

### Gunnar Deplores GOP Phone Hoax

Grants Pass, Ore. (UPI)—An unidentified person has made phone calls in the Salem area urging Republicans who are Catholics not to vote for Democratic Presidential Candidate John F. Kennedy because he is a Catholic, Oregon GOP Chairman Peter Gunnar said Friday.

M. Nixon, the Republican candidate. Gunnar said he was advised by state GOP headquarters in Salem Friday afternoon that a woman calls and identifies herself as a "Mrs. Jones, of the Republican committee."

### EVE NYE OPPOSES MINIMUM WAGE OF \$1.00

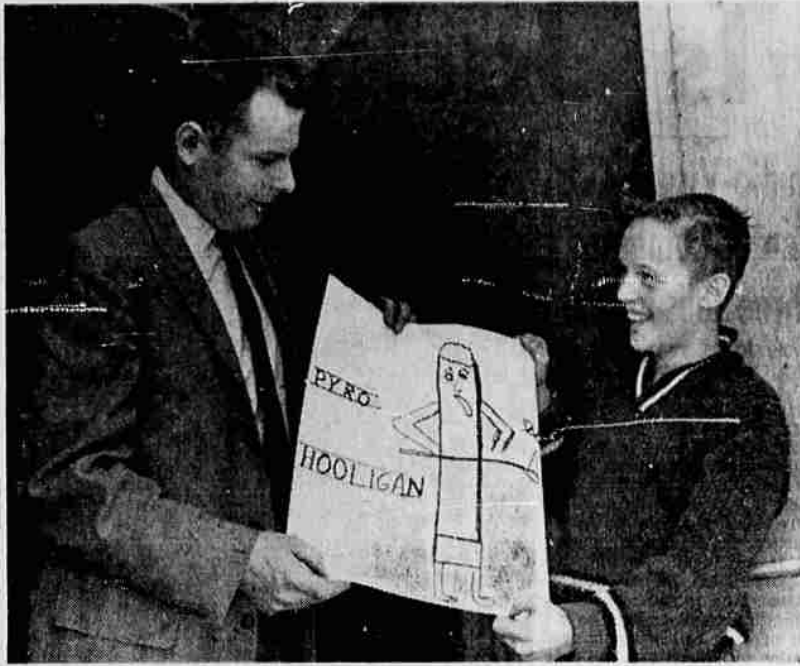

In the 1959 legislature Mrs. Nye voted against the minimum wage bill which would have insured a minimum wage of one dollar an hour for Oregon's working people who have never had any wage protection. Her vote was one of the votes that permit the continuation of 50 to 85 cents an hour wages in this state. These working people are the forgotten people who have no labor union to aid them in acquiring a fair living wage. With such substandard wages the whole economy is harmed from the smallest business man to our largest merchandisers. The vote of Mrs. Nye is a direct affront to the intelligence of every person in Jackson county and the state of Oregon.

Then, Gunnar said, she asks what their registration is and when they replay Republican, she says, "good, we've got to beat that Catholic."

Republican officials heard of the call, Gunnar said, when one Republican woman who had received such a call in Salem telephoned GOP headquarters to complain. In a statement issued here, where he is on a campaign swing, Gunnar said "on behalf of all Republican party officials, I deny any part in this disgusting attempt to lay up on religion."

### SEEKS SUGGESTIONS

Salem (UPI)—A subcommittee of religious leaders to the Attorney General's Crime Prevention Advisory committee is sending out a questionnaire to clergymen and lay citizens throughout the state asking them for suggestions on how churches can best work toward prevention of crime.

POSTER WINNER—Dale Rollins, 12-year-old son of Mr. and Mrs. Willard D. Rollins, 3889 Jacksonville highway, is shown above holding a "rough sketch" of his poster that was chosen as one of the winners in the Woods Hooligan Poster contest sponsored by the Governors Red Hat Days committee last week. Looking at the sketch is William Stoughton, art instructor at McLoughlin Junior High school, where Dale is a student. A sleeping bag, donated by Industrial Forestry association, will be presented to Dale as a prize.

San Diego, Calif. (UPI)—San Diego Zoo officials boasted a "teddy bear," believed to be the first Koala born outside its native Australia.

### FBI Nabs Escaped Killer Through Efforts of Woman

Marysville, Calif. (UPI)—Stanley William Fitzgerald, 39-year-old singing killer, was captured with four teenage companions last night less than a week after they escaped from a Nevada City, Calif., jail.

The five were taken into custody at a roadblock seven miles east of Marysville without resistance, Richard D. Auerback, special agent in charge of the Federal Bureau of Investigation, announced. The capture was made in part through the efforts of a housewife, Mrs. Gladys Claridge, who was tied up and robbed by the five men an hour earlier in her home about 45 miles east of Marysville.

Woman Frees Self Mrs. Claridge freed herself quickly and notified authorities who put out roadblocks for the Claridge automobile which the five escapees stole along with two .22 caliber rifles when they robbed the Claridge home.

Fitzgerald was on the FBI's ten most wanted list prior to being jailed in Nevada City for the murder of one drinking companion and the wounding of another after robbing them of \$800 near Truckee, Calif., Aug. 3.

He was awaiting trial on the charges when he and the four juveniles escaped last Sunday. He had been captured in Portland, Ore.

### Hatfield To Seek Increase in State School Support

Salem (UPI)—Gov. Mark Hatfield announced Friday he will include \$17 million in his 1961-63 budget recommendations so that local property tax relief will be possible by increased state support of elementary and secondary education.

The funds for this purpose are available within existing resources without requiring an increase in present tax rates, Hatfield said.

At present, state school aid totals \$107,632,140. A total of \$5,977,880 will be required under existing law because of increases in the number of school children.

The governor said the additional \$11 million would represent an increase in the rate of state support.

Hatfield warned that unless local school districts exert "effective control of school costs," the increased state aid would fail to provide the tax relief he hopes for.
