA members and their guests ate a steak dinner, witnessed the annual installation of officers and heard a concert given by members of PTA Mothersingers throughout the state under the direction of Oscar Bjorlie, Southern Oregon college faculty member.

The installation ceremony was conducted by Mrs. Leon Price, Dallas, Tex., publicity chairman for the National Congress of Parents and Teachers.

Installed into office Mrs. Wallace Van Hise, Bend, second vice president; Mrs. George York, Portland, treasurer, and six regional vice presidents. They are Mrs. George McBride, Beaverton; Region I; Mrs. Casey Morgan, Roseburg, Region II; Mrs. Winfield Barnum, Milwaukie, Region IV; Mrs. Lloyd Edward, Springfield, Region V; Mrs. Alonzo W. Elder, Athena, Region VII and Mrs. Albert Gassner, Bend, Region IX. Regions II and VI did not elect this year.

During the ceremony Mrs. Price spoke of the four "L's" of leadership: learning, listening, laughter and love.

In another ceremony Mrs. Leigh Gustison, Medford, congress president who presided, presented Oregon Congress life memberships and pins to Mrs. Price and to Mrs. Jennie Moorhead, Eugene, professor of health education at the University of Oregon who is former Oregon Congress president and former board member of the National Congress.

Signals Said Received From U.S. Distance Flier

Tokyo — A Pan American airplane was reported to-night to have picked up new radio signals from the light plane in which American flier Peter Gluckmann is trying to fly nonstop from Tokyo to New York.

U.S. Air Force authorities had said earlier that Midway Island had lost radio contact with Gluckmann and that he was feared down at sea.

OCPT Favors More State Funds for School Operation

The Oregon Congress of Parents and Teachers today on record favoring legislation which would provide state funds, for about 50 percent of the operating cost of public schools.

Such funds, the Congress agreed, would be distributed on a formula that is fair and equitable to all districts.

Support of such legislation was included in the Congress' legislative platform adopted this morning at Hedrick Junior High school.

Some state funds are now available for public school operation, but the majority of funds for school operation is derived from local property taxes. School administrators throughout the state have been attempting for some years to broaden the tax base for school operations to relieve local property taxpayers.

Other beliefs of the OCPT which the organization said it would support legislatively include: That public education should provide educational opportunities which will enable each child to develop to the maximum of his capacity.

That each school should offer a course of study which will emphasize the basic skills and include such expanded and youth; Alf Mekvold, superintendent of Jackson county schools and Mrs. Mekvold; Mrs. James King, Sherwood, first vice president of the Oregon Congress; Mrs. Stephen Turle, Portland, convention program chairman; Mrs. William Kletzer, Portland, chairman of the governor's committee on children and youth; Dr. Roy Lieuallen, Monmouth, president of Oregon College of Education; Mr. and Mrs. Bjorlie, Mrs. A. H. Monroe, Portland, office manager for the Congress; Judge Charles Goodrich, Roseburg; Mrs. Fred Dalziel, chairman of the teller's committee; Mrs. G. T. Haupt, Medford, food chairman for the convention, and the newly elected officers.

About 175 women sang in the combined Mothersingers chorus which closed the program.

Gluckmann took off from Tokyo Wednesday in a Beechcraft Bonanza in an effort to fly nonstop to New York, an airline distance of 8,500 miles.

curricular offerings as vocational education, kindergarten, guidance and counseling, audio-visual aids, driver training education, and adult education as essential components of the educational system.

Strengthening the program of special education for exceptional children through adequate appropriations for continuation and expansion of services.

Continued improvement of teacher training and in more effective standards of certification as well as other provisions for developing a better teaching process.

Continued and increased support of the OCPT tuition scholarship program as one of the means of recruiting qualified personnel into the teaching profession, and in the appropriation of state funds to assist in teacher training in special education fields.

Continued and increased support for state institutions of higher learning and the facilities to meet educational needs beyond the secondary level.

Support State Agencies Continued and increased support of state agencies developing such services as health, safety, library, recreation, educational television, and family life education in order to fulfill the unmet needs of children and youth.

The Congress also said it would support development of programs for the prevention, control and treatment of juvenile delinquency; protective child labor and welfare laws, and the constant evaluation of existing statutes; improvement of legal procedures that deal with children, youths and families; and strengthening and enforcement of sex crime laws and laws and regulations dealing with the distribution of obscene publications.

Acting Korean President Forms New Government

Vice President, Family in Suicide

Seoul, Korea — Acting President Huh Chang formed a new caretaker government today to wipe out the fraud and corruption of the Rhee regime in a nation shocked by the mass suicide of Vice President-elect Lee Kl Poong and his family.

Huh, known as a man of deep honesty, called on the news cabinet "to wipe out illegals, irregularities, corruption and confusion deeply accumulated" by the administration of Syngman Rhee which ended in near disgrace after a wave of violence.

Summons Independents Huh spoke of the "evil practices and irregularities" of the past and called in six independents to help him forge a government that would bring democracy to South Korea, guard against Communism and end a system of police terror.

Appointments of the new cabinet has one major and immediate effect: It restores the flow of U.S. economic aid, halted temporarily because Korea had no reconstruction minister. U. S. military aid had not been interrupted.

Today's events meant the end of power for Rhee, but his final ignominy was put off. The National Assembly which was to have met and accepted his resignation, probably unanimously, postponed the meeting until Friday because of the Lee tragedy.

Assumed Responsibility Lee, who assumed "final responsibility" for the recent bloodshed and rioting in South Korea, died with his entire family at dawn in a mass suicide pact.

The family gathered in a secretary's apartment at the presidential mansion to face his chosen executioner—2nd Lt. Kang Suk, Lee's elder son and the adopted son of ex-President Syngman Rhee.

At 5:55 a.m., Kang opened fire. He killed his father, his mother Maria and his younger brother Kang Wook with one bullet each from his .45-caliber Army automatic, then turned the pistol on himself.

He committed suicide with a bullet in abdomen and another in his brain.

Mrs. Adland's Trial Scheduled for May 12
Los Angeles — Mrs. Florence Adland, 53, was ordered today to stand trial on five counts of contributing to the delinquency of her daughter, Beverly, 17.

The platinum-haired divorcee must appear May 12 in Superior Court for arraignment on the charge. The misdemeanor counts each are punishable by up to a year in county jail. She is free on \$1,050 bail.

Letters Pour in As Chessman's Death Date Nears

Sacramento, Calif. — Nearly 200 letters and telegrams concerning Caryl Chessman were received today by Gov. Edmund G. Brown although the California governor says he is powerless to act again on behalf of the condemned convict-author.

Chessman, 38, is scheduled to die Monday morning in the gas chamber at San Quentin Prison. It will be his ninth date with death since he was convicted as the Los Angeles Red Light Bandit in 1948.

The governor granted Chessman his eighth reprieve on Feb. 19, just hours before the convicted robber-kidnaper was scheduled to go to his death.

Since then, however, the state legislature has defeated a move by Brown to have capital punishment abolished in California. Brown says the state constitution makes it impossible for him to take further action in the Chessman case.

But the letters and telegrams continue to pour into the governor's Sacramento office, where they are handled by Clemency Secretary Cecil Poole.

Favor Clemency
The overwhelming majority of letters favored clemency for the convict-author who wrote four books in 12 years behind bars.

Raw Materials Said Plentiful
Portland — Dr. Carleton C. Long, 51, director of research for a Pennsylvania lead company, said today there was no shortage of key raw materials in the world.

Dr. Long, here to attend the Pacific Northwest Metals and Minerals conference, said there was neither a shortage of petroleum nor of uranium.

"We've got uranium running out of our ears," he said.

He added that hard times may be in store for producers of uranium when government contracts run out in three or four years.

New exploration methods never dreamed of years ago now show vast quantities of untapped petroleum, he added.

Marion Republicans Lead Democrats
Salem — Republicans still hold the lead in voter registration for the state primary in Marion county, long a GOP stronghold, but Democrats have narrowed the gap by about 1,000.

County Clerk Henry Mattson today announced that total registration for this year's primary in Marion county is 50,142, or 1,183 less than for the 1958 primary.

Republican registration this year is 28,937 and Democratic 20,756 with 449 independents and others.

Registration for both major parties was down from 1958 when the GOP had 29,987 and the Democrats 20,793.

Demonstrators Protest Powers Of Parliament

Marital Law Set By Government

Istanbul, Turkey — Student-led riots against the government broke out today in the major cities of Turkey and the government imposed martial law to prevent another Korea.

The riots began in Istanbul and spread swiftly to Ankara, the capital; to Izmir, the Aegean seaport city, which is NATO area headquarters, and to Erzurum, in eastern Turkey, site of Ataturk University. At least three students were killed and many were injured.

Laws Protested
Thousands of students boiled into the streets from Istanbul University during the day to protest new government laws giving unprecedented powers to Parliament.

Police met them with tear gas and fired volleys of rifle shots over their heads. Some shots were reported fired into the crowd when the students failed to disperse.

Premier Cancels Trip
The government of Premier Adnan Menderes acted then and proclaimed martial law effective. Menderes already had canceled a trip to the CENTO meeting in Tehran because of the crisis.

Thousands of students were involved in the day-long rioting which began early today and which still had not been put down when martial law was imposed.

Scores Said Injured
First reports said scores of students and three policemen were injured in hand to hand fighting, perhaps inspired in part by success of the student riots in South Korea against the regime of President Syngman Rhee.

The student riots were directed specifically against newly strengthened parliamentary investigative powers which gives pro-government committees powers to investigate and arrest members of the opposition.

Many of the committees' powers were thought by the students to usurp the judiciary and the military.

Registered Demos Exceed Republicans
The number of Democrats registered to vote in Jackson county in the May 20 primary election now exceeds registered Republicans by 148, County Clerk Marvin Madden said today.

The final and complete count as of April 19, Madden said, is 16,388 Democrats, 15,239 Republicans and 683 miscellaneous. Changes in previous figures released by Madden resulted from duplications caused by registrations, he said.

The total number of voters registered to vote in the May 20 primary, 33,310, is somewhat less than the 33,930 registered voters in the county as of May, 1958. At that time, there were 17,228 Republicans, and 15,972 Democrats, a difference of 1,256 more Republicans, registered in the county.

Senate Candidate in Medford Wednesday
William B. Murphy, Portland, candidate for the Democratic nomination for the U.S. Senate, was in Medford Wednesday in connection with his campaign for office.

Murphy, owner of Portland's radio station KPVA, is for "more aid to senior citizens and blind, public power and income tax reform, and pensions for World War I veterans."

Pay Hike for Federal Workers Goes To Senate
Washington — The administration's fight against a pay raise for federal white collar workers moved to the Senate today and fell upon unresponsive ears.

Chairman Olin D. Johnson (D-S.C.) of the Senate post office and civil service committee said that if the nation's steel workers deserved a pay hike then "maybe" government employees deserve one too. If administration officials thought otherwise, he said, "We should know why."

"Come In. Tell Me How The People Reacted In India"

"Come In. Tell Me How The People Reacted In India"

An estimated \$4,000 worth of furniture and other appliances were taken in a burglary of the Buy-Rite Furniture and Appliance company, 1213 Riverside ave., late last night or early this morning, according to Medford police.

Tire tracks left at the scene indicate that missing items were taken away by means of a large truck, police said.

Police said the burglar or burglars broke open a door at the rear of the building, and backed the truck up to the open door, loading the furniture from there. Such items as davenport and large appliances were taken.

According to the owner of the store, Wayne Hurst Jamison, 110 Portland Ave., damage was also done to the rear of the building where the truck apparently backed into it.

Jamison discovered the burglary at 8:15 o'clock this morning, and said the crime occurred between then and the time the building was last checked a 9 p.m. yesterday.

Registration for both major parties was down from 1958 when the GOP had 29,987 and the Democrats 20,793.
