

Adult Education Classes to Start This Week in District

Fall term adult education classes sponsored by the Medford school district will start this week, Lindsay Vinsel, director of adult education, has announced.

Registration may be made at the first class session, and classes with insufficient enrollment will be cancelled, he said.

Most of the courses are offered for 10 weeks. The courses offered are, including time, place and instructor:

General mathematics, Tuesdays, 7:30-9:30 p.m., room 244, Medford High school, Del Hackert; business law, Mondays, 7:30-9:30 p.m., room 205, Medford High, Brian Mullen; public speaking, Mondays, 7:30-9:30 p.m., room 206, Medford High, Marvin Miner; world culture, Wednesdays, 7:30-9:30 p.m., room 14, Medford High, John Smock; beginning Spanish, Tuesdays, 7:30-9:30 p.m., room 38, McLoughlin Junior High, Howard Gang.

Languages Offered

Intermediate Spanish, Thursdays, 7-9 p.m., room 213, Medford High, Carl Bergman; beginning Russian, Tuesdays, 7-9:30 p.m., room 21, Medford High, John McKinney; radiation biology, Wednesdays, 7:30-9:30 p.m., room 33, McLoughlin, Monte Kounz; English for foreign born, Wednesdays, 7:30-9:30 p.m., room 250, Medford High, Annette Gray; English review, Mondays, 7-9:30 p.m., room 209, Medford High, Helene Hutchinson; vocabulary building, Tuesdays, 7-9:30 p.m., room 209, Medford High, Helene Hutchinson; creative writing, Tuesdays, 7-10 p.m., room 213, Medford High, Dr. R. J. McGinnis.

Briefhand, Mondays, 7-9:30 p.m., room 229, Medford High, Gerald Eulich; beginning typing, Thursdays, 7-9:30 p.m., room 225, Medford High, Margaret Black; intermediate typing, Wednesdays, 7-9:30 p.m., room 228, Medford High, Louise Maher; beginning shorthand, Mondays and Thursdays, 7-9:30 p.m., room 232, Medford High, Juanita Mayer; intermediate shorthand, Tuesdays, 7-9:30 p.m., room 228, Medford High, Juanita Mayer.

Beginning book keeping, Thursdays, 7-9:30 p.m., room 229, Medford High, Gerald Eulich; business machines, II Mondays, 7-10 p.m., room 226, Medford High, Gertrude Fredrickson; business English, Thursdays, 7-9:30 p.m., room 209, Medford High, Helene Hutchinson.

Sewing Courses

Tailoring, Mondays, 7-10 p.m., room 8, McLoughlin Junior High, Ruth Osborn; beginning clothing, Wednesdays, 7-10 p.m., room 342, Hedrick Junior High, Dorothy Sneed; Bishop clothing Mondays, 7-10 p.m., room 207, Medford High, Jean Hood; Bishop clothing I, Mondays, 7-10 p.m., room 207, Medford High, Joanne Weatherford.

Millinery, Tuesdays, 7-10 p.m., room 207, Medford High, Lucille Collins; mill-

nery, Thursdays, 9 a.m. to noon, armory, Lucille Collins; cake decoration, Tuesdays, 7-10 p.m., room 17, Medford High, Barbara Vinsel; cake decoration, Tuesdays, 9 a.m. to noon, armory, Barbara Vinsel; knitting, Wednesdays, 7-10 p.m., room 208, Medford High, June Milestone; lamp shades, Thursdays, 7-10 p.m., room 208, Medford High, Joanne Weatherford; upholstery, Monday and Thursdays, 7-10 p.m., 917 West McAndrews rd., Heinz Bertram.

Audio-visual aids, Tuesdays, 7-9:45 p.m., room 34, Medford High, Laurence Butler.

Oil painting, Mondays, 7-9:30 p.m., room 314, Hedrick Junior High, Catherine Fong; basic mosaic, Tuesdays, 7:30-9:30 p.m., room 223, Medford High, Audrey Sims; beginning photography, Mondays, 7:30-9:30 p.m., room

335, Hedrick Junior High, Edward Klimko; blueprint reading, Wednesdays, 7-10 p.m., room 34, Medford High, Harold Soballe.

Trade preparatory courses include:

Auto Mechanics

Auto mechanics: applied math I, Mondays and Wednesdays, 6:45-8 p.m., room 22-C, Medford High, Marvin Trautman; practical physics I, Mondays and Wednesdays, 8:15-10:20 p.m., room 22-C, Medford High, Marvin Trautman; auto chassis I, Tuesdays and Thursdays, 6:45-10:20 p.m., auto shop, Medford High, Edward Read; internal combustion engines I, Fridays, 5:30-10:20 p.m., auto shop, Medford High, Fred Gardner.

Electronics: technical math I, Mondays and Wednesdays, 6:45-8 p.m., room 19, Medford High, Gary Boshears; applied

physics I, Mondays and Wednesdays, 8:15-10:20 p.m., room 19, Medford High, Gary Boshears; electrical diagrams, room 19, Medford High, Bill and Wednesdays, 5:50-8:40 Tuesdays and Thursdays, Brawn; electrical drafting, p.m., room 35, Medford High, 6:45-8 p.m., room 19, Med-

ford High, Bill Brawn; electrical theory I, Tuesdays and Thursdays, 8:15-10:20 p.m., room 19, Medford High, Hercher; and communications I, Mondays, Tuesdays, 5:50-8:40 p.m., room 35, Medford High, Larry Horton.

34, Medford High, Terry Hercher; and communications I, Mondays, Tuesdays, 5:50-8:40 p.m., room 35, Medford High, Larry Horton.

'FLASHING FLAGMAN'—A new portable light stand, known as the "flashing flagman" is now being used by the state highway department bridge and road crews to direct traffic while emergency repairs are being made. Shown with the development is Charles E. Flanagan, foreman in Portland for the highway department, who suggested the idea. The signs, under development for the past year, feature flashing red and

amber lights mounted on telescoping standards over paired yellow flags and signs indicating what the emergency is. The lights, powered by batteries, may be raised as high as 10 feet to clear obstructions such as parked vehicles. Highway officials say the invention fills a need of long standing, and will give added protection to both crews and motorists during emergencies.

Home Use of Books in County Shows Increase

Home use of books from branch libraries in Jackson county showed a 154.98 per cent increase in August compared to a year ago, according to Omar Bacon, librarian of the Public Library of Medford and Jackson county.

Home circulation of library books from the branches totaled 3,231 in August, 1959 and increased to 8,238 in August, 1960, Bacon reported.

Medford book circulation showed an increase from 16,190 to 20,576 for the same period, or a 27.09 per cent increase. Totals for Medford and branches reflected an increase from 19,421 to 28,814, or a 48.36 per cent increase.

Of the branches, Jacksonville showed the greatest gain for the August to August period, 367.50 per cent, 360 to 1,467.

Central Point ranked second with a 285.10 per cent gain, 705 to 2,574.

Gold Hill ranked third for the same period with 187.79 per cent increase, 295 to 849.

Talent ranked fourth with a 143.21 per cent increase, 435 to 1,058.

Other libraries and their circulation increases are: Butte Falls, 284 to 837, 124.29 per cent increase; Eagle Point, 695 to 907, 30.50 per cent increase; Phoenix, 345 to 587, 68.40 per cent increase; Shady Cove, 77 to 134, 74.02 per cent increase.

Table Rock, a new branch library, showed a 11.42 per cent decrease, 35 to 31, circulation for the August to August period.

Duncan Speaks at Student Meeting

Ashland — Robert B. Duncan, speaker of the State House of Representatives from Medford, told some 200 high school students and advisors from southern Oregon recently that the individual should "think for himself" and stand up to the majority.

The occasion was the concluding banquet for the Oregon Association of Student Councils Region V workshop held on the Southern Oregon college campus here. Delegates from student councils participated in the discussions of the problems of student government.

Duncan used his student council experience to illustrate the importance of each student developing to the fullest his own sense of social responsibility and his "willingness to make personal sacrifice of his own leisure and comfort" to serve school and government.

He urged each person to "think for himself," and never hesitate to express his own honest views even though they might be "at odds" with the majority.

"Accord this same privilege to your fellows," he continued. "It is sometimes the one individual with the courage to stand up to the majority who has found the truth we all seek."

"This has always been the strength of our democracy. We must never let the fear of an outside dictatorship force us to deny ourselves the constitutional freedoms we are fighting to preserve," he concluded.

President Jim Lewis of Ashland High school was master of ceremonies.

CLINIC FOUNDER DIES

Charlottesville, Va. — (UPI) — Ulin Whitney Leavell, 66, founder of William Holmes McGuffey Reading clinic, died Thursday.

Denver — (UPI) — Robert Carter Allen, author of the book "How to Build a Fortune and Save on Taxes," filed a bankruptcy petition Thursday in Federal court listing \$2,052 in assets and \$55,811 in debts.

Washington — (UPI) — Sen. Hall S. Lusk, (D-Ore.), has been advised today the Air Force has released \$111,000 for construction at Kingsley Field at Klamath Falls, Ore.

Register today so you can vote for a better tomorrow," was the theme of the meeting. A mobile unit is now being used by the club to register those who have moved or have failed to register. Persons that need to register should telephone Mrs. Ed McGinty at Spring 2-4749, the club suggests.

Jerry Scannell, candidate for district attorney, complimented the club for taking an active part in the registration drive.

It was emphasized at the meeting that Democrats who would like to join the club or participate in the voters' registration drive may contact President Gary Picard at Spring 3-4356 or Spring 3-4922.

Young Democrats Discuss Drive

Discussion of the voter's registration drive and the presentation of an honorary membership of Ted Kenney, brother of Sen. John Kenney (D-Mass.), highlighted a recent meeting of the Jackson county Young Democrats club.

Portland — Plotting of commercial shrimp grounds from Coos Bay to Newport, Ore., by the bureau of commercial fisheries is now under way, according to the U.S. fish and wildlife service.

The bureau's fishing vessel, John N. Cobb, is conducting a six weeks exploratory shrimp fishing operation in cooperation with the Oregon fish commission.

Records will be kept on the general topography of the ocean bottom and oceanographic and meteorological conditions. Size and sex composition of the shrimp populations will be determined together with other pertinent information, the U.S. fish and wildlife service reported.

Shrimp Grounds Are Being Studied

Portland — Plotting of commercial shrimp grounds from Coos Bay to Newport, Ore., by the bureau of commercial fisheries is now under way, according to the U.S. fish and wildlife service.

How to plan for 365 paid holidays a year

Just about every American looks forward to Labor Day, the last big paid holiday of the summer. A good rest and time to do a little thinking.

When you retire, every day will be a holiday. By saving a little bit every day now with U.S. Bonds, you can make sure they are all holidays with pay.

For example, if you save \$1.26 a day and buy a \$50 Bond (cost \$37.50) each month for 17 years, 9 months, you'll accumulate 213 Bonds. Your Bonds will then begin reaching extended maturity, and you can start cashing in the oldest one each month.

Each Bond you bought for \$37.50 will now bring you \$72.50 — a tidy addition to your retirement income. Total invested: \$7,987.50. Total return: \$15,442.50.

Here's how you can build GUARANTEED MONTHLY RETIREMENT INCOME

For 17 years, 9 months (based on present interest rate)

Buy a Savings Bond each month for 17 years, 9 months	(cost price)	18.75	37.50	75.00
At maturity (7 years, 9 months after issue)	each bond will be worth	25.00	50.00	100.00
10 years after maturity (17 years, 9 months, from the start of your Retirement Plan) bonds will start reaching extended maturity. Thereafter for 17 years, 9 months, you will get back each month		\$36.25	\$72.50	\$145.00

(This Plan assumes that the 3 1/2% rate will be in effect 17 years and 9 months from the original purchase of each bond.)

Some more advantages you might think about

You can save automatically with the Payroll Savings Plan. Tell your company how much to save for you each payday for Bonds. This way you won't forget to save and your savings will add up automatically.

You now get 3 1/2% interest, at maturity. This new rate, which went into effect June 1, 1959, makes your Bond money grow faster. Series E Bonds now mature 14 months earlier than before — in just 7 years, 9 months. Bonds bought earlier earn more too — an extra 1/2% to maturity beginning with their first semi-annual interest period on or after June 1, 1959.

You can get your money, with interest, any time you want it. Bonds are a ready reserve that you can cash any time at any bank. But it pays to keep them.

Your money is guaranteed by the U.S. Government. Bonds are an absolutely riskless investment. The Government promises you that the cash value of your Bond will not drop — it can only grow.

Your money can't be lost or stolen. The Treasury will replace your Bonds, free, if anything happens to them.

You save more than money. You help save the peace. Every Bond you buy helps keep our Nation and our Nation's economy strong.
