

Russia Warns of Possible Rocket Attack

RHEE IN HONOLULU—Former President Syngman Rhee of South Korea and his wife were met on arrival in Honolulu by Korean Consul General C. C. Oh, right. Rhee, who left the country which he has ruled for 12

Skindivers Find Body of Boy After 2 1/4-Hour Search

Skindivers pulled the body of 10-year-old Roger Timmerman from the waters of Hoover lake, near White City, yesterday afternoon, 2 1/4 hours after the boy fell off a raft on which he and another youth had been playing. Timmerman was the son of Mr. and Mrs. Carl F. Timmerman, 909 Wabash ave. The drowning was the first Memorial Day week end fatality reported in Jackson county. According to witnesses at the scene of the accident, which occurred about 3 p.m., the boy and an unidentified companion had been playing on a flimsy plywood raft in the shallow water at the north end of the lake. The youths apparently pushed the raft over a sharp drop-off at the edge of the lake and both fell off. One of the boys made it to shore, Roger did not. Walter Summer, 628 Palm st., said he and the boy's father were fishing on the opposite side of the lake. Summers said the father had been watching the boys when he noticed them approaching the drop-off, he yelled, but they apparently did not hear him.

Sought Help
The boy's father went to the Desert Service station for help after he failed to locate the boy. Maynard Hadley, owner of the service station and captain of the Central Point rural fire protection district, notified authorities, then returned to Hoover lake with Timmerman. Hadley searched for about 30 minutes. Aiding in the search for the body were men from Jackson county sheriff's office, the rural fire protection district and the Central Point fire department. Five skindivers, including Sheriff Joe Walsh, worked in shifts for nearly two hours probing the muddy bottom of the lake. The divers said the mud made it impossible to see anything below the surface of the lake. At 5:10 p.m., Allan Bishop, a member of the fire protection district, found the boy's body in approximately 25 feet of water.

Symington Says Ike's Regime Lacks Confidence

Portland — (UPI) — Sen. Stuart Symington (D-Mo.) charged the Eisenhower administration Saturday night with lacking confidence in the future of America and with a refusal to invest in it. **Activity Discouraged**
"Instead of expanding their believe we must hold back our economy in order to avoid inflation," Symington told a \$25-a-plate Jefferson-Jackson Day Democratic dinner. "They urge higher interest rates which have the effect of discouraging economic activity." It was Symington's first Oregon appearance during his campaign for the Democratic

Memorial Services Scheduled in Area

Memorial Day services will be held this afternoon at 1:30 o'clock at the White City veteran's cemetery near Eagle Point. Dr. Roy McNeal, Southern Oregon college, will be principal speaker. It is being held by the Camp White Veterans domiciliary in conjunction with the Allied Veterans council. Chaplains Lawrence Eskay and Roger Pryor will conduct the religious observances followed by the "salute to the dead" by the Camp White firing squad. The public is invited. The Eagle Point High school and Cub Scouts will participate. Assistant Manager Banker I. Paul will introduce guests and Manager Henry C. Herzog will place a memorial wreath. This morning Memorial Day services were held at Siskiyou Memorial and Hawthorne parks. They were conducted by the Allied Veterans council. Victor David, president of the council and other council officers officiated at the dedication of a monument and memorial plaque at Siskiyou Memorial park. Speaker was Joe Hosick, exalted ruler of Medford Elks lodge. A National Guard color guard from Klamath Falls attended the flag raising ceremony at 11 o'clock at Hawthorne park. Flag bearer was Joseph Akeka, formerly of Hawaii. Following the ceremony, auxiliary members tossed flowers and wreaths into Bear creek honoring those who died at sea. Flag-raising ceremony and Memorial Day services were also held today at the Jacksonville cemetery. The Rev. William McLeod conducted mass in the Catholic section of the cemetery. A flag was raised on the cemetery's new flag pole. The pole was recently erected by Centennial post 100, American Legion. Lester J. Waits, post commander, and Vaughn Beers, flag pole committee chairman, were assisted in the ceremony by Lyndy BeBeth. **Observance Sunday**
Brig. Gen. William H. Prentice, Medford, assistant division commander of the 104th training division, warned of the Communist threat facing the nation in an address at

the national observance at the first political speech he ever made in the state. Although Symington finished fourth in the five-man Democratic presidential primary in Oregon, he told reporters on his arrival that he thinks he has "an excellent chance" for the nomination at Los Angeles in July. **Some Signs of Bad Luck**
He said in his speech to Oregon Democrats that "these have been seven years of bad luck for the American people — bad luck that began when they thought they saw their reflection in the mirror of so-called modern Republicanism."

Accepting the plaques were Lt. Col. Donald B. Whalin, commanding officer, Headquarters and Headquarters Detachment, 382nd Quartermaster Battalion, for the Army; Maj. Robert Rix, USMC Reserve, for the Marines; Lt. Richard Schuchard, commanding officer, Naval Reserve, electronics division, for the Navy; and Lt. Col. Edward B. Jacobson, U.S. Air Force reserve, for the Air Force. Col. W. H. Paine was introduced and honored for his long military service and his many years of service to the community.

Holiday Traffic Fatalities Soar

Safety Workers Fear New Record; Ohio Tops Nation

More Than Four Per Hour Counted
By United Press International
The nation's holiday traffic death toll climbed at a rate of more than four an hour today and safety workers feared the total for the Memorial Day week end would soar to a new record.

State police said this morning no traffic accidents, "fatalities or otherwise," have been reported to them during the three day Memorial Day holiday so far. Traffic was heavy Friday night, all day Saturday and Saturday night. It thinned out Sunday night, but is expected to become heavy again this afternoon and tonight as vacationers return home.

A National Safety Council spokesman said he feared that as motorists head homeward tonight after week end outings there will be more tragedies like the crash near Cambridge, Ohio, early today which killed six servicemen, apparently on a holiday week end leave.

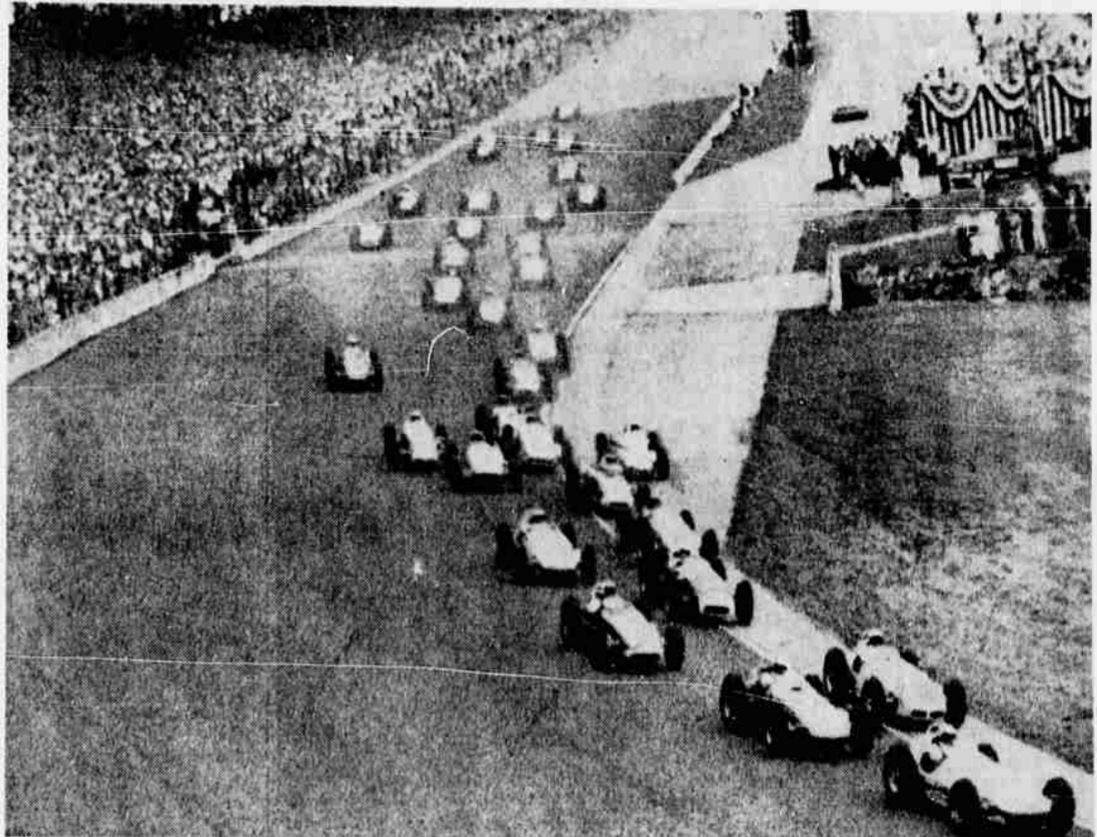

Planes Claim Two
A United Press International count at 9 a.m. (p.s.t.) showed 281 traffic deaths—18 more than at the same hour two years ago. Two died in plane crashes, 68 drowned, and 57 died in miscellaneous mishaps for an overall total of 408. Ohio led the country in the number of traffic deaths with 26, New York had 20, California and North Carolina 17, Alabama 16, Michigan 15 and Illinois, Indiana and Pennsylvania 13.

375 Deaths Estimated
At Chicago, the National Safety Council had estimated 375 persons would die in traffic during the holiday period ending at midnight tonight, higher than the previous Memorial Day mark of 371 in 1958.

Arlington Rites Honor War Dead
Washington — (UPI) — Solemn ceremonies at Arlington National Cemetery today symbolized the nation's Memorial Day tribute to its war dead.

THEY'RE OFF!—Crossing the starting line and breaking into the first turn, 33 sleek racers start to jockey for position at the first turn as the Indianapolis speedway 500-mile classic gets under way. This shows Eddie Sachs in car No. 6 as he leads the pack. —(UPI Telephoto)

Speedway Stands Collapse; 2 Die

Indianapolis, Ind. — (UPI) — Two persons were killed and an estimated 25 or more injured today when a temporary grandstand on the northeast turn infield collapsed at the 500-mile race.

The Indianapolis Motor Speedway confirmed the accident and said "eight or 10" spectators were injured and taken to the field hospital. Track reporters said it was confirmed that two persons were dead and many others hurt.

Word of the grandstand collapse came less than 10 minutes after the race started. The infield seats are bleacher-type structures without a covering. The stands were not erected and operated by the Indianapolis Speedway. Track sources said they were a homemade type erected by an enterprising speedway fan who charged \$5 to \$10 for seats.

The stands seated about 100 persons. The dead were identified as Fred H. Linder, 23, Indianapolis, and William C. Craig, 37, Zionsville, Ind.

Conception Residents Start Rebuilding
Conception, Chile — (UPI) — The 120,000 citizens of Conception have started rebuilding this earthquake-shattered city even while the ground continues to shake under their feet.

Pear Crop Estimate Is 2,400,000 Boxes

Medford's pear crop this year will be about 2,400,000 boxes, according to Clifford B. Cordy, county horticultural agent.

This is about 600,000 boxes short of the average for the last five years, but slightly better than last year, Cordy said. Main reason for the reduced tonnage was frost which occurred the morning of April 16, he added. Some further reduction from frost occurred on the morning of April 22.

"From the pollination standpoint the blooming season was poor," the horticulturist said. "D'Anjou came into bloom during a period of good weather in latter March. Because of that they were pretty well pollinated. The yield will be good, except where the crop has been damaged by frost. D'Anjou production will be normal and will exceed last year's production by 20 per cent because of this good yield in heated orchards," Cordy forecast.

Bartlett Orchards
The Bartlett orchards bloomed late and have a mixture of large and small fruits. The large ones originate from early blossoms and are well seeded, Cordy explained. The small ones came from later blossoms and most of them are seedless.

TUESDAY SPEAKER
Ashland — Cole Rivers of the state game commission will tell of plans for the lakes and for new recreation areas near Ashland when he addresses the Ashland Chamber of Commerce's weekly noon luncheon meeting at Omar's tomorrow.

Five Injured in Ashland Collision

Ashland — Five persons were injured, one seriously, when cars driven by a Southern Oregon college student and an Ashland High school student collided at the intersection of Siskiyou Blvd. and Frances lane early yesterday morning.

Ashland police cited 19-year-old AHS student Larry C. Schmalz, 167 Church st., for failure to yield right of way. Police said the crash occurred at 12:55 a.m. when Schmalz's car, heading north on Frances lane, pulled in front of one driven west on the boulevard by James C. Dietz, of 396 Bridge st., a student at SOC.

Most seriously injured was a passenger in Schmalz's car, Dennis Johnson, 18, of 219 Almond st., who suffered a fractured jaw, a broken bone on the right side of his face, several lacerations and a probable concussion.

Schmalz received lacerations of the head and neck and Dietz suffered a knee injury. Two passengers in Dietz's car, both SOC students, also were injured, police said.

MUSEUM VISITORS
Jacksonville — Four hundred and ten persons visited Jacksonville museum yesterday. Curator Miss Claire Hanley reported today. Miss Hanley reminded local residents and visitors that the museum will be open from noon to 5 o'clock today.

Foreign Plane In Soviet Skies Would Be Trigger

Decision Said Lawful Matter

Moscow — (UPI) — Soviet Defense Minister Rodion Malinovsky said today Russian rocket forces would attack any base from which a plane takes off and intrudes upon Soviet air space. He said that modern radio equipment can determine with precision when a plane takes off, follow its flight and locate its landing. Thus no nation can evade responsibility if it is involved, he said. **Outline of Potential**
Malinovsky announced the order in an outline of Russia's defense potential at a conference in the Kremlin.

Washington — (UPI) — U.S. officials had no immediate comment today on the reported order of Soviet Defense Minister Rodion Malinovsky that Russian rocket forces would attack any base if it is used by a plane to violate Soviet air space. Most key government agencies such as the State and Defense departments, because of the Memorial Day holiday, were manned by skeleton staffs. A spokesman at the State Department said no immediate comment was expected.

Premier Nikita Khrushchev attended the session. Malinovsky said he had ordered the commander of Soviet rocket forces "to strike at a base from which a plane would take off and violate the air space of the U.S.S.R." Tass said the defense minister insisted it was a lawful decision because it could not be known what an intruding plane might be carrying. "It might be armed with a hydrogen bomb," he said.

He said the Soviet Union had all it needed to strike such a retaliatory blow "at a political satellite and at a leader no matter behind which ocean they were hiding." "This is not a threat, but a warning," he said. Malinovsky referred to the incident of the U2 spy plane shot down over Russia May 1 and said western powers did not know the Soviet Union had anti-aircraft guided missiles. He said Soviet rockets could hit a target "much higher" than 65,000 feet at which a U2 can fly. He said there was no plane with such a high ceiling "as to be unreachable for our rockets."

Medford Girl Wins Miss County Title

Miss Shirley Satterfield, Medford, was chosen Miss Jackson County during ceremonies Saturday evening in the Ashland High school gymnasium. Miss Satterfield won from a group of seven girls who vied for the title sponsored by the Junior Chamber of Commerce. Competition was held in modeling evening gowns and swim suits and talent. Miss Satterfield sang for her part in the talent competition.

Bulletin

Indianapolis, Ind. — (UPI) — Jim Rathmann, three times a runner-up, won a see-saw duel with defending champion Roger Ward in the last 150 miles today and captured the 44th 500-mile auto race for a probable prize of more than \$110,000.

Jackson County School Districts Will Receive \$236,246.53 as Share of Basic School Support Money

Jackson county school districts will receive \$236,246.53 for the 1960-61 school year as the county's share of the basic school support money appropriated by the state legislature. The announcement was made by County Treasurer Karl L. Janouch. The money is distributed on the basis of \$105 per census child, 80 per cent of which is a flat grant and 20 per cent according to an equalized formula and need, according to County School Superintendent Alf B. Mekkold. Medford school district will receive the most, \$92,735.16. According to the county treasurer's list of apportionments the school districts of Talent and Phoenix, which have been consolidated and reorganized into a new Phoenix administrative district, will receive \$22,331. Other districts and amounts they will receive are Ashland, \$63,062.56; Central Point, \$40,659.79; Eagle Point, \$5,412.08; Rogue River, \$8,487.93; Applegate, \$580.76; Prospect, \$1,116.09; Butte Falls, \$388.92 and the non-high district, \$564.48. However, the non-high district will cease to exist after July 1, according to the school district reorganization law. The reorganization program is aimed at combining non-high districts with the high school districts. Evans Valley and Pinehurst apparently will not receive this tax offset money since no money is listed for them, it was reported. The 1957 legislature first raised the appropriation from \$80 to \$95 per census child. Then, in the special session the fund was raised another \$10 per census child to \$105, Mekkold explained. However both the regular and special session bills passed after the various school districts had adopted their budgets. The budgets were based on \$80 per census child. Original purpose of the tax offset was that the increase in the basic school support fund could be reflected in the 1957-58 school year. The state department of education had to figure how much more they would get from the increase in the basic school support fund and certify that increase to the various county treasurers and assessors. Otherwise the only reflected increase would be on the tax balance and would not have reduced tax levies for that year, Mekkold said. To make it more confusing, this provision of the law has not been changed. This means now that the districts get a portion of the basic school fund directly and can use it as a receipt in their budgets. The other portion is certified directly to the county treasurer and assessor and the tax levies are certified.
