Table-Top Race

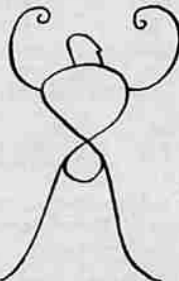

By John O. Cole

Two pie tins or paper plates, two straws, and two marbles are needed for this race. Place the tins or plates about six inches from each end of the dining-room table. Each player takes a straw and marble and stands at his end of the table. At the signal, the marble is placed on the table and blown around the opposite pie tin or plate and back, using the straw. Go around the table clockwise to stay out of each other's way. By inhaling through the straw, a player can keep his marble from rolling off the table. If a marble is blown off, that player must start again. Twice around is the game.

## FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor breath". Get FASTEETH at drug counters everywhere.
