

### Yank Reported Missing in Cuba

Havana—Capt. Herman Marks, of Milwaukee, who commanded firing squads for Premier Fidel Castro, has been missing since Saturday on a "fishing trip" with four other Americans, it was reported today.

Unconfirmed reports said the five, who left the Isle of Pines off Cuba's south coast in a sportsfishing boat, were fleeing to Mexico.

Marks' companions included an American woman, tentatively identified as freelance newswoman Julia Secon.

Friends of Miss Secon said they doubted that she was in the Marks party. They said she left Havana Wednesday, presumably on the way to the United States for a vacation.

Marks joined Castro's rebel forces in the hills of eastern Cuba and stayed on in this country after they triumphed over President Fulgencio Batista. He commanded firing squads for Castro during the purge that brought death to more than 600 Cubans.

### Nuclear Policy Group Sets Rally

New York—Thousands of persons are expected to attend a rally sponsored by "The Committee for a Sane Nuclear Policy" at Madison Square Garden tonight.

The rally will mark the first large-scale disarmament gathering in the United States.

Speakers will include Alf M. Landon, former governor of Kansas and the 1936 Republican presidential candidate; Walter P. Reuther, president of the United Auto Workers; Gov. G. Mennen Williams of Michigan; Norman Thomas, author and lecturer, and Dr. Israel Goldstein, honorary president of the American Jewish Congress.

Mrs. Eleanor Roosevelt of the American Association for the United Nations and Dr. Harold Taylor, educator and former president of Sarah Lawrence College will be co-chairman of the meeting.

Sponsors of the rally estimated 17,000 persons will attend.

### Ships Collide In North Sea

Imuiden, Holland—Two ships collided in the North Sea today forcing 44 persons, including two women, to take to life boats in thick fog. All were rescued.

A total of three life boats were launched, two from the badly damaged Swedish freighter Mongabara and one from the British tanker Workman.

A boat containing the two women and 18 Swedish sailors dressed only in their night clothing, was found almost immediately. The two other emergency craft, with a total of 26 seamen aboard, drifted for several hours in fog and darkness before being taken in tow.

The collision occurred 12 miles from Borkum Island, off the German coast. The captain of the 5,029 ton Mongabara gave the abandon ship order but remained aboard, along with his first mate, in an effort to save his ship.

The women were the wife of Mongabara's second engineer and the daughter of the first engineer.

### Fisherman Found Dead in Boat

Tillamook—A 59-year-old Florence, Ore., commercial fisherman was found dead aboard his beached 38-foot fishing boat here Wednesday.

The man was identified as Walter Kuck. The boat was the Arlene K.

The coroner's office said the man was dead at least 24 hours but could give no reason for death. An autopsy will be performed.

The coroner said Kuck apparently became entangled in the line that brings in his power-driven fishing apparatus.

Coast Guard authorities left the body on board the Arlene K. while they brought the boat back to Garibaldi. But the ship sank inside Tillamook Bay and a skin diver had to be called to get the body.

The boat was first sighted by Tillamook citizens who said the boat was running in circles.

Kuck left Sunday morning on a fishing trip.
