### Soldier AWOL Since 1917 Gives Up in Klamath Falls

Klamath Falls—(UPI)—"One thing led to another and I never got around to turning myself in until now," said 64-year-old Abshum Taylor Watterson, as he informed city police here Wednesday that he had been AWOL from the Army since 1917.

The Air Force police at Kingsley Field here were notified and took the man into custody.

Watterson said he is a native of Forest City, Ark., and enlisted at Little Rock in April 1917. He was subse-

quently transferred to several posts, he said, and finally was stationed at Rockwell Field, San Diego, Calif., in the fall of 1917.

**Week-End Pass**  
One week end, he said, he and a friend went to Los Angeles and lost track of time.

"First thing I knew, I was AWOL for two days," he said.

"One thing led to another and I never got around to turning myself in until now," he said. Watterson told police he had spent the years mainly as a transient laborer.

**Marries, Separates**  
He said he married but later separated from his wife. The tall, fair complexioned man said he was just passing through town when he decided to give himself up. He said he wants to clear his Army record for personal satisfaction and make himself eligible for Social Security benefits when he turns 65.

Air Force police said the Army will take jurisdiction. They indicated, however, that a federal law recently passed eliminates punitive measures against men who deserted during World War I and that no military charges would be filed.
