

Stanford Alumni To Organize

An organizational meeting of a Southern Oregon-Northern California Stanford Alumni club will be held at the Jackson hotel Saturday, Oct. 8. Former students of Stanford University from the six southwestern Oregon and three northern California counties have been invited to meet at 11 a.m.

A business session will be followed by luncheon at 12:45 p.m., and a viewing of the Stanford-University of Washington football game at 1:45 p.m. The game will be shown by courtesy of Jackson Cable Television.

"For many years Stanford alumni in southern Oregon and northern California have been 'orphans,' according to the local organizational committee, 'too far from Portland or the Bay area to permit affiliation with those clubs and too few in number to form an alumni club of their own.'"

Alumni in this area have increased remarkably the past ten years, with about 300 Stanford alumni now living in the nine counties.

The local temporary committee hopes that a group, with chairman, comes from each county for the Medford meeting.

Further information is available by calling Mrs. Mark E. Boyden, 2541 Sandy Terrace, Spring 3-2226.

Why be a pretzel or even a sardine, when you can be in space on a Beautyrest® Supersize mattress. Here's that big bed you've always wanted with two years' free supply of percale sheets to boot.

Single-bed sleepers can roam at will without kicking out a sheet. Double-bed sleepers, of course, really need Supersize—and Supersize was made for them. No more humping. No more rolling together. Separate, spacious comfort for man and wife.

Beautyrest has always been the only mattress that offers single-bed comfort in a double-bed. Its coils are separate and independent, not joined together as in ordinary mattresses. The heaviest husband cannot disturb his wife's rest when he turns in his sleep. That is the Beautyrest story. And it's even bigger on Supersize.

Does Supersize crowd your bedroom? Not at all. Even the King-Size, largest of the Supersizes, takes up less room than two standard twins.
