this sample Activity Kit to acquaint you with
THE SCIENCE PROGRAM

YOU'LL FLY "ABOVE THE WEATHER" in the latest radar-equipped jet airliners. This Boeing 707 zooms across the continent at more than 600 miles per hour.

YOU'LL "FLY" OVER TRAFFIC JAMS in this personal helicopter. Some day they may be as common as motorcycles.

...And you ALSO Get
THIS AMAZING RECORD:

Blast Off!

Sounds of the U.S. Air Force, 1916-1960

Introduction by LT. GEN.

BERNARD A. SCHRIEVER, Commander,
Air Research & Development, USAF

HERE ARE authentic sounds of FLIGHT from World War I to now! You'll listen as Atlas Rocket 10-B orbits a satellite... hear President Eisenhower's voice from outer space! You'll listen to machine-guns of a World War I fighter... Hitler's V2 Rocket... an F-100 in supersonic flight... the harrowing voice of a Delta Dagger pilot in trouble! It's all on this exclusive 17-minute, high-fidelity, two-sided vinyl record - available only through the Science Program!

This Double Coupon Makes a

YOU GET ALL THIS
FREE OF CHARGE!

(See items shown on page)

- 1 Beautiful full-color prints of wonders of FLIGHT.
- 2 8,000 - word illustrated album - crammed with facts, and with spaces for mounting the color prints.
- 3 Exciting record, "Blast Off!" (shown at right, above). Available only through Science Program.
- 4 Big "Ocean of Air" Wall Chart, with full-color snapshots of World Altitude Record Vehicles.
- 5 Science Bulletin, monthly, keeps you abreast of newest developments.
- 6 A handsome library case in which to store your albums.

(Same offer in Canada. Address 105 Bond St., Toronto 2. Offer good only in U.S.A. and Canada) SC138

Why this generous offer? Simply to introduce you
to an exciting way to understand
and enjoy the scientific marvels of the space age

IMAGINE the thrill of joining test pilots and scientists as they explore the frontiers of space!

You soar miles above the Earth in a jet plane flying four times the speed of sound - and you are at the controls! A pilot explains the principles of flight... how the controls work... what the instruments mean.

You stroll through a giant engineering firm, while top plane designers talk over the problems of conquering space. They show you how a jet works... what keeps a plane up... how Newton discovered the theory which made possible the Vanguard satellite.

You sit in the control tower of a great airport, where hundreds of planes land and take off every day. The Control Engineer explains fascinating electronic devices, radar units, new DME (distance measuring equipment), "omni-range" guidance units.

These are just some of the thrills that await you in the new SCIENCE PROGRAM presentation of Flight - yours FREE of charge on this exciting get-acquainted offer.

Enjoy Monthly Adventures Like These

Each month this new program will take you on a "guided tour" of a different, exciting field of science. One month you will see planets through the eyes of an astronomer, or marvels of the sea through the window of a bathysphere. Another time a chemist will take you into

his laboratory. A biologist will let you look through his microscope. On other "field trips" your guides will be radio engineers... submarine commanders... medical researchers... nuclear physicists.

These adventures provide a revolutionary new way to share the thrills of the space age. Each month you receive gummed, perforated sheets of full-color prints - also a beautiful, richly illustrated album, crammed with absorbing information, and with space reserved for mounting the pictures. In addition, there will often be many interesting extra things-to-do, as in the FLIGHT set offered on this page.

What It Will Mean to Your Family

Think what these adventures will mean to your family - especially if you have children in school! It will stimulate them to participate in science projects. It will help prepare them for life in the space age - may even lead to a scientific career.

MAIL BUSINESS REPLY COUPON NOW for the Introductory Activity Kit - it comes to you FREE! With it we will also send the current Activity Kit for which you will be billed only \$1, plus shipping. No further obligation. But if you wish to continue, you pay only \$1 plus shipping for each month's scientific adventure. You may cancel at any time. Address **SCIENCE PROGRAM, Dept. FWD-9, Garden City, N. Y.**
