Concert By Choir Thursday

Both modern and classical composers will be included in the annual spring concert to be presented by the vocal department of Medford High school Thursday, May 12. It will be in the school auditorium.

The featured group will be the choir, under the direction of Lynn Stjoland, vocal music director. Included in the list of numbers that they will sing are selections from the Russian school of church music, with selections by Gretchaninoff and Rachmaninoff. There are also numbers by Mozart, Vaughan Williams, Christiansen, Poutenc and American arrangers.

Assisting the choir will be the advanced girls chorus, who will sing Brahms' "How Lovely Is Thy Dwelling Place," five short French Chansons by Francis Poulenc, and an arrangement of the children's song "Little Bird, Little Bird" by Gail Kubik. Mr. Kubik is one of the arrangers for the Robert Shaw Chorale.

Also included in the program will be several seniors who will perform as soloists. Among those participating are Therese Inglin, a foreign student, and Howard Kennett, pianist.

The program will begin at 8 p.m., and is free to the public.

The choir sang recently at the Parent-Teacher association state convention in Medford. It also has sung at Willamette university, Lewis and Clark college and North Eugene High school since presenting the musical "Oklahoma" late last month.

Human Rights Council Meets to Begin Year

Asland - The Asland Human Rights council began its third year last week with a general meeting and election of board of directors to fill eight vacancies. Newly elected for two year terms were Ed Harmon, Joe Burrow, the Rev. Edward G. Wulfekuehl, Charles Frederickson, Walter Arron and Ken Jones.

Fred Roy Neal and Mrs. Richard Westerfield, outgoing directors, were reelected for a one year term each. Incumbent board members are Jack Kelly, Arthur Hamilton, Mrs. Sam Davis and Mrs. Charles Forrest.

Guest speaker for the meeting was Dr. Frances Horowitz, associate consultant in psychological research at Southern Oregon college. Dr. Horowitz talked on the causes of human behavior in the field of racial prejudice. Her subject was "Can Tolerance Be Taught?"

Dr. Horowitz discussed two theoretical considerations of prejudice. One theory holds that prejudiced people are that way because of certain personality structures which make them feel insecure when faced with things which are not clearly defined or are different. They attribute unfavorable characteristics to all members of a minority group. By maintaining strong attitudes of prejudice they insure a sense of security and always know ahead of time what to think.

The second theory attributes prejudice to what one has learned in his environment and through experiences. From this point of view the prejudice can be unlearned provided the subject is given a new set of learning experiences. Dr. Horowitz concluded that probably both theories are right for different people.

During the discussion period of the meeting, it was proposed that the Asland council maintain a close liaison with the Medford Human Rights council with interchange of ideas and attendance at each other's meetings, since the problem of human rights in the field of racial relations is not limited to one community but is county and state-wide.

The first meeting of the new board of directors of the Asland group will be May 12th at 8 p.m. in the Gresham room of the Asland Public library.

Two of a number of spring festivals planned by county Home Extension units have been scheduled for this week.
