and an active member of Medford First Presbyterian church. He will sing "The Lord is My Shepherd."

Four science films will be shown in the church on succeeding Thursday evenings, beginning July 14 at 8 p.m. These films have been produced by the Moody Institute of Science and bring together the latest scientific facts and their relationship to Christian faith. The titles of the films to be shown in the order of their showing are "God of the Atom," "God of Creation," "Facts of Faith" and "The Stones Cry Out."

Each evening's program will last about an hour and will include the film, a special musical feature, a devotional thought by the pastor, and will conclude with refreshments.

The film "God of the Atom" is a startlingly different approach to the atomic and hydrogen bomb problem. Featured are exclusive photographs of equipment used in atomic research, demonstrations of the tremendous energies within every tiny particle of matter which man has learned to release, a test city is destroyed and a South Pacific island is obliterated, behind-the-scenes pictures that capture all the suspense of the events as they happened.

The music will be presented by Mrs. Dave Allen.
