**Mrs. Minear Goes To Meeting of Fairview Group**

Mrs. Robert Minear, Medford, will be in Salem Saturday, May 7, to attend a meeting of the committee of visitors for the Oregon Fairview home.

The committee, appointed by Gov. Mark Hatfield in 1959, is responsible to the state board of control, and is the official representative of the public in connection with Fairview home.

The committee meets every other month with staff members of the home in order to establish policies, to become better acquainted with actual operations, advise changes and to interpret the program to the public, according to Dr. Charles Bradley, Portland, chairman. Recently, the committee reviewed plans for patients who have been discharged following training, he said. Reports are made to the board of control periodically.

The committee is designed to represent the citizens of

Mrs. Ethel Cummings' first graders have been studying farm life. We have had stories, learned songs, and drawn pictures of plants and animals. We colored the background of some of the pictures with water colors. It made them bright and pretty.

We are planning a party for the children who will be first graders next year. We will have them sing songs and act out stories with us. We hope to show them how much fun school is going to be for them.

Mrs. Edith Arnold's second grade room visited the Public Library in Medford. We learned how to check out books and how books are repaired. Mrs. Fuller, the librarian told us about a reading contest that will be held during the summer months.

Children in our room have brought flowers to school from their gardens and fields. We learned the names of many new flowers.

On the night we all came to school for the PE program, we went outside and looked for the Big Dipper and the Little Dipper. They were hard to find because it was cloudy.

Mrs. Arnold brought carpenter tools to school and we learned how to use each one of them.

Mrs. Charlotte Stearns' second grade room visited the Medford Library. Mrs. Fuller, the librarian read us a story and explained the use of the card catalog, the grouping of books by subject on the shelves. We enjoyed watching Mrs. Morris repair books, apply the number on new books and spray a protective plastic coat over them. Those who did not have library cards were given forms to be filled out by the parents so they could borrow books from the library.

In class we have decided to write book reports giving the title of the book, author, naming important characters and drawing their pictures as well as telling an interesting part of the story.

Two drives, one for clothing and the other for books, were launched Tuesday by the MHS International Relations League.

This year, being World Refugee year, the club has decided to collect clothes for Arab refugees. It was learned, through an European Red Cross agency, that the Arab refugees, especially children, are in need of clothing.

Dayle Ann Stratton, junior, is in charge of the drive.

The book drive, headed by Jim Albright, sophomore, will collect books for Korea. The goal is to collect a minimum of 50 pounds of fairly recent text books.

Both drives will be concentrated among IRL members although contributions from others will be gladly accepted. Carolyn Mencke, club president, said.

Of the 331 students who took the remedial mathematics test, according to Miss Delie Whisenant, remedial math instructor, 21 students scored 100 per cent while a percentage of 61.4 passed the test with a grade of 90 per cent and 38.6 per cent must continue the class.

The 21 students that scored 100 are Linda Howe, Anne Mathews, Beverly Todd, Linda Wicker, Mary Moore, Sandra Carmichael, Henry Olsen, Mattie Rode, Keith Berg, Donna Childreth, John Frohnmayr, Clinton Stiger, Ruth Coover, Elaine Jennings, Tom Turpin, Ray Konopasek, Glenn Marin, Margaret Medlin, Carolyn Mencke, Connie Paulson, and John Shaw.

Miss Whisenant commented that last year only 12 students scored 100 on the test.

**Georgian Pilot Of Mystery Plane Down in Russia**

Burbank, Calif. -UP- Francis G. Powers, 30, Albany, Ga., was the test pilot of a mystery-shrouded U2 American plane shot down over Russian territory.

Lockheed Aircraft Corp., maker of the highly secret reconnaissance craft, announced Thursday night Powers joined the firm in 1956. He had been assigned to the National Aeronautics and Space Administration program using U2 planes.

**Mystery Craft**  
Lockheed withheld identification of Powers to first notify his mother who suffers from a heart ailment, a firm spokesman said. His wife, Barbara, lives in Albany.

The U2 is somewhat of a mystery craft. Although built by Lockheed and test flown first in 1956, little is known about it.

Information about it is highly classified," said a Lockheed spokesman. "Any releases about it must come from the National Aeronautics and Space Administration which runs the U2 program."

**U for Utility**  
Lockheed built the research craft as neither a fighter nor bomber, so it was given the initial U - for utility.

The plane is capable of flying longer at higher altitudes - up to 10 miles - than any of the best U.S. fighter-interceptors.

In design the U2 is a straight-wing, single-engine jet with a 90-foot wing span and 45 feet in length. It flies at speeds less than the speed of sound.

The U2 was built to carry one person - the pilot - and a load of test instruments.

**Religious Residence Subject To Taxes**

Salem -UP- A building owned by a religious organization as a residence is not exempt from Oregon property taxes, Attorney General Robert Y. Thornton said today.

He said the law states that all houses of public worship and any other religious building used by the group for entertainment or recreation are tax exempt. But a house used for any other purpose is subject to taxation.

The opinion was requested by Multnomah County District Attorney Charles E. Raymond.

**Mrs. Mariece Lindsay's**

Mrs. Mary Overstreet's room has been making safety posters to put on the bulletin board for May.

Two girls made a picture of rice paddies. Two boys are making a picture of a Chinese city. We have just finished studying about China. We are going to be studying about Australia.

Mrs. Alma Austin's fourth grade have been studying about China. After we studied about China, we wrote a story. We have a display in our room on China with robes, dishes, and other things. We wrote up to 10 and other symbols in Chinese. We also saw a film strip on China.

We have been reading many poems. Each of us wrote a poem, too.

In English, we are writing a letter to a fourth grade class in Havana, N. D.

In activity period, Lynn Jenkins room students are drawing a picture of the wild west. It shows the different things about the old West.

We have a new girl in our room. Her name is Clover Hager and she comes from Washington school.

In arithmetic the fifth grade major work group are studying the multiplication of fractions.

Mrs. Carol Black's penmanship classes have been writing for their grammar grade certificates. Much hard work and practice has gone into these papers. Six students have already received theirs.

For Easter, the art classes each made and decorated an Easter egg tree. We used hollow eggs and glitter to decorate our trees and placed them in the cafeteria for Good Friday.

In Ronald Griffith's sixth grade room, we are studying weather and it's causes. We have been making weather charts and maps in geography. In health, the main topic has been heroes in health. We learned about Louis Pasteur, Antol Van Leeuwenhoek and Walter Reed.

Mrs. Joan William's first grade has been studying about the farm. They learned how the farm helps them by raising plants and animals that give us food and clothing. They are planning to visit a dairy farm to see what happens to the milk from the time the cow is milked until the milk is taken to the creamery. They are looking forward to "Play Day" and are practicing for the races.

On Tuesday, May 17, they will entertain all the children that will be in the first grade next fall.
