

FISH STORY

Dallas UFD - Internal Revenue Service men who hear all kinds of fish stories every year now have one of their very own.

Guy Johnson and Jim Bandy of the Dallas IRS office are telling this one: Johnson claims they were fishing Lake Texoma when they encountered a thick school of carp. He said Bandy grabbed one of their oars and began flailing the water. Johnson claims Bandy whacked a two-pound carp onto the nearby bank.

EASTSIDE

3-bedroom and den, 2 full baths, sawdust furnace, nice lot with trees. Price only \$11,950. Terms.

MODERNISTIC

A lovely new home, now offered far below replacement cost. See this home for real value.

Smith-Dyngge Low on Annex Awnings

Smith-Dyngge Lumber company, Medford, has been awarded a contract to furnish 480 feet of aluminum awning for the Jackson county courthouse annex, the county court has announced.

The company submitted three alternate bids. The county engineer will decide which alternate is best suited for the job, the county court said.

The alternates, based on three-foot, four-foot and five-foot angles, ranged from \$8.15 per lineal foot to \$13.10 per lineal foot, less 10 per cent discount.

Other bidders were Valley Shade company and Burk's Canvas Manufacturing company, both of Medford. The lumber company was the lowest bidder meeting specifications.

The device, a bearing temperature monitor, developed by Boue Electronic Manufacturing Co., magnetically keeps constant check of 40 different bearing points, which, if overheated, could cause engine stoppage and even fire. When overheating occurs, an electronic "brain" sounds an alarm which automatically pin-points the trouble spot.
