

Florida Polio Test Shows Cox Vaccine Safe

Washington—(Science Service) — The Miami physician who directed mass tests of a new oral polio vaccine — simpler and cheaper than the Salk vaccine — reported here today that no evidence of harm to individual or to community has been observed.

Dr. M. Eugene Flipse of the University of Miami said the Cox vaccine has been proved effective by a study of its experimental use on 410,000 volunteers in the Miami area.

Dr. Flipse spoke at a session of the Second International Conference on Live Poliovirus Vaccines being held at Georgetown University here.

Taken in Oral Dose

He said blood tests of 2,500 persons showed the vaccine was 92.3 per cent effective in building antibodies against the three strains of paralyzing polio.

The Cox vaccine, one of several new live vaccines for which licensing is now sought in the U.S., is taken in one oral dose. It contains three types of live polio virus.

Type I virus and Type III are responsible for perhaps 90 of the world's paralytic polio.

The Cox vaccine was reported as 95 per cent effective against Type I and 97.2 effective against Type III. It was only 78.3 per cent effective against Type II.

Voluntary Vaccinations

Dr. Herald R. Cox of the Lederle Laboratories developed the vaccine tested. With it, more than 80 per cent of the under-40 population of Dade county (the Miami area) have been vaccinated on a voluntary basis. The Cox vaccine has not been licensed, however, for general use for fear the harmless virus in the vaccine might go awry and become dangerous.

The Dade county study is not yet complete. Sewage samples have been collected and will be examined for the presence of polio viruses.

Emma Gatewood Off Hiking Again

Portland — (UPI) — Grandma Gatewood is out for another walk. This time a short one — only 250 miles.

A reporter for the Oregon Journal tried to telephone her Wednesday at her home in Gallipolis, O., to ask for comment on Dr. Barbara Moore, the 36-year-old Briton whose transcontinental hike was stopped by a brush with an automobile in Indiana.

Emma Gatewood's son, Monroe, answered the phone and said "she's out for a short walk" from Pittsburgh to Valley Forge. He said his mother took the bus to visit her sister in Pittsburgh, then decided to stroll to the Revolutionary War site 250 miles away.

Emma, 72, made history last year when she walked from Independence, Mo., to Portland, beating the Centennial wagon train.

Missile Machinist Walkout Spreads

San Diego, Calif. — (UPI) — The 10-day strike at Convair Wednesday spread to Douglas and Lockheed Missiles and Space Division when about 34,000 machinists and auto workers walked off their jobs at midnight. Picket lines were established at key missile bases and could tie up the nation's spacecraft testing program.

The International Association of Machinists extended its strike to the Lockheed division by calling off nearly 8,000 workers at the Sunnyvale, Calif., plant; about 2,000 at Van Nuys, Calif., and 1,000 at Vandenberg Air Force Base, Calif., and Santa Cruz, Calif.

Lockheed division officials, however, said it would continue operating its plants and installations "as near normally as possible."

Powers Trial Said Due Next Month

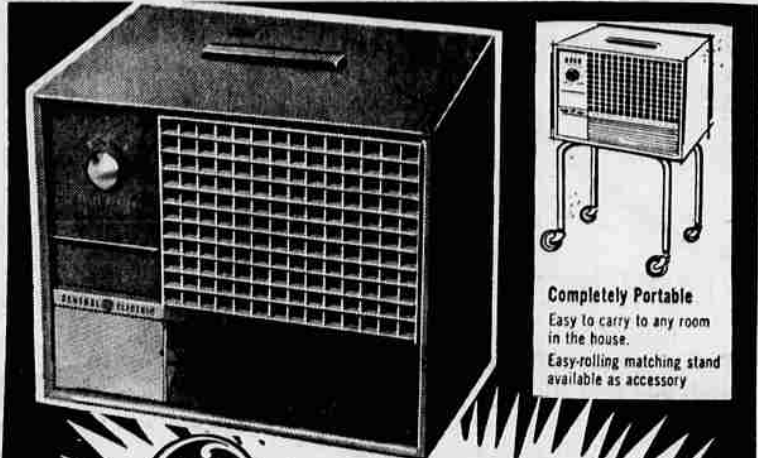

Moscow — (UPI) — American U-2 pilot Francis G. Powers probably will be tried publicly next month, it was learned Wednesday.

Informed sources said that there was reason to believe that the trial would be held publicly. They did not know the exact date of the trial.

There was no official announcement by the Soviet government of a scheduled trial for the 30-year-old pilot accused of espionage after his U. S. reconnaissance jet plane was shot down over Siberia on May 1 just before the Big Four summit conference.

At WEISFIELD'S FATHER'S DAY GIFTS

... for Sunday, June 19th

DUAL-PURPOSE PORTABLE AIR COOLER

MODEL E-1 Spruce-blue and White **49⁹⁵** AIR COOLER STAND **6⁹⁵**

- Use as a cooler or as a fan
- Convenient water shut-off control
- Automatic water-level indicator
- Powerful blower
- 3-side wrap-around filter
- All-plastic water distribution system
- Front-fill water chute

Completely Portable
Easy to carry to any room in the house.
Easy-rolling matching stand available as accessory

THE GIFT FOR FATHER'S DAY SUNDAY JUNE 19

REMINGTON Lektroonic SHAVER

NEW **FIRST** TO GIVE YOU CORDLESS ADJUSTABLE ROLLER COMB SHAVING

No wires... No water... No sockets... No soap

WEISFIELD'S SPECIAL LOW PRICE **ONLY \$3 00** A MONTH

NEEDS NOTHING BUT WHISKERS

First "man-size" adjustable shaver with wonderful new convenience of cordless Lektroonic shaving! Has Remington's Exclusive Roller Comb shaving action that adjusts to any beard and skin. Ends morning bathroom fix-ups and the annoyance of inconvenient wall plugs. 24-hour charge gives full week of perfect shaves. Ideal for everyday use indoors or out—lets you shave almost anywhere in the world! Handy charging stand holds shaver between shaves—recharges the Lektroonic from wall socket on alternating current from 90 to 250 volts.
