

Manufacturers Have Luggage for Motorists

TRAVELERS MUST—Good luggage is a matter of convenience as well as prestige, according to the experienced traveler—and it's fun to go places with new luggage. Shown here are new styles for him and her. His set: a leather twosome of slim 'suiter and Continental club bag; hers: a pair of molded cases made with fiberglass and vinyl coverings. The washable vanity case (front) is a handsome accent.

Garment Bag Keeps Clothes Neat in Car

Ever-increasing auto vacation travel has prompted luggage manufacturers to develop a new concept of packing and transporting clothing, expressly suited to motor travel.

Many motorists have preferred to hang cloth-

ing from rods or hooks within the car rather than fold them into a suitcase.

This often proved embarrassing for the owners when bellhops attempted to untangle wire hangers, usually resulted in a great deal of dust and dirt falling on the gar-

ments; rips and tears were often caused by doors opened and closed on sleeves and hems.

Consequently, the traveling garment bag—has come into its own. It protects, is easy to handle, and allows the traveler to carry many garments on hangers, as well as to fold up the entire bag (resulting in very little crushing of clothing) for carrying like a suitcase when preferred.

It may be put in the trunk when the car is left unattended; loosely hanging garments have proved

a great attraction for thieves. It eliminates a great deal of repacking at stopover points as it can be hung in the closet.

And now, companion bags come in many sizes for shoes, extra lingerie, cosmetics, toiletries, etc.—in fashion's newest colors and patterns!

Makers of milady's trousers are showing fall collections splashed with color and a huge assortment of patterned fabrics. Newest pants silhouettes: knickers.

Plan Vacation Around a Boat

One of the fastest growing and most popular types of vacations this summer is a boating vacation!

For those lucky enough to have larger boats, vacation trips are real fun. Almost everywhere are marinas and other waterfront facilities to make their trip more comfortable.

For the small boat enthusiast confined to local waters, there's fun in packing a family picnic lunch and stopping for the midday meal at a

peaceful and secluded spot along the shore. Or, the family members can take turns water skiing and surfboard riding.

Fishing can be a family boating affair, too!

A combination car-boat vacation is perfect for persons with smaller boats who also want to tour inland. With a car and boat trailer arrangement, you can travel to distant points, and have the fun of trying out new bodies of water along the way. At the same time, you'll be able to enjoy all the tourist sights on land.
