"YOUR FAMILY FURNITURE STORE"

One of the most beautiful cars ever built.

Not many people ever see a Karmann Ghia, much less own one. Too few Ghias are made—only several thousand each year. People who own Ghias rarely offer them for sale—a Ghia does not wear out or go out of style.

One reason is the way it looks. Ghia of Turin designed it. Equally important is the way it's built. Karmann, Europe's noted custom coachmaker, produces it.

Proud for the Ghia comes from Volkswagen's celebrated air-cooled rear engine. It neither freezes nor overheats, runs efficiently all day at top speed. Inexpensive (and rarely needed) service is available at all Authorized VW Dealers. A Ghia costs as little to run and maintain as the Volkswagen itself.

There are two Ghia models: hard-top and air-tight convertible, in colors generally unavailable on other cars.

Ever seen a Ghia? Up close? Come in.
