

Minimum Wage Bill Expected To Pass Committees

Washington—UPI—The Senate and House Labor Committees were expected today to approve similar bills to raise the federal minimum wage to \$1.25 an hour and broaden coverage to millions of workers.

But versions would hike the present \$1 an hour wage floor to \$1.15 in the first year and add five cents in the next two years. The House committee's bill would start the increases in November and the Senate group's version would begin the change in January.

Newly covered workers—four-million in the House bill and about five-million in the Senate plan—would get the present \$1 an hour minimum and move up to the \$1.25 rate in 12-month steps.

Other congressional news:
Defense: The Senate began the first of a series of "meet early and stay late" sessions leading up to adjournment before the July political conventions. Attempts were expected to increase the more than \$40 billion defense appropriation, which already was about \$1 billion higher than President Eisenhower's budget request.

Loyalty: The Senate was expected to take final action on a bill to repeal the written non-Communist loyalty oath for students seeking federal college aid.

Appointments: United Press International learned the Senate would decline to act before the fall elections on a number of President Eisenhower's appointments to federal regulatory agencies. The nominees would fill three seats on the federal power commission.

Foreign Aid: Conservative Republicans and liberal Democrats joined in a move to restore at least some of the sharp cuts made by the House Appropriations Committee in the foreign aid program. But some House leaders predicted the trimmed bill would pass late today.

No 'Deal' Made In Tregoff Case

Los Angeles—UPI—The prosecution will "make no deal" to dismiss murder charges against Carole Tregoff, accused with Dr. R. Bernard Finch in the killing of the surgeon's wife.

Chief Deputy District Attorney Manley Bowler made that statement Wednesday shortly before Miss Tregoff's attorneys cancelled a scheduled meeting with Bowler to discuss dismissal of the murder-conspiracy charges against her.

Atty. Robert Neeb Jr., who proposed the meeting with the prosecution, cancelled it when he learned of Bowler's position. "We're just trying to save the taxpayers money," Neeb said adding that it would have been pointless to go through with the parley.

Bowler said he wanted to discuss with Neeb the possibility of Miss Tregoff being used as a prosecution witness.

Oregonian Held For Bomb Report

Washington—UPI—The FBI announced Wednesday night that Dr. Ingolf Theodore Kvale, 62, Eugene, Ore., was arrested in Spokane, Wash., on charges of making a false bomb report against a Northwest Airlines plane.

FBI Director J. Edgar Hoover said Kvale reportedly twice told a stewardess aboard a Portland-to-Minneapolis plane Tuesday night that he had a bomb in his luggage. The plane, flight 536, was delayed at Spokane while a search was made. No bomb was found.

Kvale was charged in Spokane with violation of the false bomb report section of the law governing destruction of planes or motor vehicles. He was the 18th person charged with such a violation since April 7.

Rifle-Carrying Filipino Arrested

Manila—UPI—A 22-year-old laborer with a hidden rifle was arrested by police outside the University of the Philippines amphitheater shortly before President Eisenhower arrived there today.

Police identified the man as Rufino Acostay and said he was being questioned.

Police said that at the time of his arrest the man was selling "Welcome Ike" banners near the spot where Eisenhower would have passed into the University.

They said he had a .22-caliber rifle wrapped in paper.
