

### Birth Certificates Urged for Children

Portland—The State Board of Health has recommended that parents obtain birth certificates as soon as possible for all children who will be pre-registered next month for entry into Oregon schools for the first time this fall.

Dr. Richard H. Wilcox, state health officer, said most Oregon schools require such certificates before a child is enrolled.

Abstract copies may be obtained for a fee of \$1 from the state health board for any child born in Oregon. Photocopies of the entire certificate cost \$2 each. Parents of children born outside Oregon should write to the health department in the state where the birth occurred, Dr. Wilcox said.

Requests for Oregon certificates should include the fee, full name of the child, names of both parents, and place and date of birth. Requests should be sent to the State Board of Health, Vital Statistics section, P.O. Box 231, Portland 7, Ore.
