# The Medical Roundup

by *Walter Alvarez*  
 Emeritus Consultant in Medicine, Mayo Clinic  
 Emeritus Professor of Medicine, Mayo Clinic

One of the sad features of medicine is that common diseases for which we have no definite cure are always being treated by quacks, and by enthusiasts who feel that they have discovered some sort of a cure. All a man has to do to sell a quarter of a million books is to get out a volume in which he claims he has the secret of curing let us say, arthritis. It distressed the experts of the Arthritis and Rheumatism Foundation (10 Columbus Circle, New York 19, N.Y.) when a recent survey showed that every year now some \$250,000,000 are being spent on medicines and diets

# Color Scarf Prints Used in Blouses

First a fad, and now a fashion are the colorful scarf prints used in gay blouses for sportswear and in dresses for both day and date times. Inspired by the famous Italian printed scarves, and by one particular imaginative designer, Pucci's scarf prints in cottons, blends and pure silks — are made up brilliantly, exotically and colorfully. You'll see them sometimes, labelled as "Poochie" blouses or prints, because that's the way "Pucci" is pronounced in Italian.
