

# RUSS QUIT DISARMAMENT TALKS

## Ike Meets With Advisers; Polishes Tonight's Talk

Nixon, Herter Brief President On Major Issues

Far East Report Gets Final Touch

Washington—UPI—President Eisenhower conferred with his top advisers today on the troubled world situation, the legislative outlook, and tonight's television report on his Asian tour.

Vice President Richard M. Nixon and Secretary of State Christian A. Herter conferred separately with the chief executive at his request.

Nixon spent 40 minutes with Eisenhower and went over both global developments and the status of administration-backed legislation still pending in the closing days of Congress.

Herter, along with Undersecretary of State C. Douglas Dillon, briefed the President

President Eisenhower's report to the people tonight on his recently completed Far East trip will be carried on KJVC (1230 kc) and KMED (1440 kc) at 7:30 p.m. and on station KBES-TV at 6:30 p.m.

on the latest developments in international affairs, including the blow-up of East-West disarmament negotiations in Geneva today.

White House News Secretary James C. Hagerty said the President's speech tonight was mentioned "only in passing." The President had no listed appointments, and was expected to spend the rest of the day polishing his remarks.

Asked about reports that Nixon was given a copy of the President's address Sunday, Hagerty said "it's news to me." He added that the speech was not finished.

Eisenhower, who returned Sunday morning from his 23,000-mile trip, is believed to feel that his mission to the Orient was successful even though he was forced to cancel a scheduled visit to Japan when anti-American demonstrators got out of control.

He was said to believe there still is much to be gained from this type of globe-trotting personal diplomacy despite criticism of his trip.

## Youth Arrested for Friday Burglary

Medford city police arrested an 18-year-old youth Sunday and charged him with the Friday morning burglary of the Ninety-Nine motel, 816 North Riverside ave. Only \$30 of the approximately \$1,000 taken in the burglary was recovered.

Arrested was Wayne Ivan Shults, 2934 West Main st. He was taken into custody Sunday after returning home from Reno, Nev., where he told police he had spent or lost most of the money.

Shults, who had been employed at the Ninety-Nine gas station adjacent to the motel, told police he took the money from the gas station till and from the cash box in the motel.

While in Reno, Shults said, he was "rolled" and approximately \$700 of the stolen money was taken from him.

## Concession at Reservoir To Be Considered by Court

A special meeting to consider a concession at Howard Prairie reservoir will be held by the Jackson County Parks and Recreation commission soon.

Robert J. Keeney, commission chairman, said he would call the meeting soon so a concessionaire could be ready to get in to operation for the July 4 holiday week end.

Three bids were received this morning by the county court for operating a concession at the newly created recreation area, located in the Talent project, south of the Dead Indian rd., have been taken under advisement, the county court said. They offers to the county ranged from 2 per cent of the gross receipts to 10 per cent. The county court will study the ability of

## Khrushchev Gets Heavy Backing for Coexistence Plan

Bucharest, Romania—UPI—Soviet Premier Nikita Khrushchev wound up nine days of talks with some of the top men in the Communist world today and left Romania bearing heavy Eastern European backing for his policy of "peaceful coexistence" with the West.

Top Romanian party and government leaders saw Khrushchev off at the airport. It was assumed he was returning to Moscow, although no one would say specifically just where he was going.

Reliable sources said Khrushchev carried with him the signatures of five East European Communist leaders on a document supporting his peaceful coexistence theme.

Khrushchev's stay in Bucharest was extraordinary. He flew in a week ago Saturday, without advance fanfare, for the opening of the Romanian party congress. He was expected at first to stay only over the week end but he remained until today.

Western experts in London said such a document most likely would be used to back up Khrushchev in his current ideological wrangle with Red China's Mao Tse-tung, who supports a "hard line" in the cold war.

The formal signing of the new declaration, according to reliable sources here, was the chief result of the Russian premier's week-long summit meeting with the Communist chiefs of Romania, Bulgaria, Czechoslovakia, East Germany and Poland.

The importance which Khrushchev attached to these secret talks was demonstrated by the fact he stayed over Sunday for one last session, rather than flying off to Moscow as expected.

The Festival tickets may be purchased in Medford at Mann's Department store. The theater's central box office in Ashland is open daily except Sunday from 9:30 a.m. to p.m.

Plays set for the Festival's 20th season are "The Taming of the Shrew," "Julius Caesar," "The Tempest," and "Richard II." They will rotate nightly from July 25 through Sept. 3. John Webster's tragedy, "The Duchess of Malfi" will be given Aug. 22 and 31.

each of the bidders to finance and operate such a concession and make its decision. County Judge Earl Miller said today. The county would grant the concessionaire an 18 month permit.

Bidders were Cecil and Agnes Hall, 2133 Spring st., Medford, 3 1/2 per cent; Bernard Stormberg, 712 South Modoc ave., and Phillip Huntley, 623 South Modoc ave., 2 per cent; and Robert P. Johnson, Glen F. Bailey, and William L. West, of Johnston Store, 112 South Riverside ave., Medford, 10 per cent.

Robert L. Haworth, acting director of the Jackson county parks and recreation commission, said no overnight trailer or camping facilities will be available this summer.

He was arrested on a technical charge of disorderly conduct pending a possible sanity hearing.

## John W. Snider Elected Cities League President

Portland—UPI—Mayor John W. Snider of Medford Sunday was elected president of the League of Oregon Cities, succeeding Loren D. McKinley who resigned.

Mayor Lawrence E. Slater of Klamath Falls succeeded Snider as vice president.

Snider named Hugh McKinley, city manager of Grants Pass, to membership on the executive committee.

A delegation was named to represent the League at the July meeting of the Legislative Interim Committee on Taxation. They include Snider, Slater, Terry Schurck of Portland, Ed Harms Jr. of Springfield, William Jackson of Baker and Russell Bone-steale of Salem.

The League will hold its annual convention in Salem Nov. 13-16.

The group went on record favoring a recent Senate bill which will allow payments to cities in lieu of taxes on federal buildings which are exempt from municipal and valorem taxes.

John Porter, city manager at Corvallis, was made a trustee of the League's group insurance plan which covers all incorporated cities in the state.

Talkeetna, Alaska—UPI—Kent Heathershaw, a Bremerton, Wash., mountain climber who was stranded on Mt. McKinley for more than three days in bad weather, was rescued today.

Astoria—UPI—Fifteen sailboats left here Sunday in the first North Pacific Ocean sailing race, with the destination Port Angeles, Wash.

Police said that the patient had been confined in the hospital for "nervous tension," according to his doctor. About 3 o'clock Monday morning he suddenly broke loose from the bed to which he had been strapped and started tearing the room apart. Hospital attendants called on police for assistance.

## U2 Spy Episode Seen To Prevent Future Mistakes

Johnson Commends Senate Committee

Washington—UPI—Senate Democratic Leader Lyndon B. Johnson said today the Senate foreign relations committee report on the U2 spy plane episode and the summit collapse should prevent "the repetition of mistakes" in the future.

The Texan commended the committee for a "forthright presentation of facts" in the report which criticized handling of the U2 incident.

Johnson said "The American people now have a basis for judgment—judgment on how to avoid a repetition of mistakes. I hope we can proceed on the basis of that judgment to insure greater coordination between our agencies."

Meanwhile, Chairman J. William Fulbright (D-Ark.) of the committee was working on a speech to outline his own views on the U2 affair and the summit collapse. Fulbright, who worked to get out a report that most members could sign, said earlier he felt the document was "very soft in its criticisms."

To Outline Own Views Fulbright termed the report, issued Saturday night, a "very thorough factual account" but he said it was overly moderate and failed to deal strongly enough with some of the most important issues.

Nevertheless, he said, it was the best report on which a majority of the committee could agree. Fulbright said he expected to outline his own views in a Senate speech within the next day or so.

The report, signed by 14 of the committee's 17 members, accused the Eisenhower administration of mishandling the spy plane incident at almost every important point.

He will assume the presidency next year, succeeding a former Medford osteopathic physician, Dr. Russell R. Sherwood, Gresham. Dr. Sherwood was installed as the association's president at the meeting last week in Spokane, Wash.

Dr. Snow, who served as vice president during the past year, moved to Medford five years ago from Des Moines, Iowa. He is president of the Southern Oregon osteopathic district society, a lay leader in First Methodist church, and member of the Rotary club. He is married and has four children.

Mrs. Snow was elected second vice president of the auxiliary to the association. Mrs. F. H. Butler, Phoenix, was named secretary.

At the association's annual elections, Dr. A. A. Griffin, Jacksonville, was named trustee representing the Southern Oregon district.

Pendleton—UPI—An 11-year-old boy, Ralph Edward Clark, remained in serious condition in a hospital today from dog bites inflicted Saturday in his yard.

Port Lavaca, Tex.—UPI—A flood set off by nearly 30 inches of rain receded slowly today and water still swirled knee-deep in the homes of 1,000 persons. Floods claimed at least seven lives in Texas.

Government Camp—UPI—A total of 190 persons climbed Mt. Hood Sunday as Mazamas wound up a week end dedication of the new Mazama Lodge.

Medford city police officer was slightly injured Monday morning while attempting to subdue a patient who had gotten out of hand at Sacred Heart hospital.

Alfred L. Apparel sustained minor chest injuries while he and another officer were trying to put handcuffs on the patient.

The patient had been confined in the hospital for "nervous tension," according to his doctor. About 3 o'clock Monday morning he suddenly broke loose from the bed to which he had been strapped and started tearing the room apart. Hospital attendants called on police for assistance.

## Ratification of Cannery Pact Slated for Vote

Settlement Ends 11-Day Walkout

San Francisco—UPI—Union and management were scheduled to vote today on ratification of a tentative two-year agreement to end the 11-day-old strike against Northern California canneries.

A spokesman for the California Processors and Growers said he hoped the 10,000 striking cannery workers would return to work at the plants today. He said the area's ripening apricot crop was in jeopardy.

The agreement was announced early Sunday by federal conciliators George Hillenbrand and John Fenton after more than 17 hours of marathon negotiations. Details of the agreement were not announced.

Hillenbrand said agreement was subject to ratification by members of the Teamsters Union and the processors and growers, but he added that ratification meetings were "expected" today.

60,000 Workers Covered Cannery workers struck June 16 after several months of talks. The workers, who asked a 25-cent hourly wage boost and fringe benefits, were receiving wages ranging from \$1.67 to \$2.70 per hour with an average hourly industry wage of \$1.97.

The agreement will cover a total of 60,000 workers at the peak harvest season of fruits and vegetables.

Dr. Snow, who served as vice president during the past year, moved to Medford five years ago from Des Moines, Iowa. He is president of the Southern Oregon osteopathic district society, a lay leader in First Methodist church, and member of the Rotary club. He is married and has four children.

Mrs. Snow was elected second vice president of the auxiliary to the association. Mrs. F. H. Butler, Phoenix, was named secretary.

## Elkins Conviction Upset by Supreme Court Decision

Washington—UPI—The Supreme court ruled today that evidence illegally obtained by state officers may not be used in a federal criminal trial over the objections of the defense.

The 5 to 4 decision set aside the 1957 federal wiretapping conviction of James Butler (Big Jim) Elkins, 58, of Portland, Ore., and Raymond F. Clark, one of his employees.

Justice Potter Stewart, speaking for the court, set up a new guideline for admission of evidence in federal criminal proceedings.

The Elkins case now goes back to Federal District court in Portland for further proceedings.

Stewart said that a federal court, in determining whether there has been an unreasonable search and seizure by state officers, must make an independent inquiry if there has been an inquiry by a state court and regardless of how it turned out.

Four Justices Dissent Dissenters were Justice Felix Frankfurter, Tom C. Clark, John M. Harlan and Charles E. Whittaker.

Elkins was a star witness at the Senate Rocketts committee hearings when the group was investigating vice and corruption in the Portland area.

He and Raymond Clark were convicted of violating the federal communications act by intercepting and divulging telephone conversations of former Portland District Attorney William Langley and others.

On May 21, 1957, Elkins was sentenced to 20 months in jail and fined \$2,000. His companion drew six months and a \$500 fine.

The challenged evidence in the case consisted of five tape recordings seized by state police in Clark's home under a warrant later invalidated in a state court. A state indictment against the pair was dismissed.

Federal authorities obtained the recordings from the state and used them in the federal trial.

Washington—UPI—The Senate interior committee has reported favorably on legislation authorizing the western division of The Dalles Federal reclamation project in Oregon.

Construction started today on the Oregon Broadcasting company's cable, which will be the main line for a distribution system to supply Medford cable-TV customers with two additional television stations.

According to Everett Faber, vice president of the firm, the first unit of cable will be approximately 3 1/2 miles long and will be attached to poles of the California Oregon Power company and Pacific Telephone-Northwest.

The main line is expected to be completed this week. If the equipment for the microwave unit arrives within the next few days, the system is expected to be operating in about a month, Faber said.

Upon completion of the line, the company will start connecting customers along the streets of the cable and on streets immediately adjacent. Faber said that about 1,000 homes may be serviced along the main line.

The cable will start at Columbus ave. on West Main st., east to Mistletoe st., south to Tenth st., east to Oakdale ave., south to 11th st., east to Central ave., south to 12th st., east to Cottage st., north to East Main st. and east to Valley View dr.

The "head-in" equipment, where the cable system will receive the picture, will be in the vicinity of West Main and Mistletoe sts., Faber said.

Faber explained that the system would be expanded to areas where a sufficient number of residents request it as soon as production is under way.

Customers will receive, in addition to KBES-TV, Channel 5, KOTV-TV, Channel 2, Klamath Falls, and KPIC-TV, Channel 4, Roseburg. Charges for the service, Faber said, are \$50 for line connection and \$5 per month cable charge.

The Oregon Broadcasting company recently completed a microwave building on Nugget butte north of Gold Hill. It will relay the signals of the three television stations to the Rogue River valley area.

## Entire Communist Bloc Takes Walk To Halt Hearing

Conference Thrown Into Angry Turmoil

Geneva—UPI—Russia and its Communist satellites abruptly walked out of the 10-nation disarmament conference today in an obviously rehearsed maneuver which blocked hearing of new western proposals and threw the parley into angry turmoil.

Chief Soviet delegate Valerian Zorin and the entire Communist bloc stalked from the meeting room vowing to place the whole issue before the United Nations General Assembly as French Ambassador Jules Moch shouted "Hoo-dlumism! hoodlumism!" at them.

The western powers promptly denounced the Communists' move, continued with the day's session and announced another meeting of the conference for Tuesday morning, which the Reds clearly did not plan to attend.

Reds Plan to Leave A Soviet delegation official said all the Communist delegation members were trying to get reservations to leave Geneva by Wednesday. A Romanian spokesman confirmed this. It was considered probable that Zorin would hold a news conference before he left.

Zorin, the same man who broke up the last East-West disarmament conference in London in August, 1957, got the floor first. He announced that the western powers had refused to discuss disarmament, and therefore Moscow considered this conference could do no more work.

Polish Deputy Foreign Minister Marian Naszkowski, today's chairman, ignored repeated western attempts— orally and in writing—to get the floor, and announced when Zorin was finished:

"The work of this commission is now discontinued, its role therefore now exhausted."

Moch leaped his his feet, roaring: "I want the floor! I want the floor!"

British Minister of State David Ormsby-Gore, who also was on his feet trying to get the floor, moved to the head of the table as the Communist group disappeared through the door, and took over the chairmanship.

Deplore Red Walkout Chief U. S. delegate Frederick M. Eaton, who returned from Washington with new American proposals Sunday, then led off a round of western speeches deploring the Red walkout and warning that the world would be the best judge of the Soviet action.

"This is a bad moment," Eaton said. "The Soviets have shown their true motives."

Zorin made his move to wreck this conference with the same abruptness and arrogance as Soviet Premier Nikita Khrushchev wrecked the Paris summit meeting in May. He did so despite the fact that only moments before today's session Eaton had told the western powers were about finished with their consultations on a new plan and would try to present it this week. (See Story on Page 2)

Second Finch-Tregoff Trial Gets Under Way Los Angeles—UPI—The second murder trial of lovers Carole Tregoff and Dr. R. Bernard Finch got under way today with selection and swearing in of 60 prospective jurors.

Portland—UPI—Mrs. Betty Schedeon of Gresham has been named an alternate delegate to the Democratic national convention.
