

## Furillo Cut By Dodgers; Shuns Offer

Los Angeles - (UPI) - Carl Furillo, veteran Los Angeles Dodger outfielder, today traded his bat for a fishing pole. Given an unconditional release from the youth-conscious world champions Tuesday, the 1950s said he would relax but still attempt to continue his baseball career.

"I still feel I can help some club. I think I have another year or two left," the 38-year-old outfielder said. "But right now I have no offers. I think I'll just go fishing and keep myself in shape."

Furillo promptly declared legal war on the Dodgers following his release Tuesday after E. J. (Buzz) Bavasi, general manager and vice president of the Dodgers, said no team in either major league would claim Furillo and that he was being released "because he can no longer do the job."

Bavasi said Furillo turned down a chance to play for Spokane of the Pacific Coast league at the same \$30,000 salary he received as a Dodger.

Furillo, whose lifetime batting average with the Dodgers is .300, has been troubled since spring training by a muscle injury in his right leg. He was chopped from the roster to make room for Frank Howard, \$100,000 rookie, called up from Spokane.

A big source of irritation to Furillo was the fact the Dodgers did not give him the release when he could have caught on with another club.

He said he refused the Spokane offer because it would interfere with his major league pension.

## American Grid Circuit Will Remove Limit

Dallas, Tex. - (UPI) - Commissioner Joe Foss announced today that the new American Football league, plagued with too many players instead of too few, would remove the player limit for its initial training period this season.

Most observers voiced the query when formation of the league was announced as "where will it get its players?"

"There are more qualified candidates," Foss said, "than our people had originally thought. We first set the player limit at 60 per team, then expanded it to 70. And now have had to remove all limit."

Under the change, which Foss said was requested by team officials, some teams may take as many as 100 players to camp.

## Solons Nose Ahead Of Tacoma in PCL

By JOE SANDERS

Canned sardines couldn't get much closer together than Pacific Coast league teams are today after Tuesday night's three games and a wash-out.

Sacramento, getting the long ball in a big dose, moved ahead of Tacoma in their leapfrog competition for first place, by beating Salt Lake City 13-4, while the Giants were dropping one to San Diego, 9-5.

But right behind the Solons and Giants, by virtue of a 2-0 and 9-8 sweep of a doubleheader from the Vancouver Mounties are Spokane's Indians, a full game behind Sacramento and half a game trailing Tacoma.

Rain cancelled the Seattle-Portland game.

**Three Straight Homers**

In the Solon-Salt Lake game, three consecutive homers by Mike Krsnich, Al Heist and Bob Jacobs in the sixth inning provided the big punch in a seven-run outburst, and gave the Solons an 8-0 lead.

Jim Bolger added a fourth homer for the Solons in the eighth. Sacramento starter Jack Caffrey stymied the Bees until the eighth when Joe Christopher homered, to start a three-run rally. It was Caffrey's sixth victory.

Spokane remained in third place behind Tacoma on the tight three-hit pitching of Chuck Churn in the first game and a wild six run ninth inning in the second contest.

With the Mounties ahead, 5-3, Joe Hatten, third Mounty pitcher, started the ninth by giving up two successive walks. Then Ramon Conde singled, Mike Brumley sacrificed, pinchhitter Joe Frazier walked, Willie Davis singled,

Portland - (UPI) - More than 450 college and high school students staged a parade Tuesday afternoon in recognition of the sixth anniversary of the Supreme Court decision to desegregate public schools.

The parade marched by headquarters of both Sens. Wayne Morse and John Kennedy, Democratic presidential hopefuls.

Students took part from Reed College, Portland State, University of Portland, and five high schools. They were joined by the Congress on Racial Equality and the Young Democratic Clubs of Oregon.

Both Morse and Kennedy issued statements. Kennedy said "... it is fitting that this event should be commemorated for it places the law squarely behind the moral principle that all men are created equal and entitled to equality before the law..."

Morse said "the denial of first-class citizenship to any group of Americans because of race, color or creed is doing the United States great damage in world prestige and great damage at home."

## Cold Weather Hurts Emeralds

United Press International

Another idle night for the Eugene Emeralds and the Yakima Bears could be leading the Northwest league.

The Washington State club made its move last night behind the booming bats of Pete Gongola, Len Tucker and Dennis Menke nudging Lewiston out of second place and creeping to within half a game of the front-running Emeralds.

Yakima defeated Lewiston, 10-6 while the game between Eugene and Wenatchee was called on account of cold weather. Tri-City knocked Salem back into the cellar below Wenatchee with 14-10 and 9-4 double-header wins.

North Africa has few natural power resources. Coal and oil have to be imported.
