

NEW HELP FOR MILLIONS WITH EAR WAX TROUBLE

New formula removes impacted ear wax safely, painlessly at home

An amazing number of people suffer from deeply impacted ear wax (cerumen). Some have it painfully removed with instruments. Others try poking it out with sharp objects and risk puncturing their ear drums. Still others do not even realize they have it. They only know their ears feel blocked and clogged. But until now, there has been no effective home remedy.

Recently scientists developed a new formula for removing stubborn ear wax. It works in minutes, without the pain of instruments. It is formulated of medically-tested ingredients used by doctors on thousands of patients—with astonishing results. This is the self-same formula you get in Kerid® Drops without prescription.

It is remarkable how fast New Formula Kerid Drops work. Suddenly your ears feel good again, clear, unblocked. Get Kerid today and feel the difference.

Bug Hunt

By Mabel Inglin

The players, who are "bugs," stand in a circle, facing outward. IT, the "bug-catcher," is in the center of the circle. The "bugs" take turns buzzing like bees or chirping like crickets. The "bug-catcher" must tag the one who is making the noise while he is doing it. Then the two trade places, and the game continues with the "bug" who was caught as the new "bug-catcher."

May-Day Manners

By Ida M. Pardue

Try this for a May party game.

Pass out paper and pencils. Set a three-minute time limit during which players are to write "May-Day Manners"—six words of what to do, starting each word with the letters in *May Day*.

For instance, someone could write: Mothers Answering Youngsters Definitely Advise Yes.

At the end of three minutes, players trade papers and take turns reading aloud. You could take a vote to decide the best or the funniest.
