## Louisiana Governor Seizes New Orleans School System To Forestall Integration

Baton Rouge, La.—(AP)—Louisiana today availed itself of a constitutional provision to seize control of its government's public school system, his first direct effort to forestall the start of school integration in the state.

The New Orleans school board has been under orders from the U.S. District Judge J. Shibley Wright to integrate first grades when school opens in September.

Gov. Jimmie D. Davis Wednesday issued an executive order wresting from the school board "exclusive control, management and administration of all the schools in the parish (county) of Orleans."

State Attorney General Jack Grammlin announced the executive order. "This order is designed to let the legislature and the legislature alone come up with a plan for integration," Grammlin said, "and to leave to them what is a deliberate and deliberate act."

## Lodge Men Laud Oregon Delegate

Atlanta—(AP)—An Oregon delegate to an Atlanta meeting of the Supreme Council of the Knights of Columbus was commended Wednesday for his outstanding efforts in behalf of the Knights in his home state.

Supreme Knight Luke E. Hart of St. Louis was a guest of the Oregon delegation at a breakfast Wednesday. Hart said, "I speak without hesitancy that Past State Deputy Joseph H. Blissenbach will go on the record as an outstanding leader in the West for Columbianism and Catholicism."

He performs his duty as a state deputy second to none in our nation."

Blissenbach, from The Dalles, Ore., will receive a plaque later as a token of appreciation for his contribution to Columbianism, according to Hart.

Mite Quarantine To Protect Honeybees

Salmon—(AP)—A quarantine on a mite which causes acarine disease of honeybees and three "Honeybee" bees which it infests was signed Wednesday by Agriculture Director J. F. Dales, Ore., will receive a plaque later as a token of appreciation for his contribution to Columbianism, according to Hart.

## High Power Wire Electrocuter Man

Renton, Wash.—(AP)—James A. Taylor, 32, of rural King county, was electrocuted Wednesday when he came in contact with a high power wire near here.

Police said Erickson's car struck the rear of a truck loaded with empty milk cans, causing a circuit to get through the air about 20 feet. Police said Erickson apparently severed all the power lines in an effort to avoid the truck, which was turning left so that the left front part of the car hit the truck.

Green Bush of Tangent, Ore., driver of the truck, was uninjured.

For an offer for the Bay Construction Co., was guiding a cable attached to a crane when it came into contact with the power line.

The company has a contract with King county for improvement work on the Cedar river.

Bottom of Ontario Reed Channel near and pulling from all angles, seven tugs and a Coast Guard cutter, were unsuccessful in this attempt to pull the British-American freighter Alexander T. Wood off the rocky

## Trolley Car Ride in Rio Takes One Away From Tourist Route

Rio De Janeiro—(AP)—Passengers riders have a chance to take part in a popular inside and out—the ancient open air sport—getting on, riding to their destination and getting off before the conductor at the front end works his way around to the opposite end of the trolley. The fare is about three cents.

Government To Join Arizona in Voicing Colorado Objection

Northcutt Ely said the Rikind decision would eventually dry up the water supply to Los Angeles, San Diego and other cities scattered over a wide area of Southern California.

It is too late in 1960 to rewrite the history of the Colorado river," Ely told the court. "Just as it is too late to recapture the billions of dollars of public and private investment by 7 million Southern Californians placed in reliance upon the Colorado river supply."

Further contended that the state's \$500 million Colorado River Aqueduct and its distribution system would be "rendered useless" under the proposed decree as soon as projects are constructed in the Upper Colorado River Basin around 180 to 21, an attractive five women's skirt sales for about \$5, or an elaborate 3.5 acre feet of water with each of California's 7 million residents getting 4 acre-feet.

Resentencing of Prisoner Ordered

Portland—(AP)—Robert Casson, 24, formerly of Portland, has been returned from the Oregon State Penitentiary for resentencing.

At the core of the controversy is the fact that the vast majority of the 35,000 Brazilians who have water enough to satisfy the needs and demands of the Colorado river system.
