New York—(UPI)—Heavyweight champion Ingemar Johansson had a weight advantage of only 4 1/2 pounds today over Floyd Patterson when Johansson weighed 194 1/2 pounds and Patterson scaled 190 for their return heavyweight championship fight at the Polo Grounds tonight.

unbeaten Ingemar Johansson, Sweden's dimpled dynamite, in their international return fight at the Polo Grounds.

An expected crowd of 40,000 in the former Giants ball park will watch as 25-year-old Patterson of Rockville Centre, N.Y., attempts to become the first man in ring history to win back the heavyweight crown. And the first to tag Ingo with a professional defeat.

None of the eight who previously tried to recover the title were able to do it. And the betting is 8-5 that Floyd doesn't turn the trick.

Brawny Johansson, who floored Floyd seven times for a third round technical knockout in their first fight last June 26, apparently wasn't fretting about the return. He appeared personally on a 10:30 p.m. (e.d.t.) television show Sunday night—the night before his first defense.

Surprised sports writers asked the brown-haired champion in the natty blue tropical

suit if Sunday night's late outing might interfere with tonight's performance at 10:30 p.m. (e.d.t.) under the ring lights.

"No," he said. "I get to bed late. I sleep like a baby—late, till maybe 10:30 and get up feeling fine for the weight."

It was reported without confirmation that he received \$2,000 for his appearance as mystery guest on the TV show "What's My Line?" His identity was quickly established.

Tonight Ingemar and Floyd are expected to pick up about \$500,000 each for their scheduled 15-rounder as their shares of the "live" gate of perhaps \$800,000 at the park and the receipts from theater-television, radio, movies, etc., expected to total about \$2,500,000.

There will be no regular home television, but ABC will radio it to homes nationally. It will also be carried by radio in six languages to 26 foreign countries.

Champion and ex-champion motored into New York from their respective camps Sunday—Johansson from Grossinger, N.Y., and Patterson from Newton, Conn.

During their six weeks of training Patterson indicated he would carry the fight to Ingo this time and try to beat him with left hooks to the head and hooking combinations to the body and head.

In their fight last June, Floyd made the disastrous mistake of trying to fight at a distance from the 27-year-old long-range, sharp-shooting specialist. Thus Patterson was nailed between the eyes by a thundering right in the third round for the first of seven knockdowns before Referee Ruby Goldstein stopped the bout at 2:03 of the third.

## Real Solid Track Team Seen for United States

By HAL WOOD

Berkeley, Calif.—(UPI)—Larry Snyder of Ohio State, coach of the U.S. Olympic track and field team, said today that, in the wake of the NCAA championships on Saturday, United States would have a "real solid" team for the Rome Olympics.

"These boys from the colleges filled in where we were possibly weak for the Olympic trials at Stanford, July 1-2," said Snyder. "Now I can't think of any immediate worries."

The NCAA boys, well tuned for the Olympic trials and some of them headed for the national AAU meet at Bakersfield this week end, cracked 10 meet records and equalled another during the two-day grind here.

Here are the new record holders:

Javelin—Bill Alley, Kansas, 268 feet, 9 inches.

1500 meters—Dyrol Burleson, Oregon, 3:44.2.

Shot put—Dallas Long, USC, 61 feet, 9 inches.

3000-meter steeplechase—Charley Clark, San Jose State, 9:02.1.

400-meters—Ted Woods, Colorado, 45.7.

800-meters—George Kerr, Illinois and Jamaica, 1:46.4 (not eligible for U.S. Olympic trials).

High jump—John Thomas, Boston U., 7 feet.

Hammer throw—John Lawlor, Boston and Ireland, 209 feet, 2 inches (not eligible for U.S. Olympic trials).

Kansas repeated as the team champion, scoring 50 points to 37 for favored Southern California. Other team leaders: UCLA 31, Oregon 22, Oregon State 22, Boston 20, Houston 20, San Jose State 20, Stanford 20, Illinois 18, Arizona 16, Grambling 16, Morgan State 15, Missouri 14, Oklahoma 14, California 13, Colorado 12, Georgia Tech 12, Harvard 12, Occidental 12.

Robbie Snow, whose three-hitter gave State the first game win, won the state MVP award.

Ager had 12 strikeouts in the seven-inning game and walked only one man.

A six-run rally in the fifth inning netted State its second series win in the first game of the twin bill.

Medford's Lowell Dean sparked the State squad to its win with two hits.

Four players and the coach of the Medford High school state A-1 championship baseball club had considerable role Saturday and Sunday in the State-Metro prep all-star series at Eugene.

Cal Dean played the entire three-game series at short-

Eugene—(UPI)—State defeated Metropolitan, two games to one, in the third annual Oregon high school all-star baseball series here but a Metro pitcher stole the show.

"No," he said. "I get to bed late. I sleep like a baby—late, till maybe 10:30 and get up feeling fine for the weight."

## Same Old Story For Dairy Maids

It was the same old story over the week end for the Rogue Valley Dairy Maids in the Northwest Women's Major Softball league. They divided a series.

Rogue Valley tripped the Martinizer cleaners at Portland on Saturday and bowed to that team, 2 to 1 on Sunday. The Maids are now 6-6 in the circuit and Martinizers 3-9.

The southern Oregon team, in the first game collected three runs in the second inning on Ellen Callaghan's home run, a hit by Pat Barron, an error, a sacrifice by Phyllis Perry and three bases on balls. In the third frame for one tally, Callaghan hit, stole second and came home on an error.

Four Hits, Two Runs

Four hits, by Jan Rhulin, Bea Perry, Jan Hoodenpyl and Donna Oleson, got the Portlanders two runs in the seventh stanza.

Barron, pitching a five-hitter for the Maids, walked three and fanned three.

Helen Wolgamott's single, a walk, an error and two fielder's options in the first inning gained the Maids their only run of the second scrap. Martinizer scoring was in the third panel on hits by Bonita Mooney, Shirley Hellberg and Oleson.

Marion Kozak threw a three-hitter for the cleaners. She struck out four and walked three. The Martinizers got just four safeties off Callaghan, who struck out one and issued no bases on balls.

A high bouncer by Anderson in the first game on Sunday helped in two runs. Cal Dean had singled ahead of him to drive in the first run of a six-run State surge. Andy also singled to center. A Saturday night hit by Cal drove in a State marker.

Lowell Dean singled in the first Sunday game then doubled to drive in Anderson.

## Lockwood Nine Defeats Cheney Studs 5-4, 6-2

Central Point Studs and Grants Pass will play an Area 4 southern Division American Legion junior baseball tangle at 8 p.m. Tuesday at Cheney field here. Grants Pass will be home team.

Central Point—Roseburg Lockwood Motors, helped by bases on balls, whipped the Central Point Cheney Studs twice on Sunday in non-league American Legion junior baseball at Roseburg. Scores were 5 to 4 and 6 to 2.

Lockwood picked up four of its markers in the opening scrape in the fourth inning on a hit batter, three walks, a double by Jim Jarvis and single by Ron Lake. Bill Frank and Dennis Arana each singled in the fifth frame to manufacture what proved to be the winning run.

Central Point had a three-run canto, the third. The Studs used a double by Pat Pepper, other safeties by Mike Glines and Brad Getting and a Roseburg error. Cheney had three double plays in the opening affair and played errorless ball.

Outbit Roseburg

Jarvis of the home club led the batting with a single and double.

The Studs outbit Roseburg eight to three in the second fuss but Lockwood capitalized on eight bases on balls. Two walks and three wild pitches got a home team run in the first inning and four free passes and a sacrifice figured in two scores in the second. In the third inning for three runs there was a hit by Polley, two

RECORDS SET—A pair of Multnomah Athletic club swimmers set new national age-group records in the Santa Clara invitational swimming meet here Saturday. ## Jim Bryan Killed in Race Spin

United Press International

Former three-time national champion Jimmy Bryan of Phoenix, Ariz., and two British race drivers were killed Sunday climaxing a week end of tragedy in auto racing circles.

Bryan, 33, making a comeback after two years of retirement, died at the start of the 100-mile national championship race in Langhorne, Pa., when his car skidded and then hurtled 35 feet into the air. He died en route to Lower Bucks County hospital.

Chris Bristow and Alan Stacey of Great Britain were killed on the 20th and 25th lap of the Belgian Grand Prix in Francorchamps, Belgium. Bristow was killed after he was thrown out of a somersaulting Cooper. Stacey, 26, died when his Lotus jumped the track and crashed into a field.

Bryan, winner of the Indianapolis 500 in 1958 and the 500 Miglia at Monza, Italy, in 1957, went into a fatal spin 12 seconds after the start of the race when he hit the second curve of the dirt track too fast.

## Woods, Water, Wildlife

By Hank DeVoss

It is said that there are some people who actually enjoy being cooped up in town during the hot summer. The explanation is that they are so acclimated to air coolers, water coolers, and sit-down entertainment that if they did leave such a cloistered environment they wouldn't survive the transition to the open air. True or not, let's not encourage them to change and join us, the streams and lakes are crowded enough already.

WATER FROM THE SPRING TO THE CULVERT. It was the spring, eroding down and through the slide, that caused the muddy situation in the upper river.

NOT A PLOT!

It was not part of a purposeful plot by the highway department to muddy the lower Rogue this week. The fact that it moved tons of dirt in order to create a new channel for the river was no indication that it intended making the river dirty.

Believe it or not, this is the story. Boaters should take warning, however, and not try the new channel. A pick up and take out has been constructed in order to get boats around the coffer dam. One boat has been lost already so a word to the wise should be sufficient. In case you're lost, this conversation is with regard to the new Highway 99 bridge being constructed between Gold Hill and Rogue River.

THE OPTIMIST'S CORNER

One would think that a person who loves fishing would be able to arrange his life to fish more than not but it doesn't seem to work out that way. The only way to adjust to less time for fishing is to enjoy it that much more when the chance to go occurs.

GOOD LUCK!

## Wimbledon Play Starts

Wimbledon, England—(UPI)—Barry McKay, who has shown a wealth of promise but never yet has won a major international tennis tournament, starts his quest today for the Wimbledon men's singles championship against an unheralded but dogged Spaniard.

McKay, seeded second to Australia's Neale Fraser, met Jose Arilla in one of the 64 scheduled men's matches that launch what could be the last all- amateur Wimbledon tournament.

# Why Mercury is the better low-price car!

MORE VALUE. Just look at these Mercury advantages over other low-price cars:

You ride smoother because Mercury has up to 8 inches more wheelbase . . . and is up to 494 pounds heavier. You're more comfortable because Mercury's extra shoulder room, leg room, and foot room. You feel safer because Mercury's brakes are bigger (up to 26%), and visibility is better (up to 21% more). Mercury has at least two dozen extra values. Why not enjoy them all, and save a little money, too?

EVENS START \$63 TO \$66\* BELOW EVEN THE LOWEST-PRICED V-8 POWERED PLYMOUTH FURY OR CHEVROLET IMPALA.

And we're not talking about a 'stripped' Mercury. This price comparison is based on a deluxe-appointed Monterey with luxurious nylon interior and deep, soft wall-to-wall carpeting. This amazing price story is the result of Mercury's dramatic 1960 price reductions (as much as \$174 lower than last year, including extras that are now standard equipment).

Every Mercury is lower priced than last year. All Monterey's are now low-price cars. They are priced below, or within a few dollars of, the other deluxe V-8 series in the low-price field. Come in. See for yourself.
