

Good Progress Is Reported on Road

Good progress is being made on the construction of the Lake of the Woods highway, Samuel S. Poirier, assistant forester engineer, Rogue River National forest, said Saturday.

The highway, under contract by the bureau of public roads to the firm of Peter Kiewit and Sons, will replace the present low-standard road running east from the forest boundary near McAllister-Soda Springs to Lake of the Woods.

The second section of this highway is planned for contract after July 1, and will extend the highway to the junction with the present county road east of Lake of the Woods.

The forest maintenance crew has replaced four temporary log stringer bridges on the Butte Falls district

with steel culverts, has completed construction of a bridge on the Steve Fork rd. on the Applegate district, and is currently maintaining public roads to popular recreation sites throughout the forest.

Another forest project, a residence and 10-man crew house at the Butte Falls Ranger station was recently completed by the firm of B. D. Greene of Ashland. They are now constructing a residence at the Union Creek Ranger station.

DON'T SAY HE'S BEAT
Denver —UPI— A couple of "beatniks" recently were written up in newspapers after their arrest for allegedly stealing \$4,000 worth of furnishings from plush apartment house lobbies to decorate their own "way out" apartment. One of them was unhappy. He complained to a Denver Post reporter, "I'm a burglar, not a beatnik."
