By R. E. NEALON

Table Rock - Some 50 members of the Jackson County Retired Teachers Assn. attended the association's annual meeting June 13, at the J. S. Richardson home. Business transacted was the electing and installing of officials for the next term year.

Mrs. Mammie Bloomfield of Medford was elected president, Miss Annette Gray of Medford, vice president, Miss Ina Freeman, Talent, secretary, and Miss Bertha Baughman, Ashland, treasurer. The officers were installed by Mrs. Anna Carter, and the meeting conducted by Bernice Kunzman, the outgoing president.

Mrs. Alice Willets, one of the teachers present, taught the Table Rock school in 1908, for a salary of \$50 a month. We thought it was \$40, but she had agreed to do the janitor work, she says, which accounted for the extra pay. However, her fingers were used mostly to skim over the keys of a piano, which she did remarkably well, and soon became blistered with manipulating a scrub broom. The school board took pity on her, and hired one of the school boys to do the job for \$1 a week, or it might have been a month.

Money talked those days. The retired teacher who had the largest number of years of classroom teaching to his credit was H. F. Cope, who began teaching in 1902 in a little one-room country school near Palmetto, Penn. He taught a seven-month term for a salary of \$30 a month. He retired in 1950, after having taught several years in Medford. His salary when he retired was approximately \$3,300 a year. His father was a teacher, and there were 10 children in the family. One brother taught a short time, but later took up other business, as did his other brothers. When asked if he had it to do over again, would he select teaching as a profession, he said he would.

H. P. Jewett, who with his wife gave some past history of their teaching during the program, was next in line for number of years in the classroom. As we gazed at this assembly of retired teachers, and a few male strays who came as chauffeurs, we thought of what Lincoln said about his mother, causing him to be all that he was. We would say that close to the mother, and even while the mother is still in control, a child's teacher can do a tremendous lot towards the destiny of our country in teaching truthfulness, honesty, diligence, loyalty, and the golden rule to the coming generation.

As we look at the many happy faces, and try to multi-

## Fire Department Issues Reminder

Gold Hill - Officials of the Gold Hill city volunteer fire department have reminded residents that fire regulations are in effect and will be enforced. Persons found to be violating city fire regulations will be subject to fines.

All open fires are prohibited and no evening burning is permitted. Persons who wish to burn trash are required to do so before 10 a.m., and then only in a barrel that is equipped with proper burning screen or incinerator. Permits to burn may be obtained by contacting Fire Chief Clyde Kell after 4:30 p.m., or City Recorder Ferd Jones at his office.

Officials of the fire department wish to remind residents who reside outside the city limits of Gold Hill that the city fire fighting equipment cannot be taken outside the city limits in case of fire because of certain regulations.

Residents who reside outside the city of Gold Hill should contact the state forest service in case of fire.

# Recreation Program To Begin in Gold Hill

By MARY KELL

Mail Tribune Correspondent Gold Hill - A summer recreation program for Gold Hill youngsters will be held for the first time Monday. Leon Myers, recreation director, assisted by Miss Grace Gail, will conduct the program five days each week from 1 until 4 p.m. The sessions will continue for six weeks and will conclude July 30.

Boys and girls who have completed the fourth grade through and including the sophomore year of high school are eligible to participate if properly registered. Registration began June 15, but the 75 cent fee may be paid anytime a child enters the program. The fee will be used to pay for insurance.

Tennis instruction for boys and girls will be given by Myers and Miss Gail at 1 p.m. on Monday, Wednesday, and Friday for a one hour period at Hanby Elementary school. Miss Gail will teach craft sessions from 2 until 4 p.m. on Monday, Wednesday and Friday for both boys and girls. Youngsters will be required to provide their own materials for crafts, which will include leather, copper, paper mache, etc.

Myers will teach the fundamentals of basketball and each regular basketball game for the boys from 2 until 4 p.m. in the Hanby gymnasium on Mondays and Wednesdays. On Fridays he will supervise track meets at Patrick Elementary school.

Myers said fundamentals of each sport will be taught and regular games played so that all youngsters who participate will understand the game they are playing whether it be tennis, basketball, volleyball, baseball, or softball.

Myers said there will be free time activity games such as ping pong, shuffle board, and horse shoes for youngsters who are not interested in other game activities.

He said this is not a "roll call program," but strictly a leisure time recreation program, planned for constructive activity during a youngster's free hours.

Baseball will be offered for boys on Tuesdays and Thursdays from 2 until 4 p.m. at Patrick field. Myers will conduct craft sessions, as usual, for youngsters who are not interested in track.

At 1 p.m. on Tuesdays and Thursdays, Miss Gail will instruct girls in volleyball at Hanby school for a one hour period.

## No Citation for Free-Wheeling Tot

By BESSIE BOYD FRASER

Mail Tribune Correspondent Yreka - Two-year-old Gary Meiners was not given a citation for reckless driving or for operating a motor vehicle without a license last Friday evening when he decided to take the family station wagon for a spin.

Gary lives with his parents, Mr. and Mrs. Bruce Meiners of the U.S. Forest Service, at 203 North Oregon st., Yreka. There was very little traffic on the street when Gary climbed into the car, as most folks were at dinner, which afforded him the right opportunity for his solo trip.

His strong little hands released the emergency brake and to his delight the car began backing down the driveway. Gaining momentum every inch of the way, it was going too fast even for Gary and he commenced to yell, which didn't stop the machinery he had set in motion.

Out in the middle of the street and gaining speed all the time, he turned the steering wheel frantically, just as he had practiced doing hundreds of times, but backwards they went. There was a loud thud after the car leaped the sidewalk and became entangled in a rosebush and an old fence, just missing a big tree by inches.

There wasn't a scratch on the station wagon or the boy - who is now restricted to driving his own one passenger model.

Other awards announced by Principal Arthur L. Straus were faculty awards; scholarship to Miss Padgett; activities to Bob Gardner, who received a gavel from his student body officers; citizenship to Miss McAllister and athletics to Burns; Danforth Foundation awards for citizenship to Sandy Renfrow and Cooper; George S. **RETRIEVER**-Bomber, a one-year-old Chesapeake Bay retriever, gently returns a live duck to Mrs. Robert (Betty) Napolitano. Mrs. Napolitano, a full-time housewife and part-time dog trainer, has received honorable mention in the National American Chesapeake club magazine for her work with Bomber.

## Busy Housewife Trains Prize-Winning Retriever

By DOT SIMMONS

Mail Tribune Correspondent Lone Pine - In addition to being a housewife and mother of three children, Mrs. Robert (Betty) Napolitano, 555 Valley View dr., is also the trainer of a potential champion retriever.

Mrs. Napolitano started training her Chesapeake Bay retriever, Bomber, for a challenge six months ago. She wanted to see if she could make a field trial champion out of him.

Since then, Mrs. Napolitano has received honorable mention in the National American Chesapeake club magazine for the progress she has made with her dog.

So far the dog's wins include: first puppy stake,

Rogue River, Jan. 31; C. M. puppy stake, Rogue River, Feb. 21; second puppy stake, Rogue River, March 13; first puppy stake, Shasta Cascade, March 20; and second and fourth places in the Rogue Valley Retriever club, of which Mrs. Napolitano is a member.

All totaled, Bomber has 13 points, making him the high point puppy in the club.

She says being a member of the club has been very helpful in training her dog. Being judged and the competitive spirit help keep her on her toes, she says.

Bomber last night won first prize in an obedience class conducted at Phoenix Community club. Prize was a gold loving cup.
