

## Frick Promises League Cooperation on Expansion

New York — (UPI) — Commissioner Ford Frick promised future National and American league cooperation on expansion today while Branch Rickey called for Congress to supervise the job.

At the same time the disappointed officials who tried to get Dallas-Fort Worth declared a major league territory declared they are no longer interested in the attempt and might get out of baseball completely.

These were the latest repercussions of the American league's bombshell announcement last week that it will expand into a 10-team circuit with new franchises in Washington, D.C., and Los Angeles and with the Senators shifted to Minneapolis-St. Paul effective in 1961.

"I don't want the right hand not to know what the left hand is doing because we get into trouble that way," said Frick, who announced he had obtained an agreement from league presidents Warren Giles and Joe Cronin to take future expansion moves jointly. "When one group goes off half-cocked on expansion, there is fighting and recrimination. You ruin the city you're going into and you hurt expansion."

"I am interested in one thing — expansion. I don't care who goes where."

**Meet Five Hours**

Frick made his statements after a five-hour meeting with Giles and Cronin, which he said he called four or five days ago. He also outlined three rules concerning player recruitment by the new franchises:

1. No new club shall be entitled to any major league privilege until it qualifies for membership in the American or National league and is so certified by the commissioner.
2. Immediately upon acceptance for membership, new clubs will be entitled to sign free agents and to exchange or purchase contracts under the existing rules of baseball. In addition, they will be given preferential treatment within their league on all waiver claims.
3. Following completion of the major league draft, each new member may select two players from minor league clubs for the regular season price of \$25,000 for each contract.

**Rickey Blasts AL**

The 78-year-old Rickey, president of the defunct Continental league, said "It is now squarely up to the Congress of the United States to protect major league expansion in this country."

"The American league did not choose a single one of the Continental league group," said Rickey. "And they did not expand except to move the Washington club into one city that had not previously been in either major league. This is not expansion. This is simply extension. It is difficult to understand how reputable gentlemen will explain this breach of good faith."

J. W. Bateson of Dallas and Amos Carter Jr. of Fort Worth said they were "so disappointed over recent events that left our area out of National and American League expansion, we have decided no good purpose will be served by continuing our efforts."

## Crusaders, Wasco Vie November 11

St. Mary's of Medford will oppose Wasco County High school at Maupin on Friday night, Nov. 11, in the state B football quarterfinals. SM Coach Bill McKibbin has reported.

St. Mary's is champion of District 5 and Wasco of District 6.

McKibbin gave his Crusader gridmen Monday and Tuesday off. They finished their regular season last Friday by beating Malin here.

Drills were to resume this afternoon. The club will practice Thursday and Friday and go at it as usual next week. McKibbin said that there may be some work over the week end.

## Prospect Slates Turkey Shoot

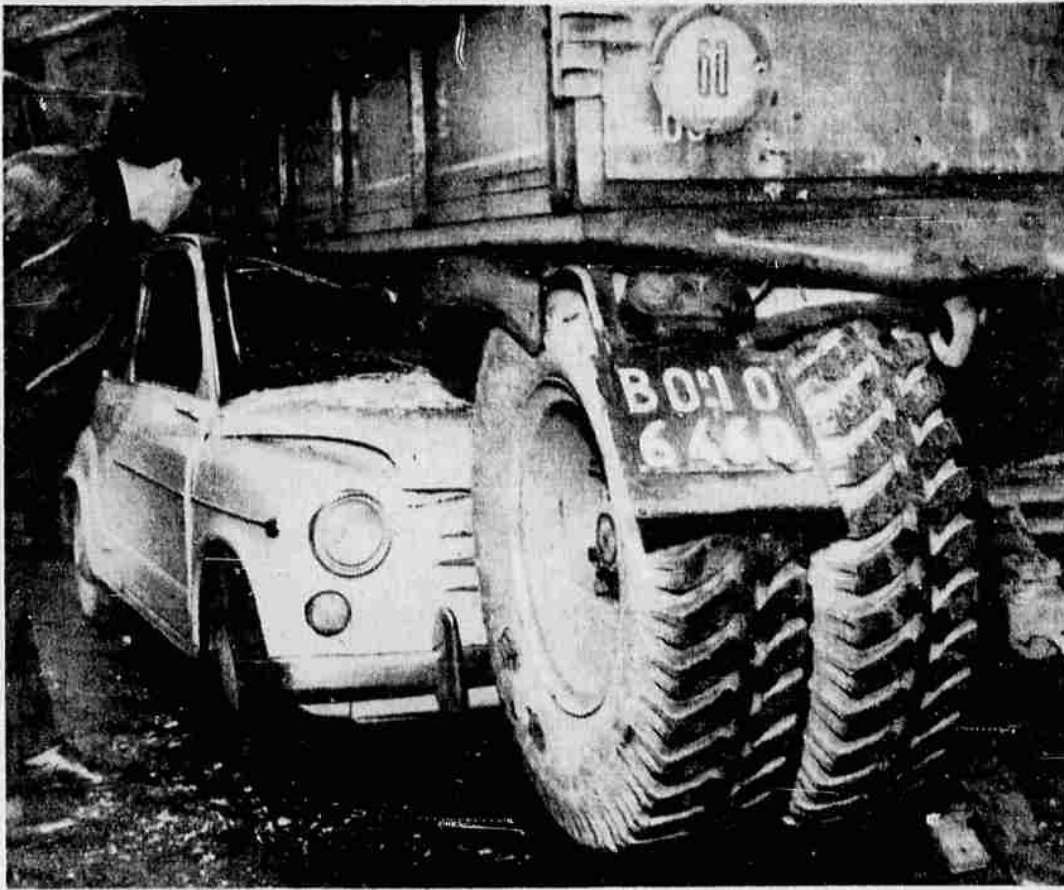

Prospect — Prospect Lions club, in conjunction with Prospect UCLA at Berkeley Saturday shoot on Sunday, Nov. 6, at the gun club grounds.

The event will begin at 10 a.m. All classes and all types of shooting are planned. There will be numerous prizes.

Proceeds will go toward sending the high school basketball team to Dec. 16 and 17 tourney at Alturas, Calif., and toward community park development.

## Greenberg Seeks Use Of Stadium

By ALEX KAHN

Los Angeles — (UPI) — Hank Greenberg, spokesman for the American league's proposed Los Angeles baseball club, went before the Coliseum commission today seeking to share dates in the huge stadium with the Los Angeles Dodgers during 1961.

Groundwork for the application was laid Tuesday by Greenberg when he conferred with commission president George Kinsey and Coliseum manager Bill Nicholas, who said there were 81 dates available without interfering with the Dodgers' National league schedule or other tenants of the stadium.

Greenberg then told a press conference that if the American League dates are granted the first big problem towards bringing a franchise here would be solved.

As representative of the American league's realignment committee, Greenberg also was charged with seeing that suitable financing was available for a proposed franchise and he said that was promised by C. Arnholt Smith, San Diego, Calif., banker and owner of the Padres club in the Pacific Coast league.

Greenberg emphasized that no franchise had been granted yet and it would be up to him to satisfy the American league that he had arranged to meet the qualifications for a club here before a franchise could be granted.

So far as his own connection with the proposed new franchise was concerned, Greenberg said he would first have to divest himself of his stock in the Chicago White Sox and then he hoped to become a member of the new organization.

## SPORTS

### Panther Tutor Coach of Week

Pittsburgh — (UPI) — With any kind of a break, his team could have one of the best records in the country but they've had two ties and two losses to tough teams by a single point each.

He was up against the defending national champions—Syracuse university—with the longest winning streak in the nation, 16 games. Syracuse hadn't tasted defeat in 22 straight games dating back to the middle of the 1958 season.

But coach Johnny Michelosen's Pitt Panthers smashed both winning streaks by beating Syracuse, 10-0, last Saturday, and today Michelosen was honored for this triumph by being named college football's "coach of the week" by United Press International.

### Indians Stress Running Game

Stanford, Calif. — (UPI) — Emphasizing their running game, Stanford's Indians held a two-hour workout which ended under the lights Tuesday.

Coach Jack Curtice indicated he was satisfied with Stanford's passing attack in recent games, but felt that the ground game needed beefing up. Guard Ron Fernandez reinjured his ankle during the practice and will, probably not see action against Oregon Saturday.

### HARDEST WORKOUT

Los Angeles — (UPI) — The University of Southern California Trojans had their hardest workout of the last two weeks Tuesday, going through a rough contact drill against the junior varsity. Coach John McKay, who has lost Lynn Gaskill, Luther Hayes and Bob Livingston for probably the rest of the season, received more bad news when Mike McKeever, considered by many to be the best player on the team, underwent a successful operation to remove a blood clot on his brain but was declared out for the season.

### FOX RELEASED

Salem — (UPI) — Mel Fox, football coach at North Salem high school, was released from a Salem hospital Tuesday where he has been confined for treatment of a heart condition. The 30-year-old former Linfield college athlete will continue to convalesce at home. He was hospitalized several weeks ago.

### GRADE GAME BILLED

Lone Pine — The Lone Pine Grade school griders will play Oak Grove at Lone Pine Thursday, Nov. 3, at 4 p.m.

## Leo Discusses Salt Lake Job

Beverly Hills, Calif. — (UPI) — Leo the Lip in Salt Lake City! It just may happen.

Former Giant manager Leo Durocher, a stormy character in baseball throughout his playing and piloting days, said Tuesday he was considering seriously an offer to manage and share ownership of the Salt Lake City Bees of the Pacific Coast league.

"The situation calls for a lot of thought," Durocher said. "I expect to make up my mind in the next few days."

### AT RIGHT HALF

Berkeley, Calif. — (UPI) — Defensive halfback Jack Trumbo, who has missed most of the season because of injuries, moved into the University of California offensive lineup at right halfback Tuesday. Coach Marv Levy put his squad through a light drill with little contact work. The Bears play UCLA at Berkeley Saturday.

**How does a one-ton truck chalk up against a Volkswagen?**

We admit it. A standard one-ton truck carries 170 lbs. more than a Volkswagen Panel Truck — which carries 1,830 pounds.

But look what a difference a VW can make. You'll be driving a nimble truck that knows how to keep out of traffic jams. You can operate two VW Trucks for what it costs you to operate a single standard one-ton truck.

You can park your Volkswagen in places that the average one-ton has to forego. A VW is three to five feet shorter.

Tires, depreciation, insurance—they all cost you less.

If you never take a load under 2,000 pounds, no use talking. But if you do, come in and see us. We'll show you operating cost figures.
