

Eastern Oregon Town Threatened

Baker — UPB — An out-of-control range fire burned to within 2 1/2 miles of the community of Durkee early today and fire fighters sought to check it before winds increased.

The blaze had covered 15,000 acres. Upwards of 450 men, plus bulldozers and airplanes, were used to fight it.

John C. Hunt, information officer for the Bureau of Land Management in Portland, said the fire posed a "definite threat" to Durkee, a community of about 100 persons located on Highway 30.

Hunt said the head of the blaze to the south was causing the most trouble while the north, east and west sides were in check. The wind had died down to about 8 miles per hour this morning but the forecast called for winds to 20 miles per hour late today.

A cigarette tossed out by a motorist may have started the blaze, Hunt said. It broke out Thursday afternoon on Highway 86 near Love reservoir and Virtue flat about 20 miles east of here.

Northwest winds 20 to 30 miles an hour sent it racing across rangeland. The planes dropped a borate solution.

Try and Stop Me

By BENNETT CERF

AT THE SCREEN WRITERS dinner, given in style despite the fact that Hollywood writers had been on strike for weeks, a wit caused a near riot by suddenly seizing the microphone and booming out, "Attention, please! A writer's wallet with 1,000 dollars in it has been found in the lobby. Will the dirty scab it belongs to please claim it?"

"Why?" a London client asked his tailor, "do you have an apple for your trade mark?" "It's like this," explained the tailor cheerfully. "If it hadn't been for an apple, where would the clothing business be?"

The town is talking about the irate Wall Street broker who had his interior decorator on the carpet because she forgot to include a couch in his private office.

Lippmann Television Debut Called Impressive

New York — UPB — Walter Lippmann, perhaps our most distinguished political columnist, made his TV debut on a special "CBS Reports" program Thursday night.

Lippmann, called "the political conscience of America," has been writing about national and foreign affairs for nearly half a century, so it should be clear immediately that, well, as we say in the TV game, he deserves his own show.

The combination of Lippmann's high credit opinions about leadership and his quiet manner of articulating them made for an impressive TV hour.

Lippmann didn't bother with the rule that says you must look into the camera when you talk. He addressed his interviewer, Howard K. Smith, and we were truly eavesdroppers. Lippmann spoke calmly but with feeling. He answered questions with utmost honesty. No shilly-shallying. He's not a candidate for public office and so can afford the virtue. He spoke as if he could read about our times from a history book to be written 100 years from today and his quotes were spare, hard and rare for nighttime, summertime, non-Sunday TV.

Walter Lippmann's column, "Today and Tomorrow," appears regularly in the Mail Tribune.

Oregon Students Show Superiority

Portland — UPB — A study of comparative achievement test scores by the University of Oregon school of education faculty has revealed that Oregon students show a superiority over the same aged students in other states.

The study was made of students' tests in grades 8, 8 and 11. The study was delivered by Ray Lewis, research assistant at the University, to the Legislative Interim Committee on Education Thursday night.

Lewis said that in the elementary grades, Oregon achievement scores were as much as a full grade above the national norm in reading and more than a half grade above the norms in arithmetic and language.

Lewis labeled the findings as enlightening and said Oregon has made "a really significant gain in achievement since 1950 when a similar comparison was made."

In 1950, Oregon was found to be below the national norms in the sixth and eighth grades.

Belton Addresses Legion Convention

Seaside — UPB — State Treasurer Howard Belton told the 42nd annual state convention of the American Legion Thursday that the Legion is making a "very great contribution to society and the perpetuation of the American way of life."

He said this is important because of the cold war and the fight between two philosophies, "one based on the supremacy of God and the freedom of the individual . . . the other on the supremacy of a Godless slave state."

The trip, organized by the Washington State Stevenson committee, is designed to drum up enthusiasm for Governor Stevenson's "draft" at the convention, and to provide facilities for Stevenson workers in Los Angeles.

Open House Planned Sunday in Gold Hill

Gold Hill — Mr. and Mrs. William Ferguson will celebrate their golden wedding anniversary, Sunday, July 10. The Ferguson's will hold open house at their home 918 Second avenue in Gold Hill between 2 and 5 p.m. Friends and neighbors of the couple are invited.

Stevenson Van Arrives Here Late

The "Adlai Stevenson Mobile Headquarters," en route to the Democratic national convention in Los Angeles, stopped briefly in Medford late last night.

Delayed by receptions and press coverage at earlier stops in Portland, Oregon City, Salem and Eugene, the big truck-trailer pulled up at the Medford hotel about 11:30 p.m.

At least two small groups of Stevenson for President supporters, who had been awaiting word of the van, discovered it there, and talked with the Washington state Stevenson reporters before they pulled out shortly after midnight to keep northern California appointments.
