

NATIONAL VOTING SETTING RECORD

County Parks Group Organized On State Level

24 Counties Are Represented

Parks Director Robert Haworth and five members of Jackson county's park and recreation commission attended a meeting in Salem during the week end at which a permanent state-wide county parks and recreation association was created.

The meeting was called by the Oregon state parks and recreation division of the state highway department to acquaint counties with both their opportunities and responsibilities in the parks and recreation field.

Haworth said 24 Oregon counties were represented at the one-day conference. These are the counties which have existing parks and recreation programs, he said. The remaining 12 counties in Oregon do not have such programs.

Keep Counties Informed
The association was organized for the purpose of keeping counties informed on what each other is doing in the parks and recreation field and to serve as a means of exchanging information. Charles Collins, Douglas county park superintendent, was elected president of the group.

Haworth said it was pointed out at the conference that counties have the primary responsibility of providing parks and recreation facilities where neither a city nor the state can.

For example, Haworth said, it is the state's policy not to provide park facilities beyond a certain distance from state or federal highways. This means that certain areas in counties which are not near such highways will not have convenient recreation facilities.

It is the county's responsibility to fill such gaps, he pointed out.

Legislation Passed
State enabling legislation has already been passed which permits counties to spend funds for purchasing and developing recreation areas, he said.

Oregon counties are going at a "greater pace" than those in Washington and California in providing recreation facilities for their inhabitants, Haworth noted.

He pointed out that in 1950 there were no counties in Oregon having parks and recreation programs. Now there are 24. This compares to Washington which has only nine counties with parks and recreation programs.

Besides Haworth, those attending the meeting from Jackson county were Robert J. Keeney, chairman of the Jackson county parks and recreation commission; and four commission members - Mrs. Ben Day, Mrs. Marcel Le Pinicic, Gene Eberhardt and John B. Leyen.

Airplane Wreckage Spotted From Air

Auburn, Calif. — (UPI) — A Placer county sheriff's search party set off today to investigate whether aircraft wreckage spotted from the air was that of a missing single engine plane with a Fresno family aboard.

The airplane piloted by Floyd K. Hayhurst, Fresno bus driver, and carrying his wife, Rose; daughter, Kathy 9, and his mother, Mrs. H. J. Imrie, disappeared on a flight from Fresno to Reno Oct. 26.

Supervisor's Proposal Defeated at Conference

A proposal to require the state highway commission to replace in full park and recreation facilities that are needed for highway construction was defeated by only three votes at the Governor's Conference on Children and Youth in Salem during the week end.

Ken Lyons, Medford city recreation supervisor who represented Jackson county at the conference, introduced the proposal and said he feels "it is one of the most worthwhile things we could do for parks and recreation."

His proposal would have required the state to pay for the complete replacement of a park that it took for free-way right of way, rather than just pay a certain amount of money to the city or county in charge.

Lyons said it is his opinion that the state now goes through parks when constructing highways because it

ROY BASHAW To Practice Law

District Court Judge Submits Resignation

Jackson County District Court Judge Roy Bashaw has submitted his resignation to Gov. Mark O. Hatfield. The resignation will become effective Dec. 1.

Bashaw said he desires to resume practicing law. He has been district judge since Jan. 3, 1959.

"Realizing that this will involve the appointment of a successor and the usual problems of orderly transfer of functions, I wish to assure you of my fullest cooperation in that regard," Bashaw wrote to Governor Hatfield.

Governor Hatfield probably will seek a recommendation from the Jackson County Bar association before an appointment is made.

Bashaw plans to join Stanley C. Jones Jr., and Joel B. Reeder in practicing law.

Schools, Offices To Close Friday

Schools, the city hall and county courthouse will be closed on Friday, Veterans day, but most downtown Medford stores will remain open.

Highlights of the Veterans day celebration locally will be one of the largest parades in the city's history and dedication of the new Army Reserve center at 701 North Columbus ave.

The parade will be made up of 45 to 50 units representing veterans groups, the military, the Cattleman's association and local organizations. Parade marshal will be Maj. Gen. William F. Dean (USA ret.).

Starting at 11 a.m. from the corner of Eighth and Ivy st., the parade will wind across town and end back at the Jackson county courthouse. A reviewing stand will be located on Main st. near the railroad crossing.

Dedication of the Army reserve building is scheduled at 12:30 p.m., with Major General Dean delivering the dedication speech.

The Chamber of Commerce advised this morning that most downtown stores will not be closed on Veterans day.

The Mail Tribune will publish a noon edition.

Portland To Call Special Tax Levy

Portland — (UPI) — The Portland School board Monday night decided to call a special tax levy election next March 8. It was estimated to be about \$2 million.

A primary consideration in the levy request will be teacher salaries.

Lyons said he disagreed, however, because when recreation personnel is programming for recreation they need a place to hold these activities, i.e. parks.

WEATHER
FORECAST: Fair through Wednesday, except for poor visibility due to smoke and haze; fog Wednesday morning. Low tonight 32. High tomorrow 58.

Highest Yesterday 55
Lowest This Morning 38

Our Skies Tonight

Sunset today 4:56 p.m.
Sunrise tomorrow 6:53 a.m.
The Moon rises 9:28 p.m. tonight and is in Aries. The bright "star" seen above it is the planet Mars. The orbit of Mars around the Sun is beyond that of the Earth and its mean distance from the Sun is 141.3 million miles.

Catholic Bishops Renew Warning To Puerto Ricans

San Juan, P.R. — (UPI) — Roman Catholic Archbishop James P. Davis warned members of his church anew Monday night it would be a sin to vote for candidates of Gov. Luis Munoz Marin's Popular Democratic party.

In a campaign-closing broadcast a few hours later, Munoz appealed to Puerto Ricans "not to let . . . any church tell you how to vote."

Bitter Campaign
The rival statements wound up one of the most bitterly contested campaigns in the history of this U.S. Caribbean island. At least one person was killed and five were wounded in pre-election violence.

Although it appeared certain that Munoz would win reelection, church opposition was expected to whittle down the majority of 60-odd per cent he has enjoyed in previous elections.

Governor Might Quit
Informed observers said Munoz might quit politics at the end of his next term if he does not win by a substantial majority today.

The governor's seat is the principal stake in today's voting here. Puerto Ricans do not participate in the election of the U.S. president or other major mainland officials.

Msgr. Davis issued his last-minute statement on the elections after conferring with a high-ranking official of Munoz's government, who sought to explain the governor's policies but brought no official statement of his stand.

Equalization Board Holds Meeting

The Jackson county board of equalization met for the first time this fiscal year yesterday, according to County Commissioner Chester Wendt, board member.

County Assessor Ray Schumacher presented the ratio of assessed value to true cash value. This fiscal year it will be about 25 per cent, compared to 28 per cent the previous year, Wendt noted.

The state tax commission requires every county use a basic 25 per cent ratio, but will allow a 10 per cent variation.

The county board has until Dec. 15 to decide on the ratio, Wendt said. The board will meet on Dec. 15 and again in April, the county commissioner said.

Board members are Lynn Newbury, Phoenix, county budget committee member; Wendt, representing the county; and Ed Singmaster, Ashland, lay member. Ray Schumacher is not an official board member, but merely sits with the board and presents his office's findings, Wendt explained.

Jacksonville Not Voting on Control

Jacksonville — There is no dog control measure on today's city election ballot in Jacksonville, according to Mrs. Jean Hewlett, Jacksonville city recorder.

Following several inquiries regarding the dog measure, the Mail Tribune checked with Mrs. Hewlett. She explained that a petition was submitted to the city council last Spring requesting that the measure prohibiting dogs from running at large be placed on the general election ballot.

"At that time, the council agreed that the measure would be placed on the ballot if a measure prohibiting dogs from running at large in Jackson county failed to pass in the May 20 primary election," Mrs. Hewlett said.

"However, the dog ordinance was passed by county voters in the May primary," she said.

Heavy Voter Turnout in Oregon

More Than 700,000 Expected To Cast Ballots by 8 p.m.

Television Networks Assure Gov. Hatfield

Portland — (UPI) — Oregonians turned out in large numbers today to mark their choice for president and decide upon five out of six of the people who will represent the state in Congress.

More than 700,000 persons, a new record, were expected to have cast ballots by 8 p.m. when polls close and the job of tallying up the long paper ballots begins. The weather was partly cloudy.

In addition to choosing between Vice President Richard Nixon, the Republican nominee, and Sen. John F. Kennedy, the Democratic presidential candidate, Oregon voters picked ex-Gov. Elmo Smith, Republican, or Maurine Neuberger, Democrat, for the U.S. Senate. And they decided upon all four House members. Sen. Wayne L. Morse (D-Ore.) is not up for election until 1962.

Hatfield Assured
Gov. Mark Hatfield received telegrams from network television officials regarding his request that no electronic determinations of the outcome be released until polls closed in Oregon.

He was told by Frank Stanton, president of Columbia Broadcasting System, that early CBS broadcasts dealing with computer projections would remind listeners and viewers "that no decisions will be final until each eligible voter has cast his ballot for the candidate of his choice."

John Daly, head of American Broadcasting Co. news, said "You may rest assured that any projection of the vote based on early returns carried by ABC will be clearly labeled as a projection."

Heavy at Ashland
Voting was heavy in the first hours. Extra voting booths were called for in Medford and Portland and Corvallis estimated 18 per cent of their voters had cast ballots by 10 a.m.

In Ashland a veteran poll worker said the turnout was the greatest she had ever seen. A spot check of precincts indicated a heavy turnout and steady voting.

In La Grande, heavier than usual voting was reported with one precinct having more than one fourth of its registered voters in the first two hours. There was a light rain in La Grande.

Coos Bay reported about 11 per cent of the voters turning out in the first two hours. Extremely heavy voting was reported in Pendleton. It was estimated about 40 per cent of the voters had cast ballots in the first few hours.

Surgeon General Approves New Wing

Washington — Final approval of the U. S. surgeon general for federal participation in construction of a new wing on Rogue Valley Memorial hospital has been received.

The office of Congressman Charles O. Porter said the application for \$556,850 in federal Hill-Burton funds was granted today, as recommended by the state board of health.

The application for the funds listed total cost of the 70-bed wing will be \$1,682,550.

Earlier, Charles Gustafson, administrator of the hospital, said bids will be called shortly after final federal approval was received, may be opened within 30 days of that time, and construction started in another month.

The wing will be added to the eastern part of the existing hospital on Barnett rd.

Clark Gable Spends Painful, Fidgety Night
Hollywood — (UPI) — Clark Gable, 59, spent a painful and fidgety night at Presbyterian Hospital where he will remain three weeks because of a heart ailment.

The movie idol's wife, Kay, said today Gable had considerable chest pain.

STEVENS WAIT
Libertyville, Ill. — (UPI) — Former Gov. Adlai E. Stevenson, twice defeated Democratic presidential candidate, stood in line 40 minutes to vote today.

FULL HOUSE—Polling places in Jackson county were scenes of much activity this morning as voters, seemingly anxious to cast their ballots, came forth in heavy numbers. The picture above shows the Wilson school voting booths full to capacity, with some voters marking their ballots in school desks in a corner of the gymnasium. Bright weather, and the fact that both political parties have telephone committees to cast their ballots, came forth in heavy numbers.
