"geranium"
"copper bronze"

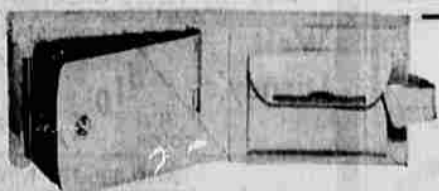

ELIZABETH ARDEN'S SOLAR COLORS!

Geranium—a pale, yet strangely brilliant coral, vibrant and spicy as the flower from which it draws its name. Creamy, perfectly textured lipstick, so smooth and protective (not to mention beautifying!) under the noontday sun.

plus tax 1.75

Copper Bronze—a tawny, sunlit sienna that takes its beauty from the golden range of the spectrum . . . perfect with tanned skin . . . perfect too with the creamy beiges, apricots, yellows, blues and greens you'll be wearing.
