Steels, Chemicals Provide Thrust For Stock Market

New York—The stock market today had a broad-based rally after marking time for nearly a week. Most of the thrust was provided by such heavyweights as the steels and chemicals. The advance restored \$2 billion to market valuations. Steels stood out with gains of more than 3 in Lukens and Youngstown, 2 or more in Granite City and Allegheny Ludlum, and more than a point in U. S. Steel, Republic, Bethlehem and Carpenter. Industrial stocks were up more than 4 points toward the close for their widest gain on average since June 9. Utilities also were strong.

DOW-JONES AVERAGES

Tests Given for Sheriff's Deputies

Twenty men who applied for the three openings in the county sheriff's office took a four-hour examination June 30 administered by the Medford school district, Sheriff Joe Walsh said today. Walsh started checking the tests today, he said. The examination consisted of two types of IQ tests for mental health and mechanical aptitude. They were administered by Miss Louise Bastford, special teacher. Walsh said that as soon as the tests were checked an oral examination would be scheduled followed by a physical examination. About 50 men were notified of the examination, Walsh said. Mrs. Sharon Elfrink, 401 1/2 King st., Medford, has been hired by the sheriff's department as communications clerk and jail matron. Mrs. Elfrink, a graduate of Crater High school, will answer the radio and telephone in the department, operate the teletype and receive complaints, Walsh reported. She will replace Sol Blumfeld, identifications deputy, who will now devote full time to those duties. He has been with the local department nearly four years.

Portland—Five major traffic arteries around the big new Lloyd Center shopping development will be converted to one-way operation Sunday.

Pharmacy Board Asks Tighter Laws

Portland—The State Board of Pharmacy agreed Wednesday to ask for a tightening up of laws on sale of "dangerous drugs." The action was contained in a five-page recommendation to the Legislature. Board Chairman Ralph Robertson said of particular recent interest was the mixture of certain cough tablets and painkillers by persons seeking to get "high."

Explosion Destroys Stayton Buildings

Stayton—A cement truck and buildings at North Santiam and Gravel plant were destroyed Wednesday when a large gas storage tank exploded. No one was injured. A nearby power pole was ignited by flames cutting off electricity to the city for an hour. Stayton firemen said fumes from a bulk gasoline truck being unloaded at the Santiam Ready Mix Plant were apparently ignited by welding sparks. Miscellaneous other equipment also was lost in the fire. No immediate damage estimate was available.

Brown Receiving Callers Urging Declaration

Los Angeles (UPI)—Gov. Edmund G. Brown of California is expected to endorse Sen. John F. Kennedy for the Democratic presidential nomination by Sunday or earlier and to carry with him a majority of the state's 81-vote delegation, highly placed California Democratic informants said today.

In this teeming convention city where a new wave of kingmakers arrives today, Brown was receiving calls and callers variously urging him to declare for the Massachusetts senator—and to hold off. Figures Can Change

Brown, a favorite son candidate of the delegation, was expected to announce his support of front-running Kennedy as a personal choice, and release the delegation from voting for him as its favorite son on the first ballot.

Although figures can change quickly in the heat of the political race, the latest poll of the California delegation by a man in close touch with all the delegates showed 53 votes would be cast for Kennedy if Brown gives the Massachusetts senator his support.

Lawrence May Hold Key
Speaker Sam Rayburn arrives today to take charge of the campaign to win the nomination for his fellow Texan. Senate Democratic Leader Lyndon B. Johnson. Other arrivals will be the uncommitted Gov. David L. Lawrence of Pennsylvania, who may hold the key to the course of the convention, and Mayor Richard J. Daley of Chicago. Gov. G. Mennen Williams of Michigan, who declared for Kennedy a month ago, arrived Wednesday along with prominent Kennedy leaders of the New York Democratic organization and Sen. A. S. Mike Monroney of Oklahoma, leader of the campaign to draft Adlai E. Stevenson for a third nomination.

Medford Milk Inspections OK'd

Salem—The city milk inspections services of Medford and Eugene, two of the only three such services in the state, have come through a biennial Oregon agriculture department inspection in good standing. Portland is the only other city with its own inspectors and will be surveyed by the state in 1961. Eugene is the only city in Oregon which prohibits the sale of raw milk within the city.

Highway 99 Crash Claims Third Life

Eugene—Two-year-old Kevin Lee Mooney died today in Sacred Heart hospital here of injuries suffered in an accident that killed his mother, Mrs. Arlene Marie Mooney, 28, of Reedsport, and his seven-year-old brother, Steven Richard, early Wednesday. The father, Richard L. Mooney, 32, and Scott Allen Mooney, 5, were reported in good condition. Also injured in the crash was Warner Richard Hibbard, 22, Springfield, driver of the northbound car that was involved in a collision with the southbound Mooney station wagon on highway 99 near Goshen. Hibbard was reported in improving condition.

Legion Convention Opens at Seaside

Seaside—The annual convention of the Oregon American Legion opened today. More than 1,000 delegates and a long list of distinguished guests will attend the three-day convention. Included among the events scheduled are daily business sessions, a Thursday night banquet, a parade, a drum and bugle contest and many auxiliary functions. Officers will be elected Saturday.

Russia Completes Rocket Test Series
Moscow—The Soviet Union completed its current series of rocket tests in the Pacific Ocean with a final shot today and announced that "all necessary data has been obtained" for the next step in the conquest of outer space.

20 Miss USA Contestants Said Cheating; Finals Due Tonight

Miami Beach, Fla. (UPI)—Beauty is truth, shocked officials of the Miss Universe contest cried today. The Miss U.S.A. who will be chosen tonight from among 15 finalists will have to win on her own attributes without "falsies" or "waist cinchures." A watchful official of Catalina swimsuits, which owns title to the contest, looked closely at the American girls preparing to go on stage Wednesday night and made a startling discovery. "I made those swimsuits," she said. "I can tell when there's something there that's not supposed to be."

Rep. Edith Green Rejects Bid for Delegate Meeting
Portland—Rep. Edith Green, chairman of Oregon's delegation to the Democratic national convention, has turned down a request by State Sen. William Grenfell, a convention delegate, that another meeting of the state's delegation be held before next week. Grenfell had protested Mrs. Green's voting proxies at the organizational meeting in determining the manner of selecting alternates. He said he "might" take the matter to the convention credentials committee if she did not call a second meeting.

Psychologist Joins Domiciliary Staff
White City—Special attention to morale and aging problems of men at the Veterans Administration Domiciliary here will be given in a new service inaugurated in the medical clinic. With the appointment of Dr. Andrew W. Foley, as counseling and clinical psychologist, an educator as well as a consultant will be added to the staff to assist in the program of therapeutic aid for veterans living in the domiciliary, Manager Henry C. Herzog said. In addition to consultation work along this line, Dr. Foley will have contact with social service and the medical staff. Dr. Foley comes to White City from the VA Center, Hot Springs, S.D., where he served as clinical psychologist for four years. He was chief of the vocational counseling service at Walla Walla, Wash., VA hospital, before going to Hot Springs. The new specialist is a graduate and former staff counselor of the University of Washington, and saw Naval service in World War II. He was director of secondary education at Seattle University school of education, and high school principal at Milton, N.D. and Begelow, Minn.

KF Jury Convicts Man in Toi's Death
Klamath Falls—An all-woman jury late Wednesday convicted William Olen Gairson of second degree murder in connection with the beating death of an 11-month-old baby last December. Gairson displayed no sign of emotion when the verdict was read shortly before 5:30 p.m. Sentencing was set for July 18. The crime carries a maximum term of life imprisonment. The child, Gary Lee Burisk, died at a ranch near here last Dec. 17. It was Gairson's second trial. The first resulted in a hung jury.

Iron-Clad Civil Rights Guarantees Demanded in Democrat Platform
Los Angeles (UPI)—Negro spokesmen and southern student "sit-in" leaders demanded today that the Democratic Party write iron-clad civil rights guarantees into its 1960 platform and expel segregationists from party ranks. They placed their demands before the 108-member Democratic platform committee as liberals on that group declared intentions to press for a plank supporting the southern alt-
