4-H Club News

Applegate Trotters
The second meeting of the Applegate Tricky Trotters 4-H club was held at the home of Jimmy and Danny Christensen Sunday, Sept. 25, at 1 p.m.

We decided that we should know the parts of a horse, the parts of a saddle, the parts of a bridle, the safety rules, and the rules for caring and feeding our horses.

At the meeting we all mounted our horses, started them, stopped them, reined around in circles to the right and left, and backed them. The next meeting will be held at the home of Gene Towler at 2 p.m., Sunday, Oct. 9.

Mrs. Christensen served refreshments after the meeting.

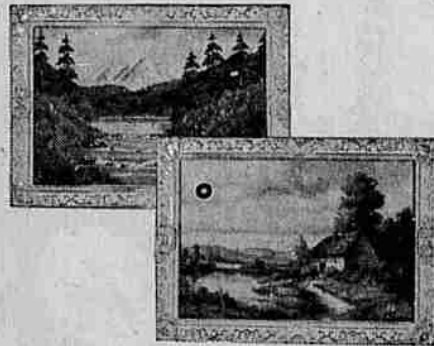

David Pitcock, Reporter.

Thumbs and Fingers

Daisy's Thumbs and Fingers 4-H Sewing club met Sept. 27 and decided to sell candy.

We also discussed the care of clothes. Mrs. Wilson, our co-leader, showed us the effect nail polish remover had on different fabrics. We found that the remover dissolved some of the materials.

Ruth Wilson, Reporter.

BRUSH REPRODUCTIONS of fine oils

Fabulous colors so realistic you feel as though you had the actual painting. Different sizes, 16x20, 24x18, 24x20. By artists: Van Gogh, Soyer, Utrillo, Klee, Homer.

FOR A BETTER LAWN NEXT YEAR IT'S PAX
CRABGRASS AND SOIL PEST CONTROL THIS FALL!

CRAB GRASS PLANTS like this in your lawn will leave millions of seeds this fall to cause an even more serious problem next season. PAX ENDS CRAB GRASS GROWTH! It's guaranteed to kill 90% to 100% of the crab grass seeds left in your lawn this year plus continue its protection for three years and longer.

PAX GIVES FALL FERTILIZATION! The nitrogen plant food in PAX gives your lawn additional weeks

of rich, green color in the fall, plus faster greening in the Spring. PAX CONTROLS OTHER WEEDS. For annual, perennial mouse-ear chickweed, speedwell and Euphorbia are eliminated from your lawn with a fall application of PAX.

PAX KILLS INSECTS AND SOIL PESTS! Surface insects and sub-soil pests are both destroyed by powerful PAX formula.
