

# WHAT DO DOCTORS DO FOR TENSE NERVOUS HEADACHES?

3 out of 4 recommend the  
ingredients in ANACIN® for headache pain

WHEN you suffer pain from headache, neuritis or neuralgia, why not take what most doctors recommend—the ingredients in Anacin for fast relief! Here is why Anacin gives such superior pain-relief. Mere aspirin or even aspirin with buffering contains only one pain reliever. They have no special medication to relax your nervous tension. Anacin contains a number of medically proven ingredients, including special medication that not only relieves pain incredibly fast, but also relaxes tension and releases painful pressure on nerves. Anacin Tablets are safer, too. They have a smoother action and do not irritate or upset the stomach. Buy Anacin today!

Why ANACIN  
gives more complete  
**PAIN-RELIEF**

Most headaches are caused by tension that presses on nerves and results in headache pain. Tension headaches call for the special medication in Anacin. Unlike aspirin or buffered aspirin which contains only one pain reliever and has no special medication to relax tension—Anacin contains medication that (1) relaxes tension (2) releases pressure on nerves (3) relieves pain fast. That's why Anacin gives a better total effect—more complete pain relief.

### Box Marbles

By Marion Ullmark

This marble game is fun indoors or out. Take a shoe box and cut three holes along the bottom edge of one side. Number the smallest hole 5; the middle-sized one 3; and the largest hole 1. Each player is given four marbles. From about five feet away, he shoots the marbles, trying to get them through the holes into the box. Keep score, using the numbers over the holes. Highest score wins.

### Orange Race To Play at Parties

By Ragna Eskil

In this hilarious game, two even teams line up and each side is given an orange (or a three-inch ball). The first player on each side holds the orange between his cheek and shoulder and tries to pass it under the next player's chin without using his hands—or anyone's hands. The orange must be passed from player to player all down the line in this manner. If one side drops their orange, they must start over. The first team to pass it down the line and back to the first player wins.

### Whirling Hop Game

By Regina Sauro

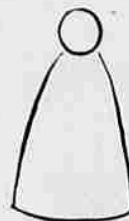

On the sidewalk, draw a whirling circle (see sketch). Player starts on outer edge and hops on one foot around and around toward the center. It is easy to do on the outside curves but becomes harder as the circle gets smaller. When a player loses his balance, he writes his name on the spot where he stopped.

The player who gets farthest toward the center of the circle is the winner.
