Mrs. Bertha Dalton, 52, Corning, Calif., was reported in good condition this morning at Sacred Heart hospital. She suffered head and hand cuts Wednesday morning in an accident on Blackwell hill. According to state police, Mrs. Dalton was a passenger in a pickup operated by James M. Dalton, 70, when the accident occurred. Dalton told police that the pickup was towing a house trailer and ap-

plied the pickup brakes as he drove south on Highway 99. The pickup and trailer turned over, with heavy damage reported to both. Dalton was treated for minor cuts and a head cut at the hospital and released.

The Family Council

Editor's Note: The Family Council consists of a judge, a psychiatrist, three clergymen, three editors and a women's editor. Each article is a summary of an actual case history. The Council reports on problems that have been dealt with by responsible agencies and counselors.

Mr. J. N. — We want the twins to go to separate colleges. Gary N. — But we like being together. Mr. J. N. — My sons are 17-year-old twins. They are planning to enter college next fall and are getting their applications ready. They want to go to the same school, but their mother and I think this would be a mistake. They have been so close all their lives. It is time for them to get out on their own.

An important consideration is the fact that Jack is a much better student than Gary. He walks off with all the awards and is always in the lime-light. Gary is proud of him, but he needs a chance to shine on his own—at least we think so.

Gary N. — My parents are so worried about my ego. They seem to think I may feel small just because my brother is so good. That just isn't so. Not many guys can

stronger of the two in a psychological sense. Dependency important for students to go to the college of their choice — if they meet the requirements. So Gary and Jack go their separate ways. However, we do think it is explanation of why it would be best for them to go to different schools, but the final decision should be up to them. (Copyright 1960, General Features Corp.)
