

Annual Don Loper Show To Benefit Kindergarten

Fashion conscious women of the Rogue valley are looking forward to the annual Don Loper show to be given Saturday, October 8, at Rogue Valley Country club. The style show and dinner will benefit the kindergarten which the Junior Service league operates for children with hearing deficiencies.

To be shown will be the fall fashion collection of Don Loper, southern California who is termed "designer for the stars." Mr. Loper, known throughout the United States, designs all the clothes worn by June Allyson for her "June Allyson Show" on television, and also designs for Marlene Dietrich, Jayne Meadows, Lena Horne, Hedda Hopper and many other stage celebrities.

Reservations for the event are to be made by calling Rogue Valley Country club. The Junior Service league kindergarten was established in 1953 as a non-profit organization. The staff consists of the director and an instructor who are specially trained as teachers of the deaf. In addition, two members of the league assist the teacher. Each member completes a nine-month training course before giving service at the kindergarten.

Children with hearing impairments are referred to the kindergarten by a physician or an agency such as the public health department or welfare agencies. A physical examination is required and no mentally retarded children are accepted. Pupils are enrolled from ages two to six. Parents of children receiving instruction are invited to attend the training course given to members of the Junior Service league.

The school is supported by the league through their various projects, and many other civic and service organizations have donated money, services, and equipment.

Tuition to the school is voluntary. Speech, speech reading, language development and rhythmic training are emphasized along with regular nursery school and kindergarten experiences. The school is equipped with a group hearing aid.

The Junior Service league kindergarten serves all of Southern Oregon with children enrolled from Klamath Falls, Grants Pass, Jacksonville, and Bandon as well as Medford. One family moved to Medford from Great Falls, Mont., after hearing about the kindergarten.

Since 1953, 39 children have been enrolled in the school. At the present time, seven deaf and hard-of-hearing pupils are learning to speak and understand speech at the kindergarten.
