Drive Chairman Thanks Residents

Thanks to the residents of Medford for support of the recent City of Hope drive was expressed today by Mrs. Jessie Sitton, local chairman, and patients at the free, non-sectarian medical center.

The drive, which ended in July, enables the center "to continue its work in free patient care, research and medical education," she said. "This is because the good people in thousands of communities throughout our nation" supported the drive, according to the chairman.

The people of this community can be proud of the part they have played in making possible work concerning cancer, leukemia, heart, blood, chest and hereditary maladies, Mrs. Sitton said.
