

The New RCA WHIRLPOOL Mark XII Washer

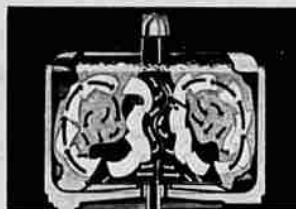

WHY is this washer different from all other washers?

Because only the new RCA WHIRLPOOL has all these features to wash your clothes clean...with far less work for you!

WHISKS AWAY THE MOST STUBBORN SOIL. Exclusive Surgilator* agitator washing action flexes clothes in motion, flows sudsy water through them to get clothes thoroughly clean. Two washing speeds—slow for delicate fabrics and sheers, normal for vigorous washing. Two safe and gentle damp-drying speeds. Wash-and-wears come out wrinkle-free. Washes 10 lb. loads, saves time and hot water.

RINSES CLOTHES CLEAN. Loosened soil and suds are drained away from clothes, not through them. Heavy dirt flushes out below, light-weight soil and soap film flows out through 1199 openings in sides of tub. Power-spray and deep rinsing leave every fabric soft and clean.

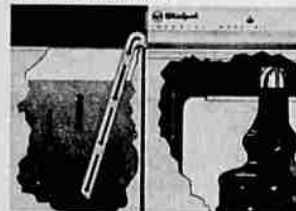

AUTOMATICALLY FILTERS OUT LINT, BLENDS IN DETERGENT. Exclusive Magic-Mix* Dispenser Filter "combs" lint and fuzz from water during washing and rinsing. Easy to clean, too. Also dissolves and dispenses soap or detergent

before it reaches clothes. Separate built-in automatic dispensers feed bleach and rinse conditioner into water at proper times.

EASIEST TO USE—AND UNDERSTAND! It's self-setting—just push a button to match the fabric, turn it on, let the washer do the work. Automatically it adjusts to the correct wash and rinse water temperatures, wash and spin speeds, rinsing action, washing time. Even lets you

soak clothes before washing, or rinse an extra time.

SAVES SOAP AND HOT WATER. The famous Suds-Miser® system saves an average family of four up to 2500 gals. of hot water, up to 26 boxes of soap or detergent per year! And you can wash partial loads without filling this washer all the way. Know the pleasure of owning this truly different washer! *Tmk.
