

Congressman Asked for Divorce

New York-Jazz pianist Hazel Scott wants a divorce from Rep. Adam Clayton Powell, (D-N.Y.).

Miss Scott said Thursday she has asked the congressman for a divorce but that he has refused to pay the costs of one and what she considers "adequate support" for her son, Adam Clayton Powell III, 14. She said that unless an agreement could be reached on these points "there just will be no divorce because I am not about to pay for it."

Powell, 51, campaigning in Detroit for the Democratic presidential ticket, released a statement in which he said he was paying tuition and board for his son at a private school and that he regretted his estranged wife had made the statement concerning a divorce "at this time."

Downing, who had been injured in an automobile accident, was married to Geraldine D'Andrea as he lay on a stretcher in a chapel at the Veterans' Administration hospital.

MEDFORD TRIBUNE

PAGES 1 to 8 MEDFORD, OREGON, SUNDAY, NOVEMBER 6, 1960 SECTION D

Zone Change Requests Are Approved by Medford Council

The Medford city council last night approved requests for two changes of zone in the city. The planning commission had recommended that both requests be approved.

One of the changes is at 2120 Table Rock rd. The council elected to change the property from Class IA residential to Class II multiple-family.

It was pointed out that adjacent property is already zoned for multiple-family and to change the zone there would be in line with a preliminary land-use plan for the city.

The second zone change was for three lots located between Cedar and Welch streets

adjacent to the railroad tracks. These lots were changed from Class IB single and two-family zone to Class VI heavy industrial.

A report prepared for the council pointed out that much of the property in this area is already zoned heavy industrial and a generalized land use plan suggests that much of the area along the railroad tracks be zoned heavy industrial.

No opposition to the zone changes was voiced at public hearings on both requests last night.

The council unanimously approved a proposal to construct a 6-inch water main on Prune st., Park Place No. 3 and Alberts st. City Water Superintendent Robert Lee pointed out that although only 50.4 per cent of the property in this area was represented on a petition requesting the project, "it is very definitely in the interest of the city."

A request to change the name of a section of Crestbrook rd. between Ellendale and Highland drs. to Greenwood st. received approval of the council.

The council granted a variance to set back requirements in order that a patio cover could be erected at 509 West 11th st.

An amendment to the city's electrical code was approved requiring that the minimum size of service periscope conduits for electrical wires be two inches instead of 1 1/2 inches.

City Manager Robert Duff pointed out that the amendment will make the city's code somewhat more restrictive than the National Electrical code, now followed by the city, but the change is necessary in order to conform to California Oregon Power company regulations.

Two completed projects were accepted by the council. One is the paving of Summit ave. from Mary place to Clark st. The other is the installa-

tion of the Highland dr. storm sewer.

A contract was awarded to M. C. Lininger and Sons to construct a sanitary sewer in the Crestview subdivision. Lininger and Sons had submitted the low bid of \$7,797.75.

Assessment ordinances for the Niantic st. sanitary sewer and Stevens st. water main were approved.

The council granted three requests for extension of contract time on various projects in the city.

One was a 25-day extension requested by the contractor paving Black Oak dr. The second was a 24-day extension for paving Juanipero Way and the third was a 15-day extension for paving Niantic st.

City Manager Duff said the reasons for requesting the extensions in all three cases appeared to be legitimate, and he recommended that they be approved.

The council granted a request for a 45-foot extra wide driveway for Dumas Domestic laundry which is rebuilding at 30 North Riverside ave.

An extra-width driveway was also approved for a proposed 50-unit Drew-Gibbs motel at the juncture of South Riverside and Central aves.

The council agreed to spend \$250 in city money to install a red-amber-green traffic signal at the intersection of Court st. with Edwards st. and Central ave. The new signal will replace a flashing red signal and it is hoped will relieve traffic movement problems at the intersection. The state highway department will pay the other half of the \$500 cost.

Duff indicated that plans for paving Benson st. may be presented to the council at its next meeting. He said the plans would provide for a 45-foot width. Some 55.6 per cent of the property to be benefited by the improvement is now represented on a petition, he said, not counting city property.

the 1960 Republican Candidates

Qualified • Experienced • Effective

PRESIDENT

RICHARD M. NIXON has had more preparation for the duties of the Presidency than any other man in history. An attorney, he was elected to Congress for six years, and then to the U.S. Senate. As Vice-President since 1953, he has been a strong right arm of the President, sharing in every major diplomatic and internal problem facing the nation. Representing the President, he has traveled in 32 foreign countries and gained experience that few government leaders possess.

VICE PRESIDENT

HENRY CABOT LODGE has had more contact with present and future leaders of Communist Russia than any other living American. For seven and one-half years, Ambassador Lodge has served as permanent U.S. representative to the United Nations, providing mature leadership in world diplomacy. His military record in World War II is notable; service in Africa and Europe which earned him six battle stars. Ambassador Lodge also spent thirteen years in the U.S. Senate where he was a member of the Senate Foreign Relations Committee.

U. S. SENATOR

Rarely does a candidate for any office have such a rich background of experience on all levels of government and political life. **ELMO SMITH** is an Oregonian by choice. He was three times Mayor of Ontario, and has served as State Senator from eastern Oregon, President of the Oregon Senate, and Governor of Oregon. He is a tireless civic worker, a man of high intelligence, great vigor, integrity and friendliness. He is dedicated to getting more industry and more jobs for the people of Oregon.

U. S. REPRESENTATIVE

State Senator **EDWIN R. DURNO** proved his effectiveness in the senate of the state legislature where he won the respect and cooperation of fellow legislators from both parties. As a congressman, he would pay attention to the local affairs of the fourth district and the state of Oregon. Domestically, he advocates balancing the budget and holding taxes down through frugal spending; internationally, he believes in leaving U.S. foreign affairs to the proper authorities.

SECRETARY OF STATE

As Secretary of State, **HOWELL APPLING** has a "Straight A" record of Ability, Administrative Efficiency, and Achievement which has earned the respect and admiration of citizens throughout the state. He measures each state problem with this yardstick... what's best for ALL the people. While in office, he has reduced accounting costs, improved service through installation of electronic equipment, and reduced the cost of operating the Department of State by a quarter of a million dollars.

ATTORNEY GENERAL

CARL FRANCIS has served with distinction in the State Legislature continuously since 1943. He has been a member or chairman of various law committees of the House or Senate during that entire time. He is intimately acquainted with the legislative intent of all bills passed during the past 17 years. Carl Francis is supported by both business and labor groups. As attorney general, he would enjoy the cooperation of other state officials; he has the experience and legal knowledge to give sound opinions. As chairman of the interim committee on criminal law, he is eminently qualified to lead the attack on crime and vice.

STATE TREASURER

HOWARD BELTON, our State Treasurer, is one of the most sincere and capable men ever to serve the State of Oregon. As a legislator and a businessman, Howard Belton has earned universal respect for his personal and political integrity, his forthright opinions and his mature and shrewd judgment in financial matters. As State Treasurer, tax dollars for the General Fund earned \$1,151,587.37 MORE interest in the first six months of 1960 than the same period of last year.

STATE REPRESENTATIVE

EVE NYE served in the 1959 session of the legislature. She is a firm believer in the principle that government should be kept as close as possible to the people. In 1960 she will continue her work for legislation which will encourage expansion of industry with accompanying larger payrolls for Oregon. She will concentrate on relief for the property tax payer through shifting some of this burden to a broader tax base. Mrs. Nye believes that Oregon's approach to social problems should combine awareness of growing needs with sound economic policies.

STATE REPRESENTATIVE

JOHN R. DELLENBACK is honest—capable—hard working. He is a former teacher, practicing lawyer, and an Elder in the Presbyterian Church. His service to the community includes the United Medford Crusade, Cancer Society, YMCA, Kiwanis Club and Chamber of Commerce. He is devoted to the long range good of the people and is concerned over the need for real property tax relief, improvement of business climate and educational requirement of our children. John Dellenback is pledged to do his best for all the people of Jackson County as their State Representative.

DISTRICT ATTORNEY

District Attorney nominee **ALAN B. HOLMES** is a practicing attorney with the firm of Boyer & Holmes, having served as Deputy District Attorney from 1955-1957 before forming the present partnership. He is a member of the Oregon State Bar and American Bar Associations, the American Judicature Society and has served as Secretary, Treasurer and First Vice-President of the Jackson County Bar Association. He is presently serving his second term as Municipal Judge for the City of Medford. His election will insure impartial but vigorous prosecution of criminal cases and his experience and background will lend dignity to this office.

COUNTY COMMISSIONER

PAUL B. RYNNING, commissioner, will administer the business of the County to benefit all its citizens without special favors to a few. Through the office of County Engineer and close association with the County Court, he has proven himself to be such a person. Paul B. Rynning advocates a good road program, necessary for the farmer, logger, business man and others. He is a supporter of early acquisition and development of recreational areas.

COUNTY ASSESSOR

HERBERT HUNTER is certified by the State of Oregon as an appraiser and has the additional benefit of 25 years in the building trades. He appreciates the individuality of tax problems and will give considerate attention to any taxpayer who calls on him. If elected, he will institute a tax information program and will encourage and assist you to form your own study groups. It is his desire to bring the assessor's office to the people in order to have the benefit of the thinking of many people.

COUNTY TREASURER

CHESTER (Chet) L. RAPP, a 31 year old native of Jackson County, seeks election to the office of Jackson County Treasurer. Chet, an Air Force veteran, is a graduate of Southern Oregon College. He feels the rapid and progressive growth of Jackson County requires a young, alert and aggressive man, able to cope with the problems and questions that arise. Chet would give this office his FULL TIME AND ATTENTION.

COUNTY SURVEYOR

MARK BOYDEN has the experience to be County Surveyor. He has been Chief Deputy County Surveyor since 1955; registered land surveyor with excellent reputation since 1951; and a graduate civil engineer from Oregon State College. Mark Boyden is progressive—he insists upon accurate surveying, and stresses economy through the use of modern equipment coupled with experience and judgment. He is cooperative with the general public, registered land surveyors, and city and county officials.
