

Young Senator Enters Major League of American Politics

By MERRIMAN SMITH
Los Angeles—UPI—There were golden stairs down the center of the rostrum at the Democratic National Convention and Sen. John F. Kennedy came down them just like a new contestant in a big money television quiz show.

Wednesday night was the big one and if noise and sign waving had counted, Adlai E. Stevenson would have won the nomination. The demonstration after his name was placed before the convention topped by far anything up to that point.

But when the roll call came, the cheers counted for nothing and it was the careful, incredibly detailed planning of the Kennedy team that bowled over all the established figures of the party except those smart enough to have spotted Kennedy as a comer.

Hollywood on Display
On hand was the biggest crowd of the convention, at times approaching the 22,500 seating capacity of the arena. The delegates' seats were filled for the first time and so were most of the balconies. Hollywood was on display as Henry Fonda walked among the delegates signing autographs and Frank Sinatra and Tony Curtis tried to climb on a photographers stand.

On the perimeter of the arena, every entrance was clogged by those pleading for a d m i s s i o n ticket. Pickpockets snatched credentials from the laps of delegates and raced inside. Some party enthusiasts did likewise. One man got on the convention floor simply by tying a piece of cord around his neck and

telling the guards someone had snatched off his pass.

Care of Freezer Provides Proper Care of Appliance

As with other modern appliances, the proper operation of a home food freezer depends on the care it receives. However, cleaning and care of the freezer actually requires a minimum of time and effort.

For cleaning and polishing outer surfaces, use any of the mild preparations ordinarily used for porcelain. Do not use ammonia cleaners, strong alkalies, or abrasives.

From time to time, wipe down the porcelain surfaces with a weak solution of laundry bleach. This will restore whiteness and remove stains. Rinse the bleaching solution off with clear water and polish surfaces dry.

Open-Type Unit
If the freezer has a sealed-in mechanism, it should never require lubrication. If it is the open-type unit, read the manufacturers' instructions about oiling, and follow them to the letter.

If the freezer has a finned-type condenser which is accessible, check it two or three times a year and remove dust or lint gently with a brush or whisk broom. Accumulated dust will also come off cleanly with a radiator-cleaning attachment for a vacuum cleaner.

If it becomes necessary to defrost or clean the inside of the freezer, it can be done on a shelf at a time-starting with the top shelf. Remove all foods from the shelf and wrap them in newspaper or place them in the refrigerator to prevent thawing.

Remove frost carefully by scraping with a dull knife or a plastic scraper. Use of an ice pick or any other sharp instrument may seriously damage the freezer. Shelf and walls may then be washed in the same manner as the outside of the freezer. Be sure to dry thoroughly before replacing the frozen food packages.

When accumulated frost cannot be removed easily in this manner, remove all food from the freezer and store to keep cold. Disconnect the freezer and allow frost to thaw, then wash and dry walls and shelves. Allow freezer door to stand open until all surfaces are thoroughly dry before returning foods to the freezer.

CHECK LOSSES
New York - Annual loss from worthless checks may run as high as \$300 million.

GOP Chairman Says Kennedy Won on 'Deals'

Washington—UPI—Republican National Chairman Thruston B. Morton declared today that Sen. John F. Kennedy won the Democratic presidential nomination with "trades . . . promises . . . deals."

"The only thing that remains," Morton said in a press release, "is to distribute the payola in the form of more promises, more deals."

Morton, who also is a Kentucky senator, said the only real surprise in the Democratic convention was "clumsy floor management that allowed so many favorite sons to go through the motions of insincere nomination that the Eastern Seaboard was robbed of a night's sleep."

Morton said the GOP plans to run a different kind of nominating session.

"It is our intent to conduct a convention without straw men, without hokum," he said. "Nor do we expect displays of fratricidal anger in which one candidate impugns the patriotism of another's father."

Morton obviously referred to Senate Democratic Leader Lyndon B. Johnson's last-ditch speech Wednesday in which he criticized Joseph Kennedy, the nominee's father, for his alleged relations with Adolph Hitler.

New Fee Schedule Goes Into Effect

A new fee schedule for the boarding and destruction of cats and dogs at the Jackson County Dog Control board pound will go into effect tomorrow.

Under the new schedule, a charge of \$1 will be made for the destruction of an unlicensed dog, 50 cents for a licensed dog, 50 cents for a large cat, and 25 cents each for kittens.

In addition a 50-cent-per-day board fee will be charged for all dogs.

According to state law, dogs may still be saved from destruction by the payment of \$1 plus board and license fees if the dog is over six months of age.

Walnut and filbert inspections ran along on about an even base and potato revenues were less than normal.

The inspection of all other commodities including apples, pears, other fruits, berries and vegetables was performed at a saving of \$4,000 with a revenue increase of \$23,000.

Inspection Fees Said To Be Less

Salem—UPI—Some packers and producers who pay fees for having their goods inspected by the state are paying less this year because of economies in the service, the State Agriculture Department said Wednesday.

One year ago fees for several commodities were raised.

A survey shows that for the first 11 months of the recent fiscal year over-all expenditures were down by \$20,424 over 1959.

Onion revenues were up more than \$6,000 and expenses sliced by more than \$3,000.

Walnut and filbert inspections ran along on about an even base and potato revenues were less than normal.

The inspection of all other commodities including apples, pears, other fruits, berries and vegetables was performed at a saving of \$4,000 with a revenue increase of \$23,000.

Meat Pie Popular Among 'Meals-Ahead' in Freezer

Among the "meals-ahead" in any freezer, the most popular is often the meat pie.

Whether home-made or purchased at the grocery store, this quick-to-fix standby provides nutritional values in abundance, and makes a hearty meal for family or guests.

Next time it's meat pie time, take a couple of extra minutes to dress the meal up for a special treat.

If serving beef pies, spread them generously with sour cream as soon as they come out of the oven. Then sprinkle chopped chives or green onions over the top.

Arrange a few slices of spiced peaches around the top of

a hot turkey pie for a delicious flavor contrast. Hot chicken pies join the list of gourmet foods when they're spread over with whole cranberry sauce, mixed with a little grated orange rind.

In fact, when serving a meat pie, flavor can be added to the meal and fun to the preparation just letting one's imagination go in inventing a garnish. Cheeses, sauces, fruits, and vegetables all lend themselves to complementing the pie.

Applegate Man Gets One-Year Term

Albert Corbin, Applegate, was sentenced to one year in the Oregon state correctional institution after Circuit Judge Edward C. Kelly revoked his probation Tuesday.

Corbin had been placed on probation originally for non-support.

The number of motor vehicle accident fatalities in the United States is expected to rise from 37,000 in 1958 to about 39,000 in 1959, based on the toll for the first six months of this year.

After Kennedy appeared before the convention to thank the howling, perspiring delegates for the presidential nomination, it was nearly midnight and the Democrats had been in session continuously for nearly nine hours. The corsages on some of the lady delegates had wilted, and their hair-dos were straggly after hours of leaping up and down in the excitement of Kennedy's victory.

FREEZER SHEPHERD PIE—A delicious, budget-wise meal-delectable in any season—is this appetizing Shepherd Pie. (Recipe makes 3 quarts) One cup chopped onion; 1 cup chopped green pepper; 2 pounds ground beef; 1/2-cup shortening; 4 11-ounce cans condensed vegetable soup; 1/2-teaspoon salt. Sauté onion, pepper, and beef in shortening; simmer until beef is thoroughly cooked; stir in soup and salt. Quick-cool and freeze immediately. To serve, thaw enough to spread in casserole dish. Make a fancy mashed-potato border using a pastry tube. Bake in 425 degree oven for 30 minutes.
