

July 4 Traffic Offenders Dealt With Severely

Salem—Oregon Motor Vehicles Department Director Vern L. Hill says Gov. Mark Hatfield meant what he said about dealing severely with motorists involved in serious traffic accidents over the Fourth of July holiday week-end.

Hill told the Oregon Traffic Safety Commission Wednesday that state police cited 1,338 drivers in the holiday period.

The driver's license of one individual involved in a fatal accident was suspended for a year.

The licenses of three other drivers were suspended for involvement in fatal accidents and seven licenses were taken for non-fatal mishaps.

Suspension in two more cases were withheld pending court determination in charges of drunken driving. Other suspensions ranged from 30 to 90 days and in all, action was taken against 15 drivers involved in crashes.

The commission endorsed legislation clarifying right-of-way for vehicles entering freeways, and delayed for two months discussion of a study of long-range traffic needs in Oregon.

Pear Trees Make Bad Shade Trees

Home owners should be discouraged from planting pear trees in their yards with the intent of using them for shade, according to Don Berry, county extension agent.

Each year during the hot part of summer, numerous calls come into the county agent's office concerning sticky material or honeydew which drips from the trees. The honeydew is the result of heavy infestation of pear psylla, a tiny insect which when feeding on the sap from the tree, drop the excessive carbohydrates and sugars while getting the protein and minerals from the plant's sap. These insects can be effectively controlled with repeated sprays of material such as Malathion and Diazinon, he said, but this program is both costly and time consuming, and home owners generally soon become discouraged.

Because neglected or uncared-for trees are a source of infection to neighboring orchards, Jackson county is able to help in the removal of old trees in yards from the pest and blight fund. At the request of home owners during the winter's slow season, county weed control crews will saw down and treat backyard pear trees for home owners, he said.

Trees on a number of properties are lined up before cutting commences and, because there is no charge for this service, it is done at the convenience of the county employees.

Bank Debits Show Increase in Area

Eugene—Bank debits for Jackson, Josephine and Curry counties increased by 5.2 per cent in June, compared to May, and decreased by 4.2 per cent over a year ago, according to the University of Oregon.

Debits for June totaled \$96,377,527; for May the total was \$91,564,868; and for June, 1959, the total was \$100,550,794.

Oregon with 191 banks reporting, had a decrease in bank debits in June 1960 of 5 per cent.

Bank debits represent the dollar value of checks drawn against the deposit accounts of individuals and business firms. Bank debits are considered good indicators of current business activity. Each month the bureau of business research at the University of Oregon collects data on bank debits from Oregon.

Phair Meets With Ike in Chicago

Umpire—Ron Phair of Klamath Falls, Republican candidate for Congress from Oregon's second district, met with President Eisenhower in Chicago Wednesday. Phair disclosed the meeting in a phone call here to his campaign manager, Roy Hayes.

Phair will return to Oregon by jet following the Republican convention to resume his campaign against incumbent Democrat Al Ullman of Baker.

NOT VERY NOURISHING
Floral Park, N.Y.—"It's a plate of food, Mommy," said two-year-old Carolyn Nichols, in explanation of her scrawlings on a blackboard. "I'm hungry," she added, proceeding to chalk her finger and then lick it clean.
