### Cost of Living Increases Again

### Eisenhower Plans Report To America Next Monday

### President Will Accent Positive In National Talk

### Chief Executive Talks With Nixon

Honolulu — (UPI) — President Eisenhower, described by his staff as puzzled and somewhat amused by Democratic criticism of his failure to visit Japan, will present his side of the recent Far Eastern trip to the American people Monday at 3:30 p.m. p.s.t.

Speaking from Washington, where he is expected to return Sunday, the Chief Executive will accent the positive rather than defend his trip. He still believes firmly that his visits to the Philippines, Formosa and Korea added up to a successful venture in developing closer ties between the United States and the Orient.

**Radio and Television**  
Eisenhower's speech, under preparation here in consultation with members of his White House staff, will be broadcast nationally by radio and television and relayed around the world over the shortwave circuits of the Voice of America.

Eisenhower talked over his trip and plans for the report to the people with Vice President Richard M. Nixon Thursday. Nixon had just returned to Washington after a series of out-of-town political appearances and Thursday was the first opportunity he and the President had for a long distance get-together.

### Cal-Ore Hereford Tour Set Sunday

The annual Cal-Ore Hereford tour will be held in Klamath Falls starting at 9 a.m. Sunday.

The all-day tour will start at the Lee and Howard Holliday ranch to see results of production testing and a pasture variety trial. The tour will continue to the Mitchell farm and lunch at the Norman Jacobs ranch in the Malin area to view the herd and corrals.

### Demossing Scheduled In Talent District

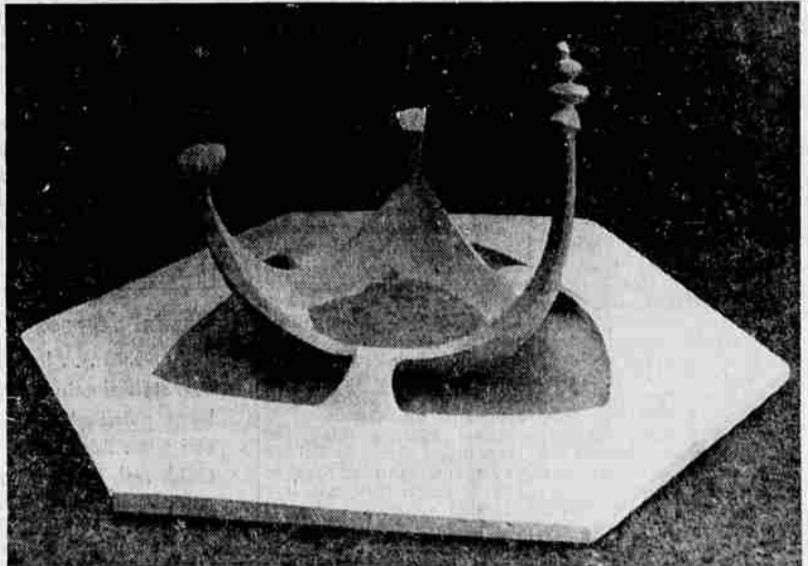

The Talent Irrigation district will turn off the water in some sections of the district Monday and Tuesday for demossing operations, a district official said today.

### Business Entertainment Deduction Limit Nixed

Washington — (UPI) — A Senate-House conference committee today scuttled legislation to repeal a tax advantage for big stockholders and limit tax deductions for business entertainment expenses.

The conferees agreed on compromise legislation to close a tax loophole for the mining industry. The Treasury had warned that the loophole, opened by a court decision, might ultimately result in \$600,000,000 a year in lost revenue.

The conferees made the de-

**SANDBOX**—What appears to be a piece of modernistic sculpture, above, is actually a model for sandbox designed by Charles H. Forrester of the University of Oregon School of Art for use in Medford's Hawthorne park. Designs for this and other pieces of sculptured-type play apparatus have been made by Forrester after he made a special

inspection trip here earlier this year. Financing for the new equipment will come largely from the T. W. Miles Estate, the Medford Moose lodge, Elks club and Kiwanis club, according to Medford Parks and Recreation Director Robert Haworth. With a child's imagination, the sandbox could become a Viking ship, a castle or a fort, Forrester said.

### Three Youngsters Drown in Oregon Swimming Pools

By United Press International  
Three youngsters died in Oregon swimming pools Thursday.

7½-year-old Gresham boy drowned in the Top O'Scott golf course pool, a 17-year-old girl lost her life while conducting a swimming class in Helix and a 10-year-old Corvallis boy drowned in the Corvallis high school pool.

The victims were Randy Pauker of Gresham, Alice Cowan of Helix and John E. Holen of Corvallis.

### Jensen Escape Charges Dropped

Salem (UPI) — Escape charges against two prison inmates who fled from the state hospital's criminally insane ward March 4 were dismissed in circuit court Thursday.

The district attorney's office told the court that both James Norman Jensen, 31, and Jack Stanley Amason, 29, are mentally defective. The office added that their mental condition has deteriorated since the escape and they would not be able to comprehend the charges.

Jensen, convicted hatchet slayer of a medford woman, and Amason, serving a term for assault and robbery, fled from the ward by cutting bars with hacksaw blades supplied them by a hospital employee, who received a 20-year sentence.

Monday water will be turned off in the Talent lateral. The east lateral water will be turned off Tuesday. The whole system will be back operating full capacity Wednesday, the official explained.

### Free Methodists Reelect Bishops

Winona Lake, Ind. — (UPI) — The Free Methodist Church reelected its four bishops Thursday during the church's centennial Central Conference here.

They are Dr. L. R. Marson, Greenville, Ill.; C. V. Fairbain, McPherson, Kan.; J. Paul Taylor, Winona Lake, and W. S. Kendall, Salem, Ore.

### Williams Sawmill Destroyed by Fire Thursday Night

Williams — A sawmill which supported about half the population of this small lumbering town burned to the ground last night.

Owners Percy Sowell and Norman Webb said today they are not sure if the Brown Brothers Lumber company mill will be rebuilt. The firm employs 75 persons, it is estimated. It had been cutting about 70,000 board feet per day.

The planer mill, which was some distance from the main building, and the dry kiln were saved. However, no plans have been made yet for its further operation, it was reported. Cause of the fire was thought to be from sparks from an electrical outlet box or from the waste burner.

Nearly half the population of this community, 20 miles southeast of Grants Pass, depend on the mill for their living either through mill work or from logging and hauling to the mill, a town spokesman said.

### Legislative Pay Session Sought

Coos Bay — (UPI) — The Southwestern Oregon Central Lumber Council passed a resolution this week asking the governor to call a special session of the Legislature to consider getting an increased legislators' pay measure on the November ballot.

Voters in May turned down a salary hike for legislators, who now get \$600 a year.

The Council said if the issue did not get on the November ballot it would be two years before it could be voted on again.

### Delegate Returning To Geneva Conference

Geneva — (UPI) — Chief American delegate Fredrick M. Eaton was on his way back to the Geneva disarmament talks today with some new U.S. proposals designed to keep the talks and disarmament hopes alive.

### Grass Fire Threatens Ashland Church, Home

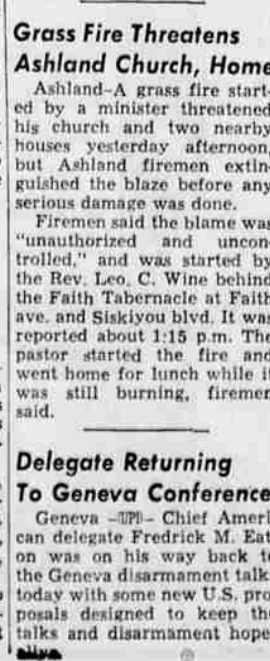

Ashland — A grass fire started by a minister threatened his church and two nearby houses yesterday afternoon, but Ashland firemen extinguished the blaze before any serious damage was done.

Firemen said the blaze was "unauthorized and uncontrolled," and was started by the Rev. Leo C. Wine behind the Faith Tabernacle at Faith ave. and Siskiyou blvd. It was reported about 1:15 p.m. The pastor started the fire and went home for lunch while it was still burning, firemen said.

### Windows Broken In Portland Church

Portland — (UPI) — Police said today vandals broke 41 windows in the Rockwood Methodist church. The Rev. Dwight Townsend, pastor of the church, estimated damage at \$200. Police said the vandals possibly were armed with high-powered slingshots.

### "Remember When We Only Worried About A Mess In Washington?"

### UN in Peaceful Settlement of Eichmann Case

### Public Apology Seen Reparation

United Nations, N.Y. — (UPI) — The United Nations today could claim one of its few undisputed triumphs since World War II—a peaceful settlement of the Argentine-Israeli dispute over infamous Nazi Col. Adolf Eichmann.

There was no doubt Eichmann, the accused killer of millions of Jews who was discovered and captured by Israeli agents in a sensational kidnaping from Buenos Aires last month, would stand trial in Israel for his World War II crimes.

Argentina indicated the injury done to its national dignity by the illegal abduction could be considered all but forgotten following Thursday's mild Security Council resolution asking Israel for "adequate reparation."

In Buenos Aires, Undersecretary of Foreign Affairs Miguel Angel Centeno said the reparation might be nothing more than a public apology, such as already offered by Israeli Foreign Minister Mrs. Golda Meir.

Official Israeli sources in Jerusalem, in turn, expressed complete satisfaction with the Security Council verdict, which was 8-0 against them, with Russia, Poland and Argentina—by its own choice—abstaining.

Israelis were particularly pleased with the stand taken in the debate by U. S. Ambassador Henry Cabot Lodge, who said Thursday that the Eichmann issue should be closed with passage of the resolution and an Israeli apology.

### Scholarship Added To Festival List

Ashland — A scholarship award provided in recognition of a San Jose, Calif., man has been announced by the board of directors of the Oregon Shakespearean Festival, Ashland.

Established in honor of Lowell C. Pratt, director of Public Relations at San Jose State college, the scholarship will be anonymously endowed by a former member of the Festival company and student of Pratt.

The scholarship will be awarded annually to a member of the Oregon Shakespearean Festival's public relations staff, to assist with expenses incurred while serving an apprenticeship with the festival. There are over 35 such scholarships now provided for festival company members.

A past president of the San Jose public relations roundtable, Pratt is currently professor of journalism at San Jose State college, and director of public relations.

First recipient of the scholarship is Gary Aldridge, of Amity, Ore., a member of the festival's public relations department.

### Windows Broken In Portland Church

Portland — (UPI) — Police said today vandals broke 41 windows in the Rockwood Methodist church. The Rev. Dwight Townsend, pastor of the church, estimated damage at \$200. Police said the vandals possibly were armed with high-powered slingshots.

### Inspect Proposed Sites

Neither Guinn nor Leighton had anything to say at the meeting, but afterward Guinn said he and Leighton are in Medford to inspect proposed sites for the new federal building.

Guinn said there are four proposed sites, and the choice of a site will be made in Washington.

The main difference between the proposed multiple-family zone and the one now in use, is that the multiple-family zone would be split into Class A low density and Class B high density divisions.

**HERTER ACCUSES 'K'**—Secretary of State Christian A. Herter, shown during a news conference in Washington today, accused Soviet Premier Nikita Khrushchev of meddling in U.S. internal affairs by his comments on presidential elections. On another subject, he denied that the U.S. in any way suggested to Tokyo that it should call off President Eisenhower's trip to Japan. (UPI Telephoto)

### Zoning Ordinances Presented to City Council, Planners

Copies of a proposed multiple-family zoning ordinance and a proposed trailer ordinance were distributed at a special joint meeting of the Medford city council and planning commission last night.

The ordinances were prepared by the planning commission and planning department under the joint city-federal urban planning assistance program.

The planning commission indicated last night that it will call for a public hearing on the multiple-family zone proposal in the near future.

H. K. Guinn, site agent for the general services administration in Seattle, and J. C. Leighton, post office space officer for the Portland region, attended last night's meeting to hear discussion of the city's proposed civic center. The city hopes that the GSA will locate the proposed \$2,300,000 federal building in this center.

**Explains Land-Use Plan**  
Guinn and Leighton heard Lloyd Anderson, southern Oregon planning consultant under the urban planning assistance program, explain a preliminary land-use plan and how the civic center would fit into the overall plan.

He said the choice of a site for a civic center is not an easy one. The site which is bounded by Mistletoe, 10th, Holly and Main sts., he said, is used on a plan drawn up in 1931. It was selected, he said, because it is easily accessible from all parts of the city, it is adjacent to the central business district but not in the high-cost property area and it might prevent a "blight" area if the central business district should tend to move towards the new shopping center.

**Inspect Proposed Sites**  
Neither Guinn nor Leighton had anything to say at the meeting, but afterward Guinn said he and Leighton are in Medford to inspect proposed sites for the new federal building.

Guinn said there are four proposed sites, and the choice of a site will be made in Washington.

The main difference between the proposed multiple-family zone and the one now in use, is that the multiple-family zone would be split into Class A low density and Class B high density divisions.

### WEATHER

FORECAST: Fair and warm through Saturday with some high cloudiness at times. Low tonight 54. High Saturday 74.

Highest yesterday 75  
Lowest this morning 53

**Our Skies Tonight**  
Sunset today 7:55 p.m.  
Sunrise tomorrow 4:55 a.m.  
Moonset today 8:10 p.m.  
First Quarter July 1  
PROMINENT STAR  
Antares, due south 10:23 p.m.  
VISIBLE PLANETS  
Jupiter, low in south-east 8:33 p.m.  
Saturn, low in south-east 9:53 p.m.  
Mars, due east 2:55 a.m.

### Russia Accused Of Muddling in Internal Affairs

### Press Conference Told of Retirement

Washington — (UPI) — Secretary of State Christian A. Herter accused Soviet Premier Nikita S. Khrushchev today of meddling in U.S. internal affairs by his comments on presidential elections.

Herter also told his news conference—the first he has held since collapse of the summit meeting in Paris—that he has decided to retire from the State department no matter which party wins the November elections.

**No Suggestion Made**  
On still another subject Herter denied flatly that the United States in any way suggested to Tokyo that it should call off President Eisenhower's trip to Japan.

Meeting with newsmen on the 10th anniversary of the Communist attack in Korea, Herter used the news conference to call for a "reaffirmation" of the free world's determination to resist aggression and our support for the United Nations.

Herter said in his comment on Khrushchev that the Soviet leader's statements that he would not deal with President Eisenhower and his letters to Democratic political figures came about as close to interfering in U.S. domestic affairs as anything he could think of.

**Favors Younger Man**  
Khrushchev recently quipped that if it were true that the U.S. candidate endorsed by the Soviet Union would lose, he would endorse Vice President Richard M. Nixon.

Herter said that because of his age and the possibility that his arthritic condition might get worse he has decided that a "younger man" should take over the post of secretary.

### Two Bids Opened For Sheriff's Cars

Two bids were submitted this morning on purchase of five cars for the Jackson county sheriff's department. The contract will be awarded later.

Courtesy Chevrolet, Medford, bid \$2,575 for each of five cars or \$12,875 total bid price. The bid specified 40 per cent discount on all parts.

Skinner Buick and Cadillac company, Medford, submitted a basic bid of \$12,639 on five Buick La Sabre patrol cars plus \$487.50 for installation of sirens. Total bid is \$13,126.

County Commissioner Chester Wendt said specifications included sirens on each of the patrol cars.

The specifications are similar to five cars purchased earlier this year for the sheriff's department.

Awarding of a contract is pending further study of the bids, County Commissioner Ralph James said.

### Woman Appointed Architect Examiner

Salem — (UPI) — Gov. Mark Hatfield today appointed the first woman in state history to the State Board of Architect Examiners.

Mrs. Ebba Wicks Brown, Astoria, was named to succeed Cleo H. Jenkins, Corvallis, whose term expired.

The new board member is a member of the Astoria City Planning Commission and began her career in architecture in Astoria in 1936. From 1941 to 1945 she was in Klamath Falls and practiced two years in Michigan, returning to Astoria in 1953.

She holds a bachelor's degree from the University of Oregon and has done advanced work there as well as in Michigan.

### Congressmen's Expense Limit Set by Committee

Washington — (UPI) — A House watchdog committee has responded to newspaper and magazine charges of travel allowance abuses by setting a \$25 daily limit on expenses of congressmen making trips in the United States.

**Public Accounting**  
The House Administration Committee Thursday also recommended that House members make a public accounting of how they spend foreign currencies allotted them on trips abroad.

The actions came amid a new round of counter charges over the alleged use by House members of taxpayers' money for such items as liquor and entertainment on travels here and overseas. The charges have been denied by individuals involved.
