KOREAN RIOTERS — Korean police announced today that a total of 430 "rioters and instigators" had been arrested for violence that caused reelections to be held in 13 districts in the southern provinces. Above, a group of rioters, their hands tied behind them, are led into a police station in Pusan today. (UPI Radiotelephoto)

Most Cubans Worry Over Fidel's Future

Havana, Cuba—(UPI)—Most Cubans shared a deep concern today over the future of Premier Fidel Castro, ordered by his doctors to take a complete rest to end lingering tremnants of pneumonia.

Those in favor of his revolutionary government were divided over the seriousness of his illness and many admitted they were not happy with the prospect of Defense Minister Raul Castro, called younger brother of the Premier, taking over in the interim.

Those opposed to the regime indicated they would welcome Raul's accession to power, since they felt he would be unable to keep the regime in power.

That's a Lie

One shoeshine boy on Havana's Dead Pan Boulevard said: "Fidel is not seriously ill. That is the lie that he and the counter-revolution."

A Cuban Girl was less caustic, a tickle gently in her voice dropped perceptibly as she said: "I believe the premier is very ill."

"Nothing will happen as long as Fidel is living even if he has a prolonged illness," declared an elderly druggist who has been a staunch supporter of the revolution since its inception.

Such were the comments heard in all parts of Havana since the government announced Monday that Fidel Castro was confined to bed in the grip of pneumonia.

Hatfield Says He'd 'Consider' Cabinet Position

Salem—(UPI)—Gov. Mark Hatfield said today he is not interested in a cabinet post in a Nixon administration but if one were offered, he would of course give it courteous consideration."

Hatfield's remarks on the national political scene as the GOP regional convention got underway caused speculation that if Republican Presidential Nominee Richard M. Nixon is elected in November, he might tap the 38-year-old governor for a cabinet seat.

Hatfield said he agreed with Nixon that the race for the presidency will be "very close."

"Sheer registration figures show it will be an uphill battle," he said, adding "Both Kennedy and Johnson are tough and able."

Hatfield, who spearheaded a convention movement to draft New York Gov. Nelson Rockefeller for vice president, said the Nixon-Lodge ticket is "not necessarily" weaker than would have been the Nixon-Rockefeller combination because U.N. Ambassador Henry Cabot Lodge has "tremendous prestige and power" and because "the number one issue is foreign affairs."

Cuba Fires Another Blast at U. S.

Washington—(UPI)—Cuba today delivered to the Inter-American Peace Committee a note accusing the United States of "economic aggression" and "counter-revolutionary activities" against the regime of Premier Fidel Castro.

The 24-page memorandum laid the basis for Cuba's defense when the 21 American foreign ministers take up the issue of Communist intervention in the hemisphere at a meeting in San Jose, Costa Rica, later this month.

Council Drive For Boy Scouts Planned in Area

Dr. Kenneth B. Baker has been appointed chairman of the Boy Scout Council Campaign, Judson W. Compton, Scout executive for the Crater Lake Area council, announced today.

The Council campaign is a fund raising campaign sponsored by the local Boy Scout council in areas not served by United Fund or United Appeal Program.

The Crater Lake Council has a total budget of $39,165 for the coming year, of which $4,500 will be obtained through the Council campaign, Compton said.

The money is used to support a program of character building and citizenship training for about 6,000 boys in the council.

Other committee members include R. A. Ramey, vice chairman; Brad D. Sedge, finance committee chairman; Edward F. Barrett, finance committee vice chairman; John D. Watkins, Bryon A. Goodell and Harry Smith, all of Medford; Dick Willis, McCloud; Robert Carlson, Gus C. F. Patton, Klamath Falls, and Donald O'Neil, Grants Pass.

Also helping with training will be J. A. Wingfield, Medford.

First training session for campaign workers will be held tonight in Rose Lodge, Camp. The second will be Thursday evening in Chiloquin, Calif. Other sessions will also be held in Yreka, Calif., and Klamath.

The campaign is slated to begin in September.

U.S. Presses Demand for Meet

United Nations, N. Y. — (UPI) —The United States will press its demand for a meeting of the 82 - nation disarmament commission with or without the Russians, informed sources said today.

The Soviet Union Monday indicated it would boycott such a meeting, which Chairman Luis Padilla Nervo of Mexico had tentatively set for Aug. 15.

Soviet Ambassador Arkady Sobolev suggested instead that Secretary General Dag Hammarskjold invite heads of government to the forthcoming General Assembly session which begins Sept. 20 so they could discuss disarmament and "other important political issues."

Sobolev's note sent many delegates scurrying to wire home for instructions from their governments. If the nine-member Communist bloc refuses to attend a disarmament commission meeting it is likely a number of "neutralist" Afro - Asian nations also would stay away.

Reds Nix Pool Offer by U.S.

Geneva—(UPI)—The Soviet Union today formally rejected an American offer to pool outer-space U.S., British and Soviet nuclear devices to insure that their use in underground research tests would not help develop new weapons.

Soviet Delegate Semyon K. Tsarapkin turned down the three-week-old pool offer on grounds that Russia planned no research tests and thus need not supply any nuclear devices.

Since only the United States plans to conduct these tests as part of a joint effort to perfect underground control, Tsarapkin told newsmen he saw no reason why the Soviet Union should be the "supply agency" for the American program.

U.S. Delegate James J. Wadsworth expressed disappointment that the Soviets had not accepted what he termed a fair proposal.

Bonn—(UPI)—French President Charles de Gaulle and West German Chancellor Konrad Adenauer want a reform of the North Atlantic Treaty Alliance, it was announced today.

Above Normal Here Average Reading

The highest temperature last month was 105 July 28 and the low was 45 July 2, according to the monthly report by the Medford weather bureau station.

The average temperature was 75.5, 3.7 degrees above normal. The number of clear days totaled 26; partly cloudy, 4; and cloudy 1. July 27 registered the greatest amount of precipitation in 24 hours with .07 inches. The total account of precipitation for the month was .09 inches which was .08 below normal.

There were three days with .01 inches or more of precipitation, and there were 23 days with 90-degree or above temperatures.

U.S. Challenges Nikita To Attend Disarm Talks

Washington — (UPI) — The United States today in effect invited Soviet Premier Nikita Khrushchev to come to New York and sit in the U.N. Disarmament commission if he wants to discuss the critical issue himself.

The State Department charged the Soviet Union with trying to "divert the disarmament commission from considering the subject of proposing instead that Khrushchev, President Eisenhower and other heads of government come to the 1960 session of the U.N. General Assembly to discuss the matter of ending the global arms race.

Press Officer Lincoln White declined to answer directly when he was asked whether the United States was rejecting Khrushchev's proposal for a summit discussion on disarmament at the General Assembly.

Leaders Can Participate

White said "should any head of government wish to participate in United Nations deliberations on the disarmament problem, he can do so in the disarmament commission."

White said "I can't answer when he was asked whether Eisenhower planned to participate in the U.N commission session which the United States and nine other countries are urging he do.

Senate Situation

The state department call for reconvening of the disarmament commission is all the more urgent because of the serious situation which has been brought about by the keen hostility of the Soviet Union to Khrushchev's proposal for negotiations at Geneva on the ways for the United States to introducing a new and far reaching disarmament proposal.

The United States feared Soviet Premier Khrushchev refused to hold the Paris summit meeting. The statement said "It is logical that the Soviet Union, which prevented the May summit meeting to fully from concluding to discuss the question of disarmament at the General Assembly, others should now be discussing such a proposal."

Diplomats on Disappointed

Paris, U.S. officials were inclined to dismiss Russian proposal as a propaganda gesture rather than an indication that Khrushchev likely to alter.

U.N. Leader Warns Congo Not to Play East Against West

Leopoldville, The Congo—(UPI)—United Nations Secretary-general Dag Hammarskjold has warned Congo leaders against any attempt to oust the removal of Belgian troops by playing East against West, it was disclosed today.

Hammarskjold voiced the warning in a speech Monday night before President Joseph Kasa-Vubu and other government leaders. The text was made public today.

The speech is one of the strongest ever made by a U.N. official to Congolese leaders and is interpreted as a warning to the Congo during the emergency began leaving for Brussels.

Cabinet Decree

The Congo Cabinet decreed in a meeting today that top U.N. business should be conducted during the emergency and its recommendations be signed by the government and direct the public property.

Hammarskjold made it clear the U.N. would help to establish and protect law and order in the Congo. But he said it would "accompany the Congo during its last steps as a free nation."

He estimated 1,500 of the 10,000 Belgian soldiers in the client republic had left the territory by air the morning Washington reports called up early air bombs to help rescue White from the hands by Congolese army mutineers.

Lumumba Unsatisfied

The partial withdrawal was not enough to satisfy Premier Patrice Lumumba and his chief supporters in the Congolese government.

Lumumba said in New York Monday night he had asked the U.N. troops be sent immediately into Katanga where Belgian troops have been staying at the invitation of President Moise Tshombe.

Some members of the Congolese government were reported, urging that troops from foreign nations not be involved in the U.N. force called into get the Belgians out of Katanga.

Russia OK's Visa For Mrs. Powers

Washington — (UPI) — Russia is granted the wife and mother of U-2 spy pilot Francis G. Powers permission to visit him in Moscow, the Soviet Embassy disclosed today.

In addition, word had been granted to the elder Mrs. Powers, Oveta G. Ingram, and attorney Carl Wallace of Norton, Va., long-time friends of Powers' father, to accompany other prospective foreign visitors to the Soviet Union.

The announcement by Mrs. Powers in applying for her visa to Moscow, said permission to bring along her physician. She suffers from a cardiac condition.

The Embassy gave no immediate reason for the Soviet Union's failure to grant visas to three attorneys appointed by the Virginia State Bar to represent the pilot of the ill-fated U-2 spy plane.

But some officials said privately they assumed it was because Powers has refused to sign a Soviet counsel.

Six Persons Are Injured in Crash

Six persons were injured, none seriously, in a two-car collision about 4:50 p.m. Monday at the intersection of Main st. and Oakdale ave.

Injured in one of the cars were the driver, Sally Jan Coash, 30, of 1385 Beekman st., and three children, Clifford Wayne Coash, 9, Phillip Dean Coash, 7, and Scott Duane Coash, 3.

Injured in the other car were the driver, John Carl Miklos, 43, Angwin, Calif., and a passenger, Ivanette Beth Miklos, 12.

Mrs. Coash and the three children were taken to Rogue Valley hospital by Medford Ambulance service where they were all treated for bruises and lacerations. Their conditions is reported as "good."

John and Ivanette Miklos were taken to a friend's house, police said. They were reported to have sustained minor lacerations.

Police said the Miklos vehicle was going south on Oakdale ave., and apparently failed to stop for a red light at the intersection and collided with the Coash car. Police cited Miklos for failure to stop at a red light.

Washington—(UPI) — The aircraft carrier Saratoga with 90 airplanes aboard will steam steam from the United States toward the Mediterranean Aug. 22 to strengthen the U.S. 6th Fleet with its third flat-top.

Group Urges Funds For Basin Study

The Rogue Basin Flood Control and Water Resources Association voted at its meeting in Grants Pass last night to urge passage of the civil works appropriations bill which would include funds for completion of the Rogue basin study.

A letter will be sent the local executive delegation to enlist its support, it was reported. The omnibus bill includes appropriations for the U. S. Army Corps of Engineers projects and studies. It is one of the bills not yet acted on prior to congressional adjournment.

Travis Roberts, of the U.S. fish and wildlife service, and Henry Stewart, of the U.S. Army corps of engineers, repeated the report they had given yesterday noon before a meeting of the Medford Chamber of Commerce Roundtable.

The flood control and water resources group is working on a brochure which will describe the basin project, its proposed dam structures and their locations and the beneficial use of the water. Publication is expected next month.

The committee's next meeting will be Aug. 29.

WEATHER

FORECAST—Fair through Wednesday. Low tonight 50; high tomorrow 94.

Saturn, due south	10:21 p.m.
Mars, rises	12:29 a.m.

BERNON F. MITCHELL AND WILLIAM H. MARTIN
National Security Agency's Missing Employees

Mathematicians Flew To Havana From Mexico City

Both Men Had Access To Secret Material

Washington—(UPI)—Two missing employees of the super-secret National Security agency are believed to be in Havana, Cuba, authoritative sources said today.

The two mathematicians who left Washington about five weeks ago flew to Mexico City June 25 and there made airline reservations for Havana, the sources said. They said it was considered certain that the men, both of whom had access to secret material, actually went to Havana.

Dropped Out of Sight

Close-mouthed federal officials would give no indication how soon after the trail went cold they had to begin why the bachelor navy veterans dropped out of sight more than five weeks ago.

The Pentagon identified the men as Bernon F. Mitchell, 31, of Oakland, Calif., and William H. Martin, 28, of Shreveport, La., both listed in Laurel, Md., near the National Security Agency.

Both men are subjected to an "above security check" while employed at Pentagon sections of both agencies cleared for access to certain secret material, he added.

A cloud of mystery hangs over the eight-story National Security Agency. It is known to perform highly specialized technical activities related to national security.

Mitchell and Martin left the agency during an unusable to work three hours. They were last seen in the 11 and 6 p.m. shift. When the employees failed to get back to their apartments, police were notified. They were reported missing by police Friday.

Mitchell's father, James Sr., an economy, said in Shreveport he had been informed the men might have gone to Mexico City. But he was unable to name any of the persons he expected there.

Mitchell's father, John H., said he is concerned that he had neither seen his son nor heard from him recently.

Three Local People Ask to Appear at Interim Meeting

Three local people have appear to discuss changes in the tentative interim committee on Education were it agreed in Salem Friday and Saturday.

The invitation to appointees was issued by the school board members and school officers preceding a representative group meeting of the committee who is responsible for legislative proposals by the meeting.

The three appointees include A.W. Meyrovich, county school superintendent Kent Anderson, chairman of the county school district boundary board, Central Point, and members of the state department of education, who report on areas which could eliminate overlapping services and improve the school district boundaries.

Following the report, the interim committee will consider whether or not it will recommend that or other changes be made.

Meyrovich and Hedgespeth will discuss the problem of reorganization as encountered in Jackson county.

Schumacher, who has not yet received confirmed to all press the committee plans to explain the reorganization and the relief plan and its possible effects on the future action of school funds.

Senator Wege to Coos, Curry, chairman of the committee, will preside at the Medford session, which will be held in the Medford junior high school.

Oregon College of Education and Oregon State College will report on the progress of reorganization. The governor proposes that small, streamline Oregon state government be reorganized by the legislature by the committee.

Bills Called For Irrigation Work

White City residents have been invited by the bureau of reclamation to the rehabilitation of the Talent project.

The project includes removal of existing structures and earthwork for rehabilitation of about 17 miles of lateral.

Health Officer Problem Discussed

A temporary county public health officer appointment is expected during the next few days, a member of the Jackson county board of health said today.

The Jackson county board of health met with Dr. Samuel Osgood, of the state department of health, this morning to consider the health officer problem.

Jackson county has been without an active public health officer since June when Dr. C. I. Drummond became ill. He is now on leave of absence until Oct. 1. Health board members who hire the public health officer hope Dr. Drummond will be able to return to his duties then.

As an alternative, the board discussed this morning the possibility of having to hire a permanent health officer. Alf B. Mekvold, vice chairman of the board, said it would be several months before a permanent appointment could be made.

Nixon Says Jack Taking 'Low Road'

Washington—(UPI)—Vice President Richard M. Nixon left on his new campaign swing today and accused Democratic presidential nominee John F. Kennedy of taking the "low road" in the campaign.

Today, leaving on a four-day, 10,000-mile trip which will take him to four states, was asked where Kennedy was when he thought he could meet Russia and other Communist leaders would there blood on each without [illegible].

"I think we're going to let the people judge," the GOP nominee said. "Mr. Kennedy has started on the low road and he intends to keep on it" [illegible].

"I don't think Mr. Kennedy wants to do this. I think it is his advisers. He is doing it to satisfy the extremists in his party."

He said he respects Kennedy as a man.

"I will not go into personalities as he Kennedy did," Nixon told newsmen. "I will leave the low road business to him."

Reds Call Meet on Trade with Cuba

Vienna, Austria — (UPI) — Two crowded streetcar trains collided at high speed today, killing at least 11 persons and injuring 30 others, 30 seriously.

The accident occurred when one three-unit streetcar train jumped the tracks at high speed and crashed into another similar train in the suburban residential section of Doebling.

WHEW!—Medford isn't the only place that's had some scorching weather recently. Mournful Mike, a canine resident of Indianapolis, donned an ice bag to remind dog owners everywhere that dogs like to keep cool, too. Too many degrees, says Mike, can turn a dog's life into . . . well, a dog's life. (UPI Telephoto)
